Latest M2 Braindumps - M2 Exam Fee

All of the traits above are available in this web-based M2 practice test of Exams-boost. The main distinction is that the International Code Council M2 online practice test works with not only Windows but also Mac, Linux, iOS, and Android. Above all, taking the M2 web-based practice test while preparing for the examination does not need any software installation. Furthermore, MS Edge, Internet Explorer, Opera, Safari, Chrome, and Firefox support the web-based International Code Council M2 practice test of Exams-boost.

International Code Council Commercial Mechanical Inspector Sample Questions (Q11-Q16):

NEW QUESTION # 11

ERV systems shall not be installed in which of the following except:

- A. exhaust systems emitting corrosive materials.
- B. equipment designed to assist in the evacuation of occupants.
- C. common exhaust systems for clothes dryers.
- D. systems utilizing coil-type exchangers.

Answer: D

Explanation:

The IMC prohibits energy recovery ventilation systems in several applications, including hazardous exhaust systems, smoke control systems, commercial kitchen exhaust systems, and clothes dryer exhaust systems. Equipment intended to assist with occupant evacuation falls under smoke-control/life-safety type applications and is not an allowed ERV use. By contrast, systems utilizing coil-

type exchangers are the exception among the listed choices because they are not one of the prohibited applications in this question. Therefore, Option A is correct.

NEW QUESTION # 12

A low-pressure steam heating boiler is a boiler furnishing a maximum steam pressure of _____ psi.

- A. [option text not fully visible in the material you sent]
- **B. 0**
- C. [option text not fully visible in the material you sent]
- D. 1

Answer: B

Explanation:

A low-pressure steam heating boiler is defined as a boiler furnishing steam at pressures not exceeding 15 psi . That matches Option B .

NEW QUESTION # 13

Shutoff valves in plastic pipe ground-source heat pump loop systems shall be installed on both sides of which one of the following?

- A. Heat-fusion joints
- B. Expansion tanks
- **C. Pressure-reducing valves**
- D. Change-in-material joints

Answer: C

Explanation:

In the IMC hydronic piping provisions for ground-source heat pump loop systems, shutoff valves are required on both sides of a pressure-reducing valve . That matches D . Heat-fusion joints and change-in-material joints do not trigger this two-sided shutoff-valve requirement.

NEW QUESTION # 14

What is the maximum distance allowed below the design flood elevation from which ventilation may be obtained?

- A. 0 inches
- B. 6 inches
- C. 2 feet
- **D. 1 foot**

Answer: D

Explanation:

This question appears to contain a wording issue. In ICC flood-related provisions tied to ventilation/flood openings, the governing limit is that the opening location is not more than 1 foot relative to the reference grade condition used for flood-opening compliance. That corresponds to 1 foot , so Option C is the best- supported answer.

NEW QUESTION # 15

Solid-fuel cooking equipment:

- **A. shall be vented through a separate hood and exhaust system**
- B. is permitted to be installed under Type II canopy-type hoods.
- C. is permitted to be installed under Type II noncanopy-type hoods.
- D. is permitted to be installed under common canopy-type hoods with other cooking equipment.

Answer: A

Explanation:

Solid-fuel cooking equipment requires a separate hood and exhaust system. It is not permitted to share the same hood/exhaust arrangement in the manner suggested by the other choices. This is a standard commercial kitchen exhaust requirement because of the added fire and residue hazards associated with solid-fuel appliances.

NEW QUESTION # 16

.....

Maybe you still have doubts about our M2 study materials. You can browser our official websites. We have designed a specific module to explain various common questions such as installation, passing rate and so on. If you still have other questions about our M2 Exam Questions, you can contact us directly via email or online, and we will help you in the first time with our kind and professional suggestions. All in all, our M2 training branddumps will never let you down.

Latest M2 Branddumps: <https://www.exams-boost.com/M2-valid-materials.html>

We provide the latest and exact M2 exam quiz to our customers and you will be grateful if you choose our exam torrent and gain what you are expecting in the shortest time, All in all, you will have a comprehensive understanding of various M2 practice materials, With an overall 20-30 hours' training plan, you can also make a small to-do list to remind yourself of how much time you plan to spend in a day with M2 latest pdf vce, After using our M2 learning materials, you will find that things that have been difficult before have become simple.
