

2026 Authoritative SRAN-Radio-Network-Performance-Optimization: MN: NCSS NPS - SRAN Radio Network Performance Optimization Certification Exam | GS40-NPS-SRPER-E-S03-2510 Valid Exam Braindumps

Do you need to find a high paying job for yourself? Well, by passing the SRAN-Radio-Network-Performance-Optimization, you will be able to get your dream job. Make sure that you are buying our SRAN-Radio-Network-Performance-Optimization brain dumps pack so you can check out all the products that will help you come up with a better solution. Our SRAN-Radio-Network-Performance-Optimization Exam Material includes all Nokia certification exams detailed questions & answers files, We offer latest SRAN-Radio-Network-Performance-Optimization certifications preparation material which comes with guarantee that you will pass SRAN-Radio-Network-Performance-Optimization exams in the first attempt.

If you fail in the exam with our SRAN-Radio-Network-Performance-Optimization quiz prep we will refund you in full at one time immediately. If only you provide the proof which include the exam proof and the scanning copy or the screenshot of the failure marks we will refund you immediately. If any problems or doubts about our SRAN-Radio-Network-Performance-Optimization exam torrent exist, please contact our customer service personnel online or contact us by mails and we will reply you and solve your doubts immediately. Before you buy our product, you can download and try out it freely so you can have a good understanding of our SRAN-Radio-Network-Performance-Optimization Quiz prep. Please feel safe to purchase our SRAN-Radio-Network-Performance-Optimization exam torrent any time as you like. We provide the best service to the client and hope the client can be satisfied.

>> SRAN-Radio-Network-Performance-Optimization Valid Exam Braindumps <<

100% Pass Rate Nokia SRAN-Radio-Network-Performance-Optimization Valid Exam Braindumps | Try Free Demo before Purchase

The certificate is of significance in our daily life. At present we will provide all candidates who want to pass the SRAN-Radio-Network-Performance-Optimization exam with three different versions for your choice. Any of the three versions can work in an offline state, and the version makes it possible that the websites is available offline. If you use the quiz prep, you can use our latest SRAN-Radio-Network-Performance-Optimization Exam Torrent in anywhere and anytime. How can you have the chance to enjoy the study in an offline state? You just need to download the version that can work in an offline state, and the first time you need to use the version of our SRAN-Radio-Network-Performance-Optimization quiz torrent online.

Nokia MN: NCSS NPS - SRAN Radio Network Performance Optimization Certification Exam | GS40-NPS-SRPER-E-S03-2510 Sample Questions (Q12-Q17):

NEW QUESTION # 12

The slice type SST value for Extreme Broadband is typically:

- A. 0
- B. 1
- C. 2
- D. 3

Answer: C

Explanation:

The correct answer is B .

In 5G network slicing, SST means Slice/Service Type . It identifies the high-level service category of a network slice.

Typical standardized SST values are:

SST = 1 # eMBB, enhanced Mobile Broadband

SST = 2 # URLLC, Ultra-Reliable Low-Latency Communication

SST = 3 # MIIoT/mMTC, Massive IoT or massive Machine Type Communication

SST = 4 # V2X-related slice type

"Extreme Broadband" is normally aligned with eMBB , because it refers to high data rate, high capacity, and broadband user experience.

Therefore, the SST value for Extreme Broadband is:

1.

NEW QUESTION # 13

Which port must be opened in NetAct for the connection from TraceSynthesis to NetAct?

- A. 0
- B. 1
- C. 2
- D. 3

Answer: D

Explanation:

The correct answer is B .

The connection from TraceSynthesis to NetAct is typically based on secure web/API communication, which uses HTTPS . The standard HTTPS port is 443 . Therefore, port 443 must be opened in NetAct/firewall rules to allow TraceSynthesis to communicate with NetAct.

The other options are not the best answer:

8443 is often used as an alternative HTTPS/application-server port, but it is not the standard answer here.

22 is used for SSH, mainly for secure shell access or file transfer.

8080 is commonly used for unsecured HTTP or proxy/application access, not the secure NetAct connection expected here.

So the required port is:

443.

NEW QUESTION # 14

Which of the following statements does not apply to mmWave radio propagation ?

- A. Building penetration losses at mmWave frequencies can prevent practical outdoor-to-indoor coverage solutions.
- B. Foliage and vegetation attenuation is high.
- C. Water absorption is low at high frequencies.
- D. Diffraction loss increases with frequency.

Answer: C

Explanation:

The correct answer is C .

At mmWave / FR2 frequencies , radio propagation is more challenging than in low-band or mid-band spectrum. Diffraction becomes weaker, blockage is more severe, foliage attenuation is high, and building penetration loss is significant. This is why mmWave networks usually require dense site grids, line-of-sight or near-line-of-sight paths, and strong beamforming. Industry mmWave references consistently describe high path loss, high penetration loss, and the need for directional antenna systems to compensate for these losses.

Option C does not apply because water absorption and atmospheric absorption generally become more relevant at higher frequencies, not lower. Rain, humidity, and oxygen/water-vapor absorption are important considerations for mmWave link budgets. So the statement that does not apply to mmWave propagation is:
Low water absorption at high frequencies.

NEW QUESTION # 15

Identify the missing network components X, Y, and Z in the architecture diagram.

- A. X: MME, Y: IMS, Z: AMF
- B. X: AMF, Y: SGW, Z: MME
- C. X: AMF, Y: IMS, Z: MME
- D. X: MME, Y: AMF, Z: IMS

Answer: C

Explanation:

The correct answer is B .

In the 5G Core , component X is connected to:

N2 from NG-RAN

N11 toward SMF

N15 toward PCF

N26 toward the EPC mobility entity

These are typical interfaces of the AMF , or Access and Mobility Management Function . Therefore, X = AMF .

In the EPC , component Z is connected to:

S1-MME from eNB

S11 toward the gateway

N26 toward the 5GC AMF

These are typical interfaces of the MME , or Mobility Management Entity . Therefore, Z = MME .

Component Y is outside the core user-plane path and represents the external service network connected through N6/SGi , commonly shown as IMS in voice-service architecture diagrams. Therefore, Y = IMS .

So the correct mapping is:

X: AMF, Y: IMS, Z: MME.

NEW QUESTION # 16

In a 5G cell , the following parameter has been modified: lowLatencyReservation = 15 .

Which percentage of UEs will be reallocated to a higher SR periodicity group whenever the threshold for moving to a higher SR periodicity group is reached?

- A. 0.85
- B. 1.00
- C. 0.50
- D. 0.15

Answer: A

Explanation:

The correct answer is C .

In 5G uplink scheduling, SR , or Scheduling Request , is used by the UE to request uplink resources when it has data to send. SR periodicity affects uplink latency and PUCCH capacity: shorter SR periodicity gives lower latency but consumes more control-channel resources, while longer SR periodicity saves resources but increases delay.

The parameter lowLatencyReservation = 15 means 15% of the UE/resource share is reserved for the low- latency SR periodicity group. When the load threshold is reached, the remaining portion can be moved to a higher SR periodicity group.

Calculation:

$100\% - 15\% = 85\%$

So the percentage of UEs that can be reallocated to a higher SR periodicity group is:

0.85 , or 85% .

NEW QUESTION # 17

.....

The ActualTorrent is committed to providing the best possible study material to succeed in the MN: NCSS NPS - SRAN Radio Network Performance Optimization Certification Exam | GS40-NPS-SRPER-E-S03-2510 (SRAN-Radio-Network-Performance-Optimization) exam. With actual PDF questions, customizable practice exams, and 24/7 support, customers can be confident that they are getting the best possible prep material. The ActualTorrent SRAN-Radio-Network-Performance-Optimization is an excellent choice for anyone looking to advance their career with the certification. Buy Now.

SRAN-Radio-Network-Performance-Optimization Exam Test: <https://www.actualtorrent.com/SRAN-Radio-Network-Performance-Optimization-questions-answers.html>

ActualTorrent Authentic Nokia SRAN-Radio-Network-Performance-Optimization Dumps, Nokia SRAN-Radio-Network-Performance-Optimization Valid Exam Braindumps The passing rate has reached to 98 to 100 %, Let us take a closer look of these details of three versions of SRAN-Radio-Network-Performance-Optimization test torrent materials together, Nokia SRAN-Radio-Network-Performance-Optimization Valid Exam Braindumps Why are you waiting now, Nokia SRAN-Radio-Network-Performance-Optimization Valid Exam Braindumps If you make a mistake, they will victimize your time and money and energy for this exam if you choose the other inefficient practice materials, Nokia SRAN-Radio-Network-Performance-Optimization Valid Exam Braindumps With the development of IT technology in recent, many people choose to study IT technology which lead to lots of people join the IT industry.

The blending modes that produce lower contrast New SRAN-Radio-Network-Performance-Optimization Test Answers tend to compare an applied pixel to an underlying pixel and simply keep one or the other, while the blending modes that produce higher contrast New SRAN-Radio-Network-Performance-Optimization Test Answers tend to mathematically amplify the differences between the applied and underlying layers.

SRAN-Radio-Network-Performance-Optimization Test Questions: MN: NCSS NPS - SRAN Radio Network Performance Optimization Certification Exam | GS40-NPS-SRPER-E-S03-2510 - SRAN-Radio-Network-Performance-Optimization Training Online & SRAN-Radio-Network-Performance-Optimization Original Questions

Because a YouTube channel page is really a user profile page, you'll want to create your own channel page and customize it to reflect your personality, ActualTorrent Authentic Nokia SRAN-Radio-Network-Performance-Optimization Dumps.

The passing rate has reached to 98 to 100 %, Let us take a closer look of these details of three versions of SRAN-Radio-Network-Performance-Optimization test torrent materials together, Why are you waiting now?

If you make a mistake, they will victimize your SRAN-Radio-Network-Performance-Optimization time and money and energy for this exam if you choose the other inefficient practice materials.
