- C. Areas of responsibility
- D. Random employee assignment
- E. Manager hierarchy

Answer: A,C,E

NEW QUESTION # 49

Your company wants to upload learning history transcripts. What is the correct sequence of steps to achieve this?

- A. Extract data from the old system, get templates from the Data Exchange, format the data as per the template, and use Data Exchange to upload.
- B. Get templates from the Data Exchange, extract data from the old system, format the data as per the template, and use File Import and Export to upload.
- C. Format the data as per the template, extract the data from the old system, get templates from the Data Exchange, and use Mass Updates to upload.
- D. Extract the data from the old system, get templates from the Data Exchange, format the data as per the template, and use a REST API to upload.

Answer: A

NEW QUESTION # 50

The specialization that one of your colleagues created does not have activities in the proper sequence and sections. What is the fastest way to correct this from Learning Catalog Management?

- A. Make the specialization with the wrong sequence obsolete, create a new specialization with the activities in the right sequence, and transfer all learners from the old specialization to the new one.
- B. From the specialization in Learning Catalog Management, select the specialization and select Edit. Go to the Sections options, remove the activities that are in the wrong sections, then add the activities into the correct sections and reorder as required.

- C. Go into Catalog Management, find the specialization with the wrong sequencing, go to the Sections options, and reorder the activities as required.
- D. Go into Catalog Management, find the specialization with the wrong sequencing, go to the Sections options, and reorder the sections as required.
- E. From the specialization in Catalog Management, go to the Sections options, delete all sections, and create new ones with activities in the proper order.

Answer: B

NEW QUESTION # 51

A customer indicates that, in most cases, learners who have previously completed a course are exempted from repeating it when it is assigned to their group. The administrators do not want to have to specify this behavior for each course that they assign. How do you achieve this while configuring the learning catalog?

- **A. Change the setting for this by using the Configure Catalog Defaults task.**
- B. Develop a script that removes learners with completions from the assignment group.
- C. Allow the system to require the learning for everyone and apply a filter on the OTBI Completions report to exclude those with previous completions.
- D. Create a new version of the course to assign only to learners without completions against the existing course.

Answer: A

NEW QUESTION # 52

.....
