

Hot Reliable API-936 Exam Labs Free PDF | Efficient Updated API-936 Dumps: Refractory Personnel

BONUS!!! Download part of TestKingIT API-936 dumps for free: <https://drive.google.com/open?id=16aFitVHB-zLnxgtLIVGjaMS4gzUr58Qu>

You may be given the API API-936 practice exam results as soon as they have been saved in the software. TestKingIT modified API API-936 exam dumps allow students to learn effectively about the real API API-936 Certification Exam. API API-936 practice exam software allows students to review and refine skills in a preceding test setting.

API-936 (Refractory Personnel) Exam is a certification program offered by the American Petroleum Institute (API) to personnel involved in the installation, inspection, testing, and maintenance of refractory materials used in the petroleum and petrochemical industries. API-936 Exam assesses the knowledge and skills required to ensure the proper selection, installation, and maintenance of refractory materials to reduce the risk of equipment failure and downtime in high-temperature process environments. The API-936 certification is recognized globally as a benchmark for excellence in refractory materials engineering and is highly valued in the industry.

API-936: Refractory Personnel Exam is a valuable certification for individuals working with refractory materials in the petrochemical industry. It demonstrates an individual's knowledge and skills in the field and is highly valued by employers in the industry. Passing the exam requires a thorough understanding of refractory materials and their applications, as well as a commitment to safety and adherence to regulations.

TestKingIT

You shall prepare yourself for the Refractory Personnel (API-936) exam, take the Refractory Personnel (API-936) practice exams well, and then attempt the final API-936 test. So, start your journey by today, get the TestKingIT Refractory Personnel (API-936) study material, and study well. No one can keep you from rising as a star in the sky.

API Refractory Personnel Sample Questions (Q50-Q55):

NEW QUESTION # 50

Ceramic fiber batten strips shall be:

- A. a maximum length 3 ft (0.9 m).
- B. anchored with staples.
- C. anchored with Lock Studs.
- D. the same grade as hot face material.

Answer: A

Explanation:

According to API 936, ceramic fiber batten strips are used in fiber lining applications to secure joints or protect against gas penetration. The specification sets a strict requirement on their length:

"Ceramic fiber batten strips shall be a maximum length of 3 ft (0.9 m)."

- API Std 936, Section 5.3.2.3

Other anchoring methods such as lock studs or staples may apply in different contexts or materials, but they are not prescribed for ceramic fiber batten strips per this specific requirement.

NEW QUESTION # 51

Before refractory installations, all surfaces to be lined shall be cleaned to meet:

- A. API 510
- B. SSPC-SP 10
- C. ASTM C-113
- D. SSPC-SP 7/NACE 4

Answer: D

Explanation:

API 936 requires a specific level of surface cleanliness before lining application:

"All surfaces to be lined shall be cleaned in accordance with SSPC-SP 7/NACE No. 4 (Brush-Off Blast Cleaning)."

- API Std 936, Section 5.3.2.1

This brush-off blast cleaning ensures adequate bonding without aggressive surface treatment.

NEW QUESTION # 52

Compositions of ground refractory materials develop a strong bond at air ambient temperatures by virtue of chemical reactions within the binder phase that is usually activated by water additions. These refractories include cement and phosphate bonded castables is called:

- A. None of the above
- B. Heat setting refractories
- C. Air and heat setting refractory
- D. Air setting refractories

Answer: D

NEW QUESTION # 53

In ceramics, the property of resistance to melting, softening, or deformation at high temperature is called.

- A. None of the above
- **B. Refractoriness**
- C. Pyrometric cone equivalent
- D. Cold crushing strength

Answer: B

NEW QUESTION # 54

Enclosure inside the top head of a reactor or regenerator vessel which supports the cyclones and in which gases exiting the cyclone outlets are collected is called

- A. None of the above
- **B. Plenum of FCCU**
- C. Cyclone of FCCU
- D. Riser of FCCU

Answer: B

NEW QUESTION # 55

.....

you can pass the API-936 exam for the first time with our help. Perhaps you still cannot believe in our API-936 study materials. You can browser our websites to see other customers' real comments. Almost all customers highly praise our API-936 Exam simulation. In short, the guidance of our API-936 practice questions will amaze you. Put down all your worries and come to purchase our API-936 learning quiz! You won't regret for your wise choice.
