### SAP Certified Associate - Implementation Consultant - SAP SuccessFactors Recruiting: Candidate Experience 認定 C-THR84-2505 試験問題 (Q39-Q44):

#### 質問 # 39

What actions can you take in the Career Site Builder Functions Viewer?

- A. Copy existing functions.
- B. Create new functions.
- **C. Delete existing functions.**
- D. Modify existing functions.

**正解: C**

解説:

Comprehensive and Detailed In-Depth Explanation:

The Functions Viewer in Career Site Builder (CSB) is a diagnostic and management tool for reviewing and managing custom JavaScript functions added to enhance site functionality. Let's evaluate the possible actions:

\* Option A (Delete existing functions): Correct. The Functions Viewer allows administrators to remove custom functions that are no longer needed or causing issues.

\* SAP Documentation Excerpt: From the Career Site Builder Administration Guide: "The Functions Viewer in Career Site Builder enables administrators to view and delete existing custom functions added to the site, providing control over JavaScript enhancements."

\* Reasoning: If a custom chatbot script (e.g., added via CSB > Tools > JavaScript) malfunctions, the Viewer lists it (e.g., "chatFunction.js"), and a delete action removes it to restore stability. This is accessed via CSB > Tools > Functions Viewer.

\* Practical Example: For "Best Run," a consultant deletes a broken "liveChat.js" function, confirming the site reverts to default behavior on careers.bestrun.com.

- \* Option B (Modify existing functions): Incorrect. The Viewer is read-only for modification; changes must be made in the original JavaScript editor (CSB > Tools > JavaScript) and re-uploaded.
- \* Option C (Create new functions): Incorrect. Creation occurs in the JavaScript section, not the Viewer, which is for inspection.
- \* Option D (Copy existing functions): Incorrect. Copying isn't a Viewer feature; it requires manual code duplication in the editor.

#### 質問 # 40

What are the options for enabling the "Hear more about career opportunities" flag (also called "Consent to Marketing") on the candidate profile so that a candidate receives email campaigns? Note: There are 3 correct answers to this question.

- A. The candidate selects "Hear more about career opportunities" when creating an account.
- B. The candidate updates the setting for "Hear more about career opportunities" from their candidate profile.
- C. A back-end script is run to update all candidates' settings for "Hear more about career opportunities".
- D. A recruiter updates the setting for "Hear more about career opportunities" from the candidate's profile.
- E. An Initial Consent email campaign is sent, and if the candidate clicks the opt-in link, the "Hear more about career opportunities" option is enabled.

正解: A、B、E

解説:

Comprehensive and Detailed In-Depth Explanation:

The "Hear more about career opportunities" flag ensures GDPR-compliant consent for email campaigns:

\* Option A (The candidate updates the setting from their candidate profile): Correct. Candidates can opt in/out via their profile settings post-account creation.

\* SAP Documentation Excerpt: From the Candidate Experience Guide: "Candidates may update their 'Hear more about career opportunities' preference directly in their candidate profile, providing flexibility to manage marketing consent."

\* Option C (The candidate selects "Hear more about career opportunities" when creating an account): Correct. During account creation (e.g., via data capture form), candidates can opt in.

\* SAP Documentation Excerpt: From the Career Site Builder Administration Guide: "When creating an account, candidates are presented with an option to select 'Hear more about career opportunities,' enabling consent for email campaigns at the point of registration."

\* Option D (An Initial Consent email campaign is sent, and if the candidate clicks the opt-in link, the option is enabled): Correct. A consent email with an opt-in link updates the flag upon candidate action.

\* SAP Documentation Excerpt: From the Recruiting Marketing Guide: "An Initial Consent email campaign can be sent to candidates, and clicking the opt-in link will enable the 'Hear more about career opportunities' flag, ensuring compliance with consent regulations."

\* Option B (A back-end script is run): Incorrect. Scripts aren't a standard method; consent must be candidate-driven for compliance.

#### 質問 # 41

What are some key features of a fully hosted Career Site Builder (CSB) site? Note: There are 2 correct answers to this question.

- A. When a candidate visits a company's corporate site and clicks a link to view careers, they are directed to the CSB site.
- B. The customer maintains their own career site in addition to the CSB career site.
- C. All information regarding available jobs and additional information pertaining to employment are displayed in the CSB site.
- D. When a candidate visits a company's corporate site and clicks a link to view careers, they are directed to an applicant tracking system.

正解: A、C

#### 質問 # 42

Assume that your customer owns a chain of retail stores. They require talent pools based on attributes of the stores, such as Goods Sold and Store Size. What are the steps to achieve this use case? Note: There are 2 correct answers to this question.

- A. Create custom generic objects for Goods Sold and Store Size.
- B. When naming the talent pool, list all of the attributes and their values.
- C. Use the standard filter fields in SAP SuccessFactors HXM Suite to represent the attributes.
- D. Edit the talent pool and select values for the additional attributes.

正解: A、D

#### 質問 #43

Which of the following candidate registration and authentication options are available with the SAP Customer Data Cloud configuration? Note: There are 3 correct answers to this question.

- A. Password-less Authentication
- B. Multi-Factor Authentication
- C. Registration with SFTP
- D. Registration with SMS
- E. SSL Authentication

正解: A、B、D

#### 質問 #44
