Ensure Success In Exam With PRAXIS Business-Education-Content-Knowledge-5101 PDF Questions

As old saying goes, god will help those who help themselves. So you must keep inspiring yourself no matter what happens. At present, our Business-Education-Content-Knowledge-5101 exam materials are able to motivate you a lot. Our products will help you overcome your laziness. And you will become what you want to be with the help of our Business-Education-Content-Knowledge-5101 learning questions. You can realize and reach your dream. Also, you will have a pleasant learning of our Business-Education-Content-Knowledge-5101 study quiz.

PRAXIS Praxis Business Education: Content Knowledge (5101)Exam Sample Questions (Q79-Q84):

NEW QUESTION # 79

Which of the following steps should always be completed before entering records in a database software file?

- A. Determining the number of records to be input
- B. Defining the fields for the record layout
- C. Developing formulas for processing the data
- D. Designing the output layout

Answer: B

Explanation:
Before entering records in a database, defining the fields for the record layout is essential to establish the structure, including data types and field names, ensuring accurate data entry and retrieval. Option A (number of records) is useful for planning but not mandatory. Option B (output layout) is relevant for reporting, not data entry preparation. Option C (formulas) applies to data processing, not initial setup. This question aligns with the Information Technology category, emphasizing database management. Reference:ETS Praxis Business Education: Content Knowledge (5101) Study Companion, Section on Information Technology; Database Systems: Design, Implementation, and Management, Chapter 4.

NEW QUESTION # 80

If a mortgage has a 12% annual rate of interest and a $45,375 principal balance at the start of June, what will the principal balance be at the end of June after a $650 payment is made?

- A. $44,731.50
- B. $44,725.00
- C. $45,172.25
- D. $45,178.75

Answer: D

Explanation:
To calculate the new principal balance, first determine the monthly interest. The annual interest rate is 12%, so the monthly rate is 12% ÷ 12 = 1% or 0.01. The interest for June is 0.01 × $45,375 = $453.75. The $650 payment is applied first to interest ($453.75), leaving $650 # $453.75 = $196.25 to reduce the principal. New principal = $45,375 # $196.25 = $45,178.75. Option A, B, and C miscalculate the interest or principal reduction. This question tests mortgage calculations in the Accounting and Finance category.
Reference:ETS Praxis Business Education: Content Knowledge (5101) Study Companion, Section on Accounting and Finance; Principles of Finance, Chapter 5.

NEW QUESTION # 81

Which of the following is a primary reason for a country to employ the policy of protectionism?

- A. New jobs are created in areas such as global trade.
- B. Consumers have more choice in the variety, price, and quality of products.
- C. Foreign competition can lower the demand for products made domestically.
- D. Competition forces businesses to be more efficient and productive.

Answer: C

Explanation:
Protectionism, such as tariffs or quotas, is used to shield domestic industries from foreign competition, which can reduce demand for local products. Option A (new jobs in trade) is not a primary reason, as protectionism focuses on existing industries. Option B (consumer choice) is reduced by protectionism. Option D (efficiency) is a benefit of free trade, not protectionism. This question aligns with the Economics category, focusing on trade policy.
Reference:ETS Praxis Business Education: Content Knowledge (5101) Study Companion, Section on Economics; International Economics, Chapter 9.

NEW QUESTION # 82

Which of the following types of interviews should be conducted to ensure that assessments by key people are included in the hiring process?

- A. Structured interviews
- B. Behavioral interviews
- C. Sequential interviews
- D. Stress interviews

Answer: C

Explanation:
Sequential interviews involve multiple interviewers, often key stakeholders, assessing a candidate in separate sessions, ensuring diverse perspectives in the hiring process. Option A (behavioral interviews) focuses on past behavior but does not inherently include multiple assessors. Option B (stress interviews) tests candidate resilience, not broad assessment. Option D (structured interviews) uses standardized questions but does not guarantee multiple evaluators. This question aligns with the Communication and Career Development category, focusing on hiring practices.
Reference:ETS Praxis Business Education: Content Knowledge (5101) Study Companion, Section on Communication and Career Development; Human Resource Management, Chapter 7.

NEW QUESTION # 83
The primary goal of just-in-time inventory planning is to

- A. reduce ordering costs
- B. increase the space allocated for storing inventory
- C. reduce the amount of inventory kept on hand
- D. reduce the likelihood of running out of inventory

Answer: C

Explanation:
Just-in-time (JIT) inventory planning aims to minimize inventory levels by receiving goods only as needed, reducing storage costs and waste. Option A (ordering costs) is a secondary benefit. Option C (avoiding stockouts) is a concern but not the primary goal. Option D (increasing storage) contradicts JIT principles. This question aligns with theManagement and Marketing category, emphasizing operations management.
Reference:ETS Praxis Business Education: Content Knowledge (5101) Study Companion, Section on Management and Marketing; Operations Management, Chapter 12.

NEW QUESTION # 84
......
