NEW QUESTION # 74
What is "precisely specify value by product" central to?

- A. Agile Manifesto
- B. SAFe Core Values
- C. SAFe Principles
- D. Lean Thinking

Answer: D

Explanation:
Explanation
"Precisely specify value by product" is central to Lean thinking. Lean thinking is a philosophy and a set of principles and practices that aim to eliminate waste and optimize value delivery. Value is defined as anything that a customer is willing to pay for or that meets their needs or desires. Value is specified by product, which means that each product or service should have a clear and explicit definition of what value it provides to the customer and how it differs from other products or services. Specifying value by product helps avoid ambiguity, confusion, and inefficiency in the value delivery process. References: Thriving in the Digital Age, SAFe Principle #1

NEW QUESTION # 75
How does SAFe describe Customer Centricity?

- A. As a strategy to meet the needs of an ever-changing Customer market
- B. As a set of practices employed to make products focused on the Customer
- C. As a way of working to include the Customer in daily work processes and planning
- D. As a mindset focused on Customer behaviors that produce the best innovations

Answer: D

Explanation:
This is how SAFe describes Customer Centricity. Customer Centricity is one of the core competencies of business agility in SAFe. Customer Centricity means putting the customer at the center of everything the enterprise does, and understanding their needs, desires, and problems deeply. Customer Centricity also means adopting a mindset that focuses on observing and learning from customer behaviors that produce the best innovations, rather than relying on assumptions or opinions. Customer Centricity helps enterprises deliver solutions that delight their customers and achieve market differentiation. References: Customer Centricity
