최신 Salesforce Health Cloud AP-211 무료샘플문제 (Q74-Q79):

질문 # 74

Prior to go-live for Bloomington Caregivers, a consultant loads the future system users into Salesforce. Which two permission set licenses should the consultant assign to the users to give them access to Health Cloud? Choose 2 answers

- A. Health Cloud Standard permission set license
- B. Health Cloud Foundation permission set license
- C. Health Cloud permission set license
- D. Health Cloud Platform permission set license

정답: C,D

질문 # 75

A consultant is implementing clinical assessment to track intake for a hospital leveraging the Discovery Framework. Which three functions is the consultant able to leverage with Health Cloud? Choose 3 answers

- A. Branching
- B. Question Bank
- C. Image Analysis
- D. Scoring
- E. Encrypted Text

정답: A,B,D

설명:

The Discovery Framework in Health Cloud supports:

Question Bank: Central repository of reusable questions for assessments.

Branching: Dynamic branching logic based on patient responses.

Scoring: Automatic scoring for assessments/intakes.

Extract:

"The Discovery Framework supports Question Bank, branching logic, and scoring for dynamic, reusable clinical assessments."

(Source: Administer Health Cloud - Discovery Framework) Encrypted Text and Image Analysis are not functions of the Discovery Framework.

질문 # 76

A healthcare provider with multiple clinics and specialties is struggling to manage its appointment scheduling process efficiently. Patients are experiencing long wait times on the phone and want to leverage self-service options.

Which three Health Cloud capabilities should a consultant recommend configuring to provide a solution to improve patient satisfaction?

Choose 3 answers

- A. Assessments and Recommendations
- B. Intelligent Form Reader
- C. Provider Search
- D. Experience Cloud for Health Cloud
- E. Intelligent Appointment Management

정답: C,D,E

설명:

To improve appointment scheduling and provide patient self-service, these three Health Cloud features should be configured:

Experience Cloud for Health Cloud:

Allows creation of patient-facing portals for self-service appointment booking and information access.

Extract:

"Experience Cloud enables self-service portals for patients, supporting appointment scheduling and other interactions." (Source: Administer Health Cloud - Experience Cloud) Intelligent Appointment Management:

Offers advanced scheduling features and automation to reduce wait times and manual booking.

Extract:

"Intelligent Appointment Management in Health Cloud supports both self-service and agent-assisted scheduling workflows." (Source: Administer Health Cloud - Intelligent Appointment Management) Provider Search:

Lets patients find the right clinic or provider based on specialty, availability, and other criteria.

Extract:

"Provider Search empowers patients to search for providers and book appointments online through self-service portals." (Source: Administer Health Cloud - Provider Search) Why not A or D?

Intelligent Form Reader is used for document capture, not for scheduling or self-service.
Assessments and Recommendations are used for care management, not scheduling.

질문 # 77

Bloomington Caregivers uses Health Cloud and has an integration setup with an external payer system.

Which three business level APIs should a consultant recommend to help the payer organization electronically receive requests for care services?

Choose 3 answers

- A. Benefit Verification
- B. Referral Request
- C. Prior Authorization
- D. Admission, Discharge, and Transfer (ADT)
- E. Care Services

정답: A,B,C

질문 # 78

A pharma company is implementing Health Cloud and trying to track insurance details related to its patients. The company wants to track:

A list of all payer organizations

The plans offered by a given payer

The standard benefits available under a plan

Which plan a given patient is enrolled in and their specific insurance details Which set of objects should a consultant implement to meet these requirements?

- A. Account, Purchaser Plan, Plan Benefit, Member Plan
- B. Account, Purchaser Plan, Member Benefit, Insurance Plan
- C. Payer, Plan Offering, Coverage Benefit, Member Plan
- D. Purchaser, Insurance Plan, Insurance Benefit, Plan Detail

정답: A
