## Salesforce Certified Education Cloud Consultant Sample Questions (Q112-Q117):

### NEW QUESTION # 112

A college wants to extend its existing Education Data Architecture org to support the Advancement department's fundraising needs. What should the consultant recommend to meet the requirement?

- A. Giving Pages
- **B. Nonprofit Success Pack**
- C. Elevate
- D. Gift Entry Manager

**Answer: B**

Explanation:

Nonprofit Success Pack (NPSP) is a solution that the consultant can recommend to meet the requirement of extending EDA org to support fundraising needs. NPSP is built on top of EDA and provides features such as donations management, gift processing, donor engagement, and reporting. Gift Entry Manager, Giving Pages, and Elevate are not solutions that can extend EDA org to support fundraising needs, but rather tools that can work with NPSP to enhance the fundraising experience. #### NEW QUESTION # 113

A school district is reopening after global pandemic. It has an existing Salesforce org configured with the K-12 Architecture kit. The school district wants to leverage Work.com Command Center for schools in its existing org. What should the consultant advise?

- A. Leverage Student Success Hub.
- B. Use third-party app from AppExchange.
- C. Install Work.com Command Center in existing org.
- D. Work.com Command Center operates in a separate org.

**Answer: C**

Explanation:

The consultant should advise the school district to install Work.com Command Center in their existing org, because this can help them leverage Work.com Command Center for schools in their existing org. Work.com Command Center is a solution that helps organizations manage their reopening and recovery efforts after a global pandemic. Work.com Command Center for schools is a specific configuration of Work.com Command Center that helps schools monitor student and staff wellness, attendance, and engagement. Work.com Command Center can be installed in an existing org as a managed package from the AppExchange. Work.com Command Center does not operate in a separate org, nor does it require leveraging Student Success Hub or using a third-party app from AppExchange. Reference:

#### NEW QUESTION # 114

A large university is planning to release a new recruitment and admissions solution using Salesforce. The university is closely evaluating a launch window in conjunction with the campus calendar.

Where should the university confirm the Salesforce product release dates that could impact the timeline?

- A. Setup Menu
- B. partner Community
- C. Salesforce Trust website
- D. Trailhead

**Answer: C**

Explanation:

The university can confirm the Salesforce product release dates that could impact the timeline on the Salesforce Trust website. The Salesforce Trust website provides information about the maintenance schedule, release calendar, and release readiness for Salesforce products. The university can use this information to plan their launch window in conjunction with the campus calendar. Trailhead, Setup Menu, and Partner Community are not places where the university can confirm the Salesforce product release dates. Reference:

#### NEW QUESTION # 115

An institution's Office of Career Services wants a solution that allows students to schedule appointments with any available ..... directly from a portal.

Which feature should the consultant recommend to meet the requirement?

- A. Advising Pools
- B. Success Teams
- C. Email to Case
- D. Early Alerts

**Answer: A**

Explanation:

Advising Pools is a feature that allows students to schedule appointments with any available advisor directly from a portal. Advising Pools enables advisors to set their availability and preferences, and students to see which advisors match their needs and book appointments accordingly. Email to Case, Success Teams, and Early Alerts are not features that allow students to schedule appointments with advisors from a portal. Reference:

#### NEW QUESTION # 116

A consultant is working with a customer who already uses Salesforce and wants to install the Education Data Architecture (EDA). The consultant has confirmed that EDA can work in the customer's existing environment.

Which location should the consultant visit to install EDA in the existing environment?

- A. Salesforce AppExchange
- B. Partner Community
- C. Trailhead

**Answer: A**

Explanation:

The Salesforce AppExchange is the location that the consultant should visit to install EDA in the existing environment. The Salesforce AppExchange is an online marketplace where customers can find, try, and install apps, components, and packages that extend the functionality of Salesforce. EDA is listed as a free app for education customers on the Salesforce AppExchange. The consultant can use the EDA installer page, which is a web-based tool that allows the consultant to log in to the desired org, validate the pre-install requirements, and install EDA with a few clicks. The EDA installer page can be accessed from the Salesforce AppExchange or from the direct link2.
