### 최신 PRINCE2 Certification P3O-Foundation 무료 샘플 문제 (Q35-Q40):

질문 # 35

Why is the same function carried out with a different focus by different offices within a P3O model?

- A. To provide appropriate decision support to the customers of each office
- B. To provide ongoing prioritization of change initiatives
- C. To consider risk from a strategic viewpoint
- D. To understand the capability to be delivered by the being supported

정답: A

설명:

The P3O Foundation (2013) manual explains that the same function is performed with different focuses by various P3O offices to provide tailored decision support. Section 5.3.1 states, "Different offices within a P3O model perform the same functions with varying focuses to deliver appropriate decision support tailored to the needs of their specific customers, such as portfolio or programme teams." This contrasts with prioritization (A), capability understanding (B), or strategic risk (D), which are specific outcomes rather than the reason for focus variation. The 2013 edition highlights this customization to meet diverse organizational

needs, enhancing efficiency and relevance. This approach supports effective governance across levels.

**질문 # 36**

Which is NOT a typical factor that may affect the design of a P3O model?

- A. Challenge to current culture
- B. Size of the organization
- C. Organizational PPM maturity
- D. Geographical divisions

**정답: A**

**설명:**

The P3O Foundation (2013) manual lists organizational PPM maturity, geographical divisions, and size as typical design factors, but not a challenge to current culture. Section 5.2.1 states, "The design of a P3O model is influenced by organizational PPM maturity, geographical spread, and organizational size." A challenge to current culture (D) is an implementation barrier, not a design factor (Section 4.2.3). The 2013 edition focuses design on structural and maturity considerations, addressing cultural challenges separately. This distinction ensures a tailored yet feasible P3O structure.

**질문 # 37**

What is defined as the decision-enabling and support business model for all business change within an organization?

- A. Programme
- B. Project
- C. Portfolio
- D. P3O

**정답: D**

**설명:**

The P3O is defined as the decision-enabling and support business model for all business change within an organization, per the P3O Foundation (2013) manual. Section 2.1.2 states, "P3O is the decision-enabling and support business model that brings together a set of principles, processes, and techniques to facilitate the management of portfolios, programmes, and projects." This distinguishes it from programmes (A), which coordinate projects, projects (C), which are individual efforts, and portfolios (D), which oversee multiple initiatives. The 2013 edition underscores P3O's overarching role in providing governance and support structures, ensuring strategic alignment across all change activities. This framework is essential for effective decision-making and resource management. Reference: P3O Foundation (2013) manual, Section 2.1.2, AXELOS.

**질문 # 38**

Which describes the people or skills required for a Portfolio Office?

- A. Should be resourced with people wanting to move into project management
- B. Should be resourced with a large number of administrative staff
- C. Skills of Portfolio Office staff are the same as those for a role in a COE
- D. Needs enough people who are able to interpret and challenge data

**정답: D**

**설명:**

The P3O Foundation (2013) manual indicates that a Portfolio Office requires staff skilled in interpreting and challenging data. Section 3.5.3 states, "The Portfolio Office should be staffed with individuals capable of interpreting complex data, challenging assumptions, and providing analytical support to inform portfolio decisions." This contrasts with aspirations for project management (A), identical COE skills (B), or heavy administrative staffing (D), which do not align with the analytical focus. The 2013 edition emphasizes the need for analytical expertise to support portfolio prioritization and risk management, ensuring strategic decision-making. This skill set is critical for the Portfolio Office's role in providing high-level support and insights.

### 질문 # 39

Which of the following are recommended for the implementation of a P3O model?

1. Follow a recognized programme or project methodology
2. Define a budget and associated timescales to deliver
3. Appoint a P3O Sponsor
4. Use a programme approach to implement a single office P3O staffed by one individual

- A. 1,3,4
- B. 2,3,4
- C. 1,2,3
- D. 1,2,4

정답: C

설명:

The P3O Foundation (2013) manual recommends following a recognized methodology, defining a budget and timescales, and appointing a P3O Sponsor for implementation. Section 4.2.1 states, "Implementation should follow a recognized programme or project methodology, include a defined budget and timescales, and involve appointing a P3O Sponsor to provide leadership." However, using a programme approach for a single- office P3O staffed by one individual (4) is not recommended due to scalability and governance issues. The

2013 edition emphasizes a structured approach to ensure success, with the Sponsor driving strategic alignment and methodology providing a framework. Options B, C, and D include the impractical fourth element, making A the correct choice for a robust implementation process.
