Studying with Revision Books: Cisco 350-601 Official Certification Guide

This is the definitive guide to passing 350-601. The most challenging part of an exam prep journey is the actual preparation itself. And that's why Cisco chose to give one of the most detailed approaches to certification exam prep. If you are going to clear your 350-601 at the first attempt, getting this resource should be your priority. It is written by renowned IT experts, Somit Maloo and Firas Ahmed, to help learners excel in the final test. In essence, this material is designed to achieve 5 important tasks including the following:

- Using mock exams that will ultimately help candidates to become familiar with the actual exam structure, testing format, and questions;
- Giving an honest review of the candidate's ability to help them understand their strengths and weaknesses;
- Helping students to plan and strategize using the exam content outline for an efficient study routine;
- Helping students keep track of their study records.
- Assessing the candidate's levels of proficiency in specific exam objectives;

Cisco Implementing Cisco Data Center Core Technologies (350-601 DCCOR) Sample Questions (Q290-Q295):

NEW QUESTION # 290

Section: Security

NEW QUESTION # 291

Refer to the exhibit.

An administrator is deploying BGP to geographically connect two data center sites. Both sites are configured for dual-stack routed protocols. The administrator must inject the IPv6 network 2001:AE4:1::/64 into the IPv6 unicast database. Drag and drop the SiteA commands from the right into the blanks in the configuration on the left. Commands are used more than once.

Answer Area

```
router bgp 65001
  neighbor [ ] remote-as 65002
  address-family [ ]
  network [ ]
  neighbor 172.16.10.2 remote-as 65002
  address-family [ ]
  network 172.16.10.2
```

- 2001:AE4:1::/64
- ipv6 unicast
- ipv4 unicast
- 2001:AE4:1::2

Answer:

Explanation:

Answer Area

```
router bgp 65001
  neighbor 2001:AE4:1::2 remote-as 65002
  address-family ipv6 unicast
  network 2001:AE4:1::/64
  neighbor 172.16.10.2 remote-as 65002
  address-family ipv4 unicast
  network 172.16.10.2
```

- 2001:AE4:1::/64
- ipv6 unicast
- ipv4 unicast
- 2001:AE4:1::2

Explanation:

A screenshot of a computer Description automatically generated

Answer Area

```
router bgp 65001
  neighbor 2001:AE4:1::2 remote-as 65002
  address-family ipv6 unicast
  network 2001:AE4:1::/64
  neighbor 172.16.10.2 remote-as 65002
  address-family ipv4 unicast
  network 172.16.10.2
```
