

ADA-C02 Online Lab Simulation - ADA-C02 Reliable Exam Testking

The whole world of ADA-C02 preparation materials has changed so fast in the recent years because of the development of internet technology. We have benefited a lot from those changes. In order to keep pace with the development of the society, we also need to widen our knowledge. If you are a diligent person, we strongly advise you to try our ADA-C02 real test. You will be attracted greatly by our ADA-C02 practice engine. .

The online version of ADA-C02 study materials are based on web browser usage design and can be used by any browser device. The first time you open ADA-C02 study materials on the Internet, you can use it offline next time. ADA-C02 study materials do not need to be used in a Wi-Fi environment, and it will not consume your traffic costs. You can practice with ADA-C02 study materials at anytime, anywhere. On the other hand, the online version has a timed and simulated exam function. You can adjust the speed and keep vigilant by setting a timer for the simulation test. At the same time online version of ADA-C02 Study Materials also provides online error correction—Through the statistical reporting function, it will help you find the weak links and deal with them. Of course, you can also choose two other versions. The contents of the three different versions of ADA-C02 study materials are the same and all of them are not limited to the number of people/devices used at the same time.

ADA-C02 Pass-Sure Cram - ADA-C02 Quiz Guide & ADA-C02 Exam Torrent

To get prepared for the SnowPro Advanced Administrator ADA-C02 (ADA-C02) certification exam, applicants face a lot of trouble if the study material is not updated. They are using outdated materials resulting in failure and loss of money and time. So to solve all these problems, TorrentVCE offers actual ADA-C02 Questions to help candidates overcome all the obstacles and difficulties they face during ADA-C02 examination preparation.

Snowflake SnowPro Advanced Administrator ADA-C02 Sample Questions (Q23-Q28):

NEW QUESTION # 23

What are benefits of using Snowflake organizations? (Choose two.)

- A. Administrators can simplify data movement across all accounts within the organization.
- B. Administrators can change Snowflake account editions on-demand based on need.
- C. Administrators have the ability to create accounts in any available cloud provider or region.
- D. Administrators can monitor and understand usage across all accounts in the organization.
- E. User administration is simplified across all accounts within the organization.

Answer: C,D

Explanation:

Snowflake organizations provide centralized usage monitoring across all accounts in the organization and give administrators the ability to create accounts in any supported cloud provider or region. These are the key benefits of using organizations in Snowflake.

NEW QUESTION # 24

What access control policy will be put into place when future grants are assigned to both database and schema objects?

- A. Database, privileges will take precedence over schema privileges.
- **B. Schema privileges will take precedence over database privileges.**
- C. An access policy combining both the database object and the schema object will be used, with the most restrictive policy taking precedence.
- D. An access policy combining both the database object and the schema object will be used, with the most permissive policy taking precedence.

Answer: B

Explanation:

When future grants are set at both the database and schema levels, schema-level future grants take precedence over database-level grants for objects created within that schema.

NEW QUESTION # 25

A retailer uses a TRANSACTIONS table (100M rows, 1.2 TB) that has been clustered by the STORE_ID column (varchar(50)). The vast majority of analyses on this table are grouped by STORE_ID to look at store performance.

There are 1000 stores operated by the retailer but most sales come from only 20 stores. The Administrator notes that most queries are currently experiencing poor pruning, with large amounts of bytes processed by even simple queries.

Why is this occurring?

- **A. Sales across stores are not uniformly distributed.**
- B. The STORE_ID should be numeric.
- C. The table is not big enough to take advantage of the clustering key.
- D. The cardinality of the stores to transaction count ratio is too low to use the STORE_ID as a clustering key.

Answer: A

Explanation:

Clustering is effective when data distribution across the clustering key is relatively uniform. In this case, most transactions are concentrated in only 20 of the 1000 stores, leading to skewed data distribution. This imbalance causes poor pruning, since large portions of micro-partitions still need to be scanned, even for queries targeting specific stores.

NEW QUESTION # 26

Which tasks can be performed by the ORGADMIN role? (Choose three.)

- **A. Create one or more accounts in the organization.**
- B. Create secure views on application tables within the organization.
- C. Create a reader account to share data with another organization.
- **D. View usage information for all accounts in the organization.**
- **E. View a list of all regions enabled for the organization.**
- F. Perform zero-copy cloning on account data.

Answer: A,D,E

Explanation:

The ORGADMIN role can create accounts in the organization, view all enabled regions, and access usage information across all organization accounts. Creating secure views and zero-copy cloning are not ORGADMIN tasks. Reader accounts can be created, but only for sharing within the same organization, not with another organization.

NEW QUESTION # 27

In which scenario will use of an external table simplify a data pipeline?

- A. When continuously writing data from a Snowflake table to external storage
- B. When accessing a Snowflake table from a relational database
- C. When accessing a Snowflake table from an external database within the same region
- **D. When accessing a Snowflake table that references data files located in cloud storage**

Answer: D

Explanation:

External tables in Snowflake are specifically designed to reference and query data files located in external cloud storage. This simplifies data pipelines by allowing direct SQL access to external data without the need for loading it into Snowflake.

NEW QUESTION # 28

.....

Some of our customers are white-collar workers with no time to waste, and need a Snowflake certification urgently to get their promotions, meanwhile the other customers might aim at improving their skills. So we try to meet different requirements by setting different versions of our ADA-C02 question dumps. The first one is online ADA-C02 engine version. As an online tool, it is convenient and easy to study, supports all Web Browsers and system including Windows, Mac, Android, iOS and so on. You can practice online anytime and check your test history and performance review, which will do help to your study. The second is ADA-C02 Desktop Test Engine. As an installable ADA-C02 software application, it simulated the real ADA-C02 exam environment, and builds 200-125 exam confidence. The third one is Practice PDF version. PDF Version is easy to read and print. So you can study anywhere, anytime.
