The PRINCE2 7 Foundation written Exam (PRINCE2-Foundation) is designed after consulting with a lot of professionals and getting their reviews.

## How to study the PR2F Exam

There are two main types of resources for preparation of certification exams first there are the study guides and the books that are detailed and suitable for building knowledge from ground up then there are video tutorial and lectures that can somehow ease the pain of through study and are comparatively less boring for some candidates yet these demand time and concentration from the learner. Smart Candidates who want to build a solid foundation in all exam topics and related technologies usually combine video lectures with study guides to reap the benefits of both but there is one crucial preparation tool as often overlooked by most candidates the practice exams. Practice exams are built to make students comfortable with the real exam environment. Statistics have shown that most students fail not due to that preparation but due to exam anxiety the fear of the unknown. Itcertking expert team recommends you to prepare some notes on these topics along with it don't forget to practice **Exin PR2F exam dumps** which been written by our expert team, Both these will help you a lot to clear this exam with good marks.

During the exam, candidates will be tested in areas such as project planning, analytical thinking, and critical decision making.

## PRINCE2 7 Foundation written Exam Sample Questions (Q119-Q124):

### NEW QUESTION # 119

The project manager needs to plan the reviews to confirm whether the expected measurable improvements have been achieved. Which management product should the project manager produce?

- A. Quality management approach
- B. Business case
- C. End project report
- **D. Benefits management approach**

**Answer: D**

Explanation:

The 'benefits management approach' is the management product the project manager should produce to plan reviews for confirming whether the expected measurable improvements have been achieved. This approach outlines how and when the benefits of the project are to be measured and assessed, aligning the project's deliverables with the intended outcomes.

PRINCE2 7 Foundation documentation on benefits management.
