New Exam 1Y0-205 Materials | Trustworthy 1Y0-205 Dumps

In addition to the free download of sample questions, we are also confident that candidates who use 1Y0-205 Test Guide will pass

the exam at one go. Citrix Virtual Apps and Desktops Administration prep torrent is revised and updated according to the latest changes in the syllabus and the latest developments in theory and practice. After you pass the exam, if you want to cancel your account, contact us by email and we will delete all your relevant information. Second, the purchase process of Citrix Virtual Apps and Desktops Administration prep torrent is very safe and transactions are conducted through the most reliable guarantee platform.

Citrix Virtual Apps and Desktops Administration Sample Questions (Q32-Q37):

NEW QUESTION # 32

A Citrix Administrator is creating a Pooled/Random catalog using Machine Creation Services (MCS). Which service on the Citrix Delivery Controller will enable the communication to the Hypervisor?

- A. Citrix Environment Test Service
- B. Citrix Broker Service
- C. Citrix Hypervisor Service
- **D. Citrix Host Service**

Answer: D

Explanation:

The Citrix Host Service on the Delivery Controller manages communication with the hypervisor. It enables Machine Creation Services (MCS) to provision, power manage, and update virtual machines in pooled or random catalogs.

NEW QUESTION # 33

A Citrix Administrator is concerned about the TCP overhead associated with Citrix HDX connections. There are concerns about latency and TCP overhead associated with setting up a connection to Virtual Delivery Agent (VDA) resources. What technology should be deployed to move connections to UDP and improve the quality of the user experience?

- A. Browser Content Redirection
- B. Microsoft Teams Optimization
- C. Citrix Optimizer
- **D. HDX Adaptive Transport**

Answer: D

Explanation:

HDX Adaptive Transport uses Citrix's Enlightened Data Transport (EDT) protocol, which runs over UDP instead of TCP. This reduces latency, minimizes TCP overhead, and improves the quality and responsiveness of HDX sessions, especially in high-latency or lossy network conditions.

NEW QUESTION # 34

Scenario: A Citrix Administrator configures the 'Auto connect client drives' user settings to map client drives within the HDX session for all published desktops. The setting is configured in a Baseline Group Policy Object (GPO) and linked to an Organizational Unit (OU) that contains all of the published desktops. When a user launches the desktop, client drives are NOT mapped. What is a possible reason?

- **A. Loopback processing is NOT enabled.**
- B. gpupdate /force needs to be executed on all of the machines.
- C. The GPO needs to be linked to the User OU.
- D. Desktops need to be restarted for the policy to be applied.

Answer: A

Explanation:

User settings in a GPO linked to a machine OU only apply if loopback processing is enabled.

Since the "Auto connect client drives" setting is a user policy but applied at the desktop OU level, loopback processing must be enabled for the policy to take effect within the HDX sessions.

NEW QUESTION # 35

What are two methods of configuring AutoScale to power on machines as needed? (Choose two.)

- A. Desktop-Based
- B. Load-Based
- C. Schedule-Based
- D. Server-Based
- E. Host-Based

Answer: B,C

Explanation:

AutoScale can be configured using a schedule-based method, where machines power on/off according to defined time schedules, and a load-based method, where machines are powered on/off dynamically in response to user demand and load conditions. These two methods ensure resource optimization while maintaining user experience.

NEW QUESTION # 36

A Citrix Administrator is tasked with configuring Autoscale in an on-prem Citrix Virtual Apps and Desktops environment. However, when launching Citrix Studio and locating the Delivery Group, the option to Manage Autoscale is missing. What must the administrator do to enable and configure Autoscale using a GUI interface?

- A. use PowerShell to enable Autoscale
- B. Enable Autoscale using a Citrix Policy
- C. Enable Autoscale using a GPO
- D. Use Citrix Web Studio instead of Citrix Studio

Answer: D

Explanation:

Autoscale management is only available through Citrix Web Studio, not the traditional Citrix Studio console. To enable and configure Autoscale with a GUI, the administrator must use Web Studio.

NEW QUESTION # 37

.....

ExamPrepAway has built customizable Citrix 1Y0-205 practice exams (desktop software & web-based) for our customers. Users can customize the time and 1Y0-205 questions of Citrix 1Y0-205 Practice Tests according to their needs. You can give more than one test and track the progress of your previous attempts to improve your marks on the next try.
