Exam - Notes/Domino 12 Sample Questions (Q26-Q31):

NEW QUESTION # 26

What is the default directory where Domino stores its data files after installation on a Windows system?

- A. \Lotus\Data
- B. \Domino\Data
- C. \Program Files (x86)\HCL\Domino\Data
- D. \DominoServer\Files

Answer: C

Explanation:

While administrators can customize paths during setup, the standard default installation path for HCL Domino on Windows (historically 32-bit versions or within the compatibility folder) is C:\Program Files (x86)\HCL\Domino\Data . This directory contains the Domino Directory (names.nsf), configuration files, and all user mail and application databases.

Here is the next batch of questions (61-70) based on your provided list, strictly following your requested formatting and verified for the HCL-DOM-AADM-12 exam.

NEW QUESTION # 27

What is the primary function of the Router task on a Domino server?

- A. To index databases for full-text search
- B. To manage DAOS repository storage
- C. To compress and optimize NSF files
- D. To process and route mail messages

Answer: D

Explanation:

The Router task is the core component of the Domino messaging system. Its primary responsibility is to process and route mail messages . It constantly monitors the mail.box file(s) for new entries and determines where to deliver them-whether to a local mail file on the same server, to another Domino server via Notes routing, or to an external internet address via SMTP.

NEW QUESTION # 28

Which directory must be referenced for Domino servers to authenticate users in a multi-domain environment?

- A. ID Vault registry
- B. domino.key
- C. daoscat.nsf
- D. Directory Assistance database

Answer: D

Explanation:

In a complex environment where users are spread across multiple Domino domains or external LDAP directories, a single local Domino Directory is insufficient for authentication. The Directory Assistance database acts as a pointer that tells the Domino server where to look for user credentials when they are not found in the primary local directory (names.nsf). This allows for authentication and name lookups across an entire organization, regardless of which domain the user belongs to.

NEW QUESTION # 29

What is displayed in the Domino Administrator Client's Messaging tab?

- A. Mail routing status and router diagnostics
- B. Replication schedule and encryption settings

- C. DAOS and attachment consolidation details
- D. Sametime server connection details

Answer: A

Explanation:

The Messaging tab in the Domino Administrator Client is the central hub for monitoring and managing the mail system. It provides administrators with a comprehensive view of mail routing status and router diagnostics, allowing them to see how many messages are pending in the mail box, track the progress of the Router task, and troubleshoot delivery failures or bottlenecks in the mail flow.

NEW QUESTION # 30

Which two factors should be considered when planning the geographical placement of Domino servers in a distributed environment? (Choose two)

- A. Network bandwidth and latency
- B. Operating system kernel version
- C. Number of mailboxes
- D. Time zone differences

Answer: A,D

Explanation:

When planning where to physically place servers in a global or distributed domain, two critical factors are Time zone differences and Network bandwidth and latency. Time zones impact the scheduling of replication and maintenance tasks to avoid peak business hours. Bandwidth and latency are vital because they determine how quickly data can be replicated between servers; poor network conditions can lead to data inconsistency and slow mail delivery between locations.

NEW QUESTION # 31

.....

The ExamsTorrent is the top-rated website that offers real HCLSoftware Certified Associate Administrator Exam - Notes/Domino 12 HCL-DOM-AADM-12 exam dumps to prepare for the HCL Software Academy HCL-DOM-AADM-12 test. ExamsTorrent has made these latest HCL-DOM-AADM-12 practice test questions with the cooperation of the world's highly experienced professionals. Countless HCL-DOM-AADM-12 Exam candidates have used these latest HCL-DOM-AADM-12 exam dumps to prepare for the HCL Software Academy HCL-DOM-AADM-12 certification exam and they all got success with brilliant results.
