

CMMC-CCP New Question - CMMC-CCP Customizable Exam Mode

CMMC CCP PRACTICE EXAM QUESTIONS (DERIVED FROM SHANE'S PRACTICE TEST AND DIRECTLY FROM THE CAP) QUESTIONS WITH COMPLETE SOLUTIONS!!

What is a CUI Asset? Answer - Asset that stores, processes, or transmits CUI
Examples: Servers, Printers, Endpoints, Cloud Services, ERP Systems

Where do you document a CUI Asset? Answer - Document in Asset Inventory
Document in SSP
Document in Network Diagram

What practices do you apply to a CUI Asset? Answer - CMMC Level 2

What does CMMC stand for? Answer - Cybersecurity Maturity Model Certification

How many controls are in CMMC L2? Answer - 110 controls

What impact level is required when storing CUI? Answer - IL4

What contract clause is used for CMMC L1? Answer - FAR 52.204-21 (17 practices in total)

If you want to be CMMC L2 compliant, do you need to also be CMMC L1 compliant?
Answer - Yes

What do you call the part before the first period in the following control? AC.L1-3.1.1
Answer - Domain

What do you call the part after the first period in the following control? AC.L1-3.1.1
Answer - Level

What do you call the part after the dash in the following control? AC.L1-3.1.1
Answer - Security Practice Number

What is confidentiality? Answer - Information Access and disclosure includes means for protecting personal privacy and proprietary information.

P.S. Free 2026 Cyber AB CMMC-CCP dumps are available on Google Drive shared by DumpsValid:
https://drive.google.com/open?id=1zb8wqbS81rSS_CxXStqDX9YgLj4Pm-F0

It is known to us that getting the CMMC-CCP certification has become more and more popular for a lot of people in different area, including students, teachers, and housewife and so on. Everyone is desired to have the CMMC-CCP certification. Our CMMC-CCP Exam Dumps Question is very necessary for you to try your best to get the certification in a short time. CMMC-CCP Exam Braindumps is willing to give you a hand to pass the exam. CMMC-CCP Exam Torrent will be the best study tool for you to get the certification

Cyber AB CMMC-CCP Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">CMMC Governance and Source Documents: This section of the exam measures the capabilities of legal or compliance advisors, covering key regulatory frameworks that govern cybersecurity compliance. Topics include Federal Contract Information, Controlled Unclassified Information, the role of NIST SP 800-171, DFARS, FAR, and the structure and requirements of CMMC v2.0, including self-assessments and certification levels.

Topic 2	<ul style="list-style-type: none"> • CMMC Assessment Process (CAP): This section of the exam measures the planning and execution skills of audit and assessment professionals, covering the end-to-end CMMC Assessment Process. This includes planning, executing, documenting, reporting assessments, and managing Plans of Action and Milestones (POA&M) in alignment with DoD and CMMC-AB methodology.
Topic 3	<ul style="list-style-type: none"> • CMMC Ecosystem: This section of the exam measures the skills of consultants and compliance professionals and focuses on the different roles and responsibilities across the CMMC ecosystem. Candidates must understand the functions of entities such as the Department of Defense, CMMC-AB, Organizations Seeking Certification, Registered Practitioners, and Certified CMMC Professionals, as well as how the ecosystem supports cybersecurity standards and certification.

Latest CMMC-CCP New Question Covers the Entire Syllabus of CMMC-CCP

The great reputation of our CMMC-CCP study materials has earned the title “the model study material for the test certification” for us. Our assiduous pursuit for high quality of our products creates our top-ranking CMMC-CCP study materials and constantly increasing sales volume. Our company has forged a group of professional experts with the excelsior craftsmanship and a mature service system. The quality of our CMMC-CCP Study Materials is high because our experts team organizes and compiles them according to the real exam’s needs and has extracted the essence of all of the information about the test.

Cyber AB Certified CMMC Professional (CCP) Exam Sample Questions (Q131-Q136):

NEW QUESTION # 131

While conducting a CMMC Assessment, a Lead Assessor is given documentation attesting to Level 1 identification and authentication practices by the OSC. The Lead Assessor asks the CCP to review the documentation to determine if identification and authentication controls are met. Which documentation BEST satisfies the requirements of IA.L1-3.5.1: Identify system users, processes acting on behalf of users, and devices?

- A. List of unauthorized users that identifies their identities and roles
- **B. User names associated with system accounts assigned to those individuals**
- C. Procedures for implementing access control lists
- D. Physical access policy that states. "All non-employees must wear a special visitor pass or be escorted."

Answer: B

Explanation:

Understanding IA.L1-3.5.1 (Identification and Authentication Requirements)TheCMMC 2.0 Level

1practiceIA.L1-3.5.1aligns withNIST SP 800-171, Requirement 3.5.1, which mandates that organizationsidentify system users, processes acting on behalf of users, and devices to ensure proper access control.

To comply with this requirement, anOrganization Seeking Certification (OSC)must maintain documentation that demonstrates:

- * A unique identifier (username) for each system user
- * Mapping of system accounts to specific individuals
- * Identification of devices and automated processes that access systems
- * This documentation directly satisfies IA.L1-3.5.1 because it show system users are uniquely identified and linked to specific accounts within the environment.
- * A list of users and their assigned accounts confirms that the organization has a structured method of tracking access and authentication.
- * It allows auditors to verify that each user has a distinct identity and that access control mechanisms are properly applied.
- * A. Procedures for implementing access control lists (Incorrect)
- * While access control lists (ACLs) are relevant for authorization, they do not identify users or devices specifically, making them insufficient as primary evidence for IA.L1-3.5.1.
- * B. List of unauthorized users that identifies their identities and roles (Incorrect)
- * Identifying unauthorized users does not fulfill the requirement of tracking authorized users, devices, and processes.
- * D. Physical access policy stating "All non-employees must wear a special visitor pass or be escorted" (Incorrect)

* This pertains to physical security, not system-based user identification and authentication.

* The correct answer is C. User names associated with system accounts assigned to those individuals, as this directly satisfies the identification requirement of IA.L1-3.5.1.

CMMC 2.0 Level 1 Practice IA.L1-3.5.1

NIST SP 800-171, Requirement 3.5.1

NEW QUESTION # 132

The Advanced Level in CMMC will contain Access Control {AC} practices from:

- A. Level 3.
- B. Level 1.
- C. Levels 1, 2, and 3.
- D. Levels 1 and 2.

Answer: C

Explanation:

Understanding Access Control (AC) in CMMC Advanced (Level 3)

The CMMC Advanced Level (Level 3) is designed for organizations handling high-value Controlled Unclassified Information (CUI) and aligns with a subset of NIST SP 800-172 for advanced cybersecurity protections.

Access Control (AC) Practices in CMMC Level 3

#CMMC Level 1 includes basic AC practices from FAR 52.204-21 (e.g., restricting access to authorized users).

#CMMC Level 2 includes all Access Control (AC) practices from NIST SP 800-171 (e.g., managing privileged access).

#CMMC Level 3 expands on Levels 1 and 2, incorporating additional protections from NIST SP 800-172, such as enhanced monitoring and adversary deception techniques.

Why "Levels 1, 2, and 3" is Correct?

CMMC Level 3 builds upon all previous levels, including Access Control (AC) practices from Levels 1 and 2.

Options A, B, and C are incorrect because Level 3 includes all previous AC practices from Levels 1 and 2, plus additional ones.

Breakdown of Answer Choices

Option

Description

Correct?

A). Level 1

#Incorrect- Level 3 includes AC practices from Levels 1 and 2, not just Level 1.

B). Level 3

#Incorrect - Level 3 builds on Levels 1 and 2, not just Level 3 practices.

C). Levels 1 and 2

#Incorrect- Level 3 contains additional AC practices beyond Levels 1 and 2.

D). Levels 1, 2, and 3

#Correct - Level 3 contains all AC practices from Levels 1 and 2, plus additional ones.

Official References from CMMC 2.0 Documentation

CMMC Model Framework- Outlines how Level 3 builds upon Level 1 and 2 practices.

NIST SP 800-172- Defines advanced cybersecurity controls required in CMMC Level 3.

Final Verification and Conclusion

The correct answer is D. Levels 1, 2, and 3, as CMMC Level 3 includes Access Control (AC) practices from all previous levels plus additional enhancements.

NEW QUESTION # 133

Which document BEST determines the existence of FCI and/or CUI in scoping an assessment with an OSC?

- A. OSC SSP
- B. OSC Contract with DoD
- C. OSC POA&M
- D. OSC Evidence

Answer: B

Explanation:

Understanding DFARS Clause 252.204-7012 The Defense Federal Acquisition Regulation Supplement (DFARS) clause 252.204-7012 is a mandatory cybersecurity clause required in all DoD contracts and solicitations that involve Controlled Unclassified Information (CUI).

Key Requirements of DFARS 252.204-7012 # Implements NIST SP 800-171 security controls for contractors handling CUI.

Requires cyber incident reporting to the DoD Cyber Crime Center (DC3) within 72 hours.

Mandates adequate security measures to protect DoD information systems.

Applies to all DoD contracts, except for those exclusively acquiring COTS items.

Option A (Correct): DFARS 252.204-7012 must be included in all DoD contracts and solicitations when CUI is involved.

Option B (Incorrect): FAR Part 12 procedures apply to commercial item acquisitions, but DFARS 7012 applies regardless of procurement procedures.

Option C (Incorrect): Contracts solely for COTS (Commercial Off-the-Shelf) products are exempt from DFARS 7012.

Option D (Incorrect): COTS items sold without modifications are not required to include DFARS 7012.

DFARS Clause 252.204-7012 (Safeguarding Covered Defense Information and Cyber Incident Reporting) NIST SP 800-171- The required cybersecurity standard for contractors under DFARS 7012.

Why "All DoD Solicitations and Contracts" is Correct? Official References from DoD and DFARS Documentation Final Verification and Conclusion

NEW QUESTION # 134

What is a PRIMARY activity that is performed while conducting an assessment?

- A. Verify readiness to conduct assessment.
- B. Deliver recommended assessment results.
- C. Collect and examine evidence.
- D. Develop assessment plan.

Answer: C

Explanation:

Step 1: Understand the Assessment Phases (CAP v1.0) The CMMC Assessment Process (CAP) outlines a structured lifecycle for assessments, including:

* Plan and Prepare Phase- Develop the assessment plan (before the assessment starts).

* Conduct Assessment Phase- Execute the actual assessment activities.

* Report Results Phase- Finalize and deliver the assessment outcomes.

CAP v1.0 - Section 3.5 (Conduct Assessment):

"The assessment team collects, examines, and evaluates evidence to determine if practices are MET or NOT MET."

* During the "Conduct Assessment" phase, the main activity is to:

* Collect evidence (documentation, interviews, testing),

* Validate adequacy and sufficiency,

* Score practices as MET/NOT MET.

Step 2: Why "Collect and Examine Evidence" Is the Primary Activity This is the core responsibility of assessors while conducting an assessment.

* A. Develop assessment plan # This occurs in the Plan and Prepare phase before conducting the assessment.

* C. Verify readiness to conduct assessment # Readiness verification is part of pre-assessment activities, not during the assessment itself.

* D. Deliver recommended assessment results # This is done during the Report Results phase after the assessment has been conducted.

Why the Other Options Are Incorrect

The primary activity performed during the actual execution of a CMMC assessment is collecting and examining evidence to determine compliance with practices.

NEW QUESTION # 135

The evidence needed for each practice and/or process is weight for:

- A. sufficiency and thoroughness.
- B. sufficiency and appropriateness.
- C. adequacy and sufficiency.
- D. adequacy and thoroughness.

Answer: C

NEW QUESTION # 136
