The first format is Certified Pega Decisioning Consultant 25 PDF dumps which is printable and portable. It means students can save it on their smart devices like smartphones, tablets, and laptops. The Certified Pega Decisioning Consultant 25 (PEGACPDC25V1) PDF dumps format can be printed so that candidates don't face any issues while preparing for the Certified Pega Decisioning Consultant 25 exam.

Pegasystems Certified Pega Decisioning Consultant 25 Sample Questions (Q15-Q20):

NEW QUESTION # 15

Which of the following reasons explains why a customer might receive an action that they already accepted?

- A. The actions are filtered based on eligibility.
- B. The action suitability conditions are not defined.
- C. The volume constraint is not set to exclude previously accepted offers.
- D. The suppression rules are not defined to exclude previously accepted actions.

Answer: C

Explanation:

A customer might receive an action that they already accepted if the volume constraint for that action is not configured to exclude previously accepted offers. This option can be enabled by selecting the Exclude previously accepted actions checkbox in the volume constraint configuration. The action suitability conditions are used to determine whether an action is suitable for a customer based on their propensity, priority, or other criteria, not based on their previous responses. The suppression rules are used to exclude

customers from receiving an action based on certain conditions, such as opt-out preferences or recent purchases, not based on their previous responses. The actions are filtered based on eligibility before applying the volume constraints, so this option does not explain why a customer might receive an action that they already accepted. NEW QUESTION # 16

GlobalRetail operates in a fast-changing digital marketplace where customer preferences and competitor offers change weekly. Their marketing team struggles with lengthy approval processes that prevent quick responses to market trends, often causing them to miss critical engagement opportunities.

What does agility represent in the context of customer engagement projects?

- A. Eliminating all testing requirements to completely accelerate software deployment cycles
- B. Automating all business processes through artificial Intelligence and machine learning algorithms
- C. An organization's ability to react quickly to marketplace changes and emerging trends
- D. Outsourcing decision-making processes to external vendors for faster implementation speeds

Answer: C

NEW QUESTION # 17

Acme Retail uses Pega Customer Decision Hub to present various offers to its customers. The company notices that some high-value customers are not receiving any offers. The marketing team wants to identify these underserved customers.

Which tool in Pega Customer Decision Hub can Acme Retail use to identify segments of customers who are not receiving relevant offers?

- A. Scenario Planner
- B. Value Finder
- C. CDH Assistant
- D. Application Overview

Answer: B

NEW QUESTION # 18

U+ Bank, a retail bank, uses the Business Operations Environment to perform its business changes. The bank carries out these changes in the Pega Customer Decision Hub portal by using revision management features or the 1:1 Operations Manager portal.
