NEW QUESTION # 151

Which activity takes place during Team Breakout #2 on the second day of Program Increment (PI) Planning?

- **A. All Feature delivery and dependencies are visualized on the program board**
- B. The RTE modifies the PI Iteration schedule, if needed, based on the scope of high priority Features
- C. The Release Train Engineer (RTE) combines all Team PI Objectives into Program PI Objectives
- D. Business Owners assign business value without team discussion so they can normalize business value across all teams on the Agile Release Train

Answer: A

Explanation:

During Team Breakout #2 on the second day of Program Increment (PI) Planning, teams continue their planning and make the necessary adjustments. This includes visualizing all Feature delivery and dependencies on the program board. The program board is a crucial tool in SAFe's PI Planning process as it provides a visual representation of the plan, showing how Features flow through Iterations and highlighting any dependencies and risks. This visualization helps teams and stakeholders understand the delivery forecast and align on the execution plan.

NEW QUESTION # 152

Which primary role should emphasize lifelong learning?

- A. Product Management
- B. Business Owners
- **C. Lean-Agile Leaders**
- D. Scrum Masters

Answer: C

Explanation:

The Scaled Agile Framework (SAFe) emphasizes that Lean-Agile Leaders are the key enablers of a Lean-Agile transformation. They are the ones who must lead by example, embodying the principles and values of SAFe and promoting a culture of lifelong learning. This is crucial because these leaders are responsible for driving the adoption of SAFe practices across the organization. They are expected to be continuous learners, always seeking to improve their understanding of Lean-Agile practices and principles, and to foster an environment where everyone is encouraged to learn and grow. The Release Train Engineer (RTE) role, while also being a servant leader and coach, primarily facilitates ART events and processes, and supports teams in delivering value. However, the emphasis on lifelong learning as a primary responsibility is specifically associated with Lean-Agile Leaders within the SAFe framework.
