Peoplecert ITIL 4 Specialist: Business Relationship Management Sample Questions (Q24-Q29):

NEW QUESTION # 24

Which TWO statements about BRM and third-party services are CORRECT?

1. BRM does not focus on suppliers as they never interact directly with the organization's users
2. BRM ensures that, where appropriate, suppliers follow a service provider's BRM approach
3. BRM is not directly involved in and does not need to understand supplier services
4. BRM needs to understand dependencies on supplier services as they influence user experience

- A. 1 and 2
- B. 1 and 3
- C. 3 and 4
- D. 2 and 4

Answer: D

Explanation:

Statement 2 is correct because BRM ensures that suppliers align with the organization's relationship management approach when interacting with consumers.

Statement 4 is correct because understanding supplier dependencies is vital for BRM to manage and influence the overall user experience.

NEW QUESTION # 25

An organization has set an objective that by the end of the year it will develop and communicate values and principles to be adopted by everyone within the organization relative to business relationship management (BRM).

What metric can BEST be used to assess whether this objective has been met?

- A. Adoption of a common approach to BRM
- B. Satisfaction of key stakeholders with the relationship
- C. The service provider's image in the business
- C Number and percentage of terminated contracts

Answer: A

Explanation:

Measuring the adoption of a common approach to BRM directly reflects whether the newly developed values and principles have been communicated and embraced across the organization by year's end.

NEW QUESTION # 26

The business relationship managers at a large IT service provider are exploring ways to improve the customer journey. As an objective of this initiative, they want to automate the feedback collection and reporting mechanisms that are used to monitor customer experience. Given this objective, what is the minimum target capability level for organization should set for this practice?

- A. Level 3
- B. Level 5
- C. Level 2
- D. Level 4

Answer: D

Explanation:

Automating feedback collection and reporting indicates a move towards quantitatively managed, tool-supported processes, which corresponds to Capability Level 4.

NEW QUESTION # 27

Which is NOT an input to the 'Managing business relationship journeys' process?

- A. Training materials
- B. Service portfolio
- C. Roles and responsibilities
- D. Business relationship models

Answer: A

Explanation:

Training materials support BRM development but are not an input to the Managing Business Relationship Journeys process; that process relies on defined roles and responsibilities, relationship models, and the service portfolio.

NEW QUESTION # 28

Which input used to develop the business relationship management approach is an output of the workforce and talent management practice?

- A. Organization's strategy
- B. **Assessment of the organization's culture**
- C. Service portfolio
- D. Business relationship principles

Answer: B

Explanation:

An assessment of the organization's culture is produced by the Workforce and Talent Management practice and serves as an input when developing the Business Relationship Management approach.
