NEW QUESTION # 154

Oklahoma resident Joe served in the military the past 4 years. When he returned and tried to reinstate his individual health insurance policy, he was denied coverage. His producer stated that because he was covered under a government plan he would be required to be re-underwritten as a new applicant subject to more restrictive coverage and increased premiums. Which of the following is TRUE?

- A. Joe is subject to being re-underwritten in terms of his current health conditions because he cannot be penalized with more restrictive coverage.
- B. Joe cannot be denied reinstatement in his prior individual health insurance policy unless the federal government denies him coverage based on health conditions unrelated to his military service.
- C. Joe is not required to undergo the initial underwriting process but he cannot be reinstated under his personal plan unless he is free of pre-existing conditions.
- **D. Joe cannot be denied reinstatement into his same individual health insurance policy that lapsed as a result of Joe becoming covered by a government-sponsored health plan.**

Answer: D

Explanation:

Under the federal Uniformed Services Employment and Reemployment Rights Act (USERRA) (38 U.S.C.

§ 4317) and Oklahoma's insurance regulations (Title 36 O.S. § 4405), military members whose individual health insurance lapsed due to active duty and coverage under a government-sponsored plan (e.g., TRICARE) are entitled to reinstatement of their prior policy without re-underwriting or new pre-existing condition exclusions, provided they apply within a specified period (typically 120 days) after leaving service. Joe cannot be denied reinstatement due to his military service coverage.

* Option A: Incorrect. Joe is not subject to re-underwriting for reinstatement post-military service.

* Option B: Incorrect. Joe does not need to be free of pre-existing conditions for reinstatement.

* Option C: Correct. Joe cannot be denied reinstatement of his lapsed policy due to government plan coverage.

* Option D: Incorrect. Federal government denial is irrelevant; USERRA protects reinstatement rights.

NEW QUESTION # 155

Benefits required under the child immunization coverage shall NOT be subject to

- A. a deductible.
- B. a set immunization schedule.
- C. an annual maximum number of immunizations.
- **D. a prior authorization.**

Answer: D

Explanation:

Oklahoma insurance regulations mandate that health insurance policies providing child immunization coverage must not impose certain restrictions that could limit access to these benefits. Specifically, the Oklahoma Insurance Code, Title 36 O.S. § 6060.3, states that "benefits for immunizations required under child immunization coverage shall not be subject to prior authorization requirements." This ensures that children can receive necessary immunizations without delays caused by insurer approval processes. The Oklahoma Life, Accident, and Health or Sickness Producer Study Guide further clarifies, "Child immunization benefits must be provided without prior authorization to promote timely access to preventive care. However, benefits may still follow a recommended immunization schedule or be subject to other policy terms like deductibles, unless otherwise specified." Options A, B, and D are not explicitly prohibited under the law, making option C the correct answer.

Long-Term Care Policies exclude coverage for all of the following EXCEPT

- A. self-inflicted injuries.
- B. alcoholism or drug addiction.
- C. acts of war while serving in the military.
- D. Alzheimer's disease.

Answer: D

Explanation:

Long-Term Care (LTC) policies cover services for individuals with chronic conditions or disabilities, such as assistance with activities of daily living. Oklahoma regulations (Title 36 O.S. § 4426.1) allow LTC policies to exclude coverage for conditions like alcoholism or drug addiction, acts of war (especially military service), and self-inflicted injuries, as these are considered high-risk or intentional. However, Alzheimer's disease is a core condition typically covered by LTC policies, as it is a common cause of long-term care needs.

* Option A: Incorrect (excluded). Alcoholism or drug addiction is often excluded unless treatment is completed.

* Option B: Incorrect (excluded). Acts of war, especially in military service, are standard exclusions.

* Option C: Incorrect (excluded). Self-inflicted injuries are excluded as intentional acts.

* Option D: Correct (not excluded). Alzheimer's disease is typically covered by LTC policies.
