

Analytics-DA-201 Reliable Dumps Ebook, Analytics-DA-201 Frequent Updates

BTW, DOWNLOAD part of PrepAwayPDF Analytics-DA-201 dumps from Cloud Storage: <https://drive.google.com/open?id=1jPr-UY39nAVnghX99n7ZIKZdKvTF4UzB>

Our Analytics-DA-201 practice exam simulator mirrors the Analytics-DA-201 exam experience, so you know what to anticipate on Analytics-DA-201 exam day. Our Salesforce Analytics-DA-201 features various question styles and levels, so you can customize your Analytics-DA-201 exam questions preparation to meet your needs.

Salesforce Analytics-DA-201 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">• Create Content: This domain involves building visualizations like charts, dashboards, and stories to present data insights clearly. It also focuses on adding interactivity, formatting, and designing responsive dashboards to enhance user experience and data communication.
Topic 2	<ul style="list-style-type: none">• Connect To and Transform Data: This domain focuses on connecting to various data sources such as files, databases, and published sources, while deciding between live and extract connections. It also covers preparing, cleaning, transforming, and organizing data using Tableau features and Tableau Prep to ensure it is ready for accurate analysis.
Topic 3	<ul style="list-style-type: none">• Publish and Manage Content on Tableau Server and Tableau Cloud: This section covers publishing workbooks, data sources, and flows to Tableau Server or Cloud for sharing and collaboration. It also includes managing content through scheduling refreshes, setting permissions, and creating alerts, subscriptions, and custom views.

Topic 4	<ul style="list-style-type: none"> • Explore and Analyze Data: This section covers creating calculations, applying filters, parameters, and structuring data to explore insights effectively. It also includes advanced analysis techniques such as table calculations, LOD expressions, forecasting, and geographic mapping to derive meaningful patterns and trends.

Analytics-DA-201 Frequent Updates | Reliable Analytics-DA-201 Test Review

Our Analytics-DA-201 exam cram is famous for instant access to download, and you can receive the downloading link and password within ten minutes, and if you don't receive, you can contact us, and we will give you reply as quickly as possible. In addition, Analytics-DA-201 exam materials are high quality, and we can ensure you that you can pass the exam just one time. We have free demo for you to have a try before buying Analytics-DA-201 Exam Materials, so that you can have a deeper understanding of what you are going to buy. Free update for one year for Analytics-DA-201 training materials is also available.

Salesforce Certified Tableau Data Analyst Sample Questions (Q78-Q83):

NEW QUESTION # 78

A colleague provides you with access to a folder that contains the following files:

- * Sates.csv
- * Book1.twb
- * Sates.hyper
- * Export.mdb

Which He contains an extract?

- A. Export mdb
- B. Sales.csv
- C. Sales.hyper
- D. Book1.twb

Answer: C

Explanation:

A .hyper file is an extract file that contains a snapshot of data from a data source. It is a compressed and optimized file format that can be used to improve the performance and portability of dashboards and workbooks. A .twb file is a workbook file that contains the visualization and connection information, but not the data itself. A .csv file is a comma-separated values file that contains plain text data. A .mdb file is a Microsoft Access database file that contains tables, queries, forms, and other objects. References:

[/examples_csv.htm](https://support.microsoft.com/en-us/office/introduction-to-access-database-files-9f9a0f8c-9a3c-4a0b-8e6c-6d1f1f7c2b7e) <https://support.microsoft.com/en-us/office/introduction-to-access-database-files-9f9a0f8c-9a3c-4a0b-8e6c-6d1f1f7c2b7e>

In Tableau, a .hyper file is an extract file created by the Hyper database engine. It contains a snapshot of the data pulled into Tableau and is used to perform data analysis without the need for a live connection to the data source.

NEW QUESTION # 79

Open the Link to Book1 found on the desktop. Open Map worksheet and use Superstore data source. Create a filed map to show the distribution of total Sales by State across the United States.

Answer:

Explanation:

check the steps below in explanation.

Explanation:

To create a filled map to show the distribution of total Sales by State across the United States, you need to do the following steps:

- * Open the link to Book1 found on the desktop. This will open the Tableau workbook that uses the Superstore data source.

- * Click on the Map tab at the bottom of the workbook to open the Map worksheet. You will see a blank worksheet with no marks.
- * Drag State from the Dimensions pane to Detail on the Marks card. This will create a map that shows each state as a mark. You may need to zoom in or out to see the whole map.
- * Drag Sales from the Measures pane to Color on the Marks card. This will create a filled map that shows the distribution of total Sales by State across the United States. The color legend will show you the range of values and colors for Sales.
- * Optionally, you can adjust the color scheme, transparency, size, and borders of the marks by clicking on the Color menu on the Marks card. You can also add labels, tooltips, or filters to enhance your map.

NEW QUESTION # 80

A Data Analyst has a data source that contains the following columns:

Name	Data Type
Order Date	Date
salesforce	String
State	String
City	String
Sales	Number (decimal)
Profit	Number (decimal)

The analyst has the following FIXED Level of Detail (LOD) expression called Region Sales:

{ FIXED [Region] : SUM([Sales]) }

The analyst has a view that has a dimension filter on the State column to exclude five states.

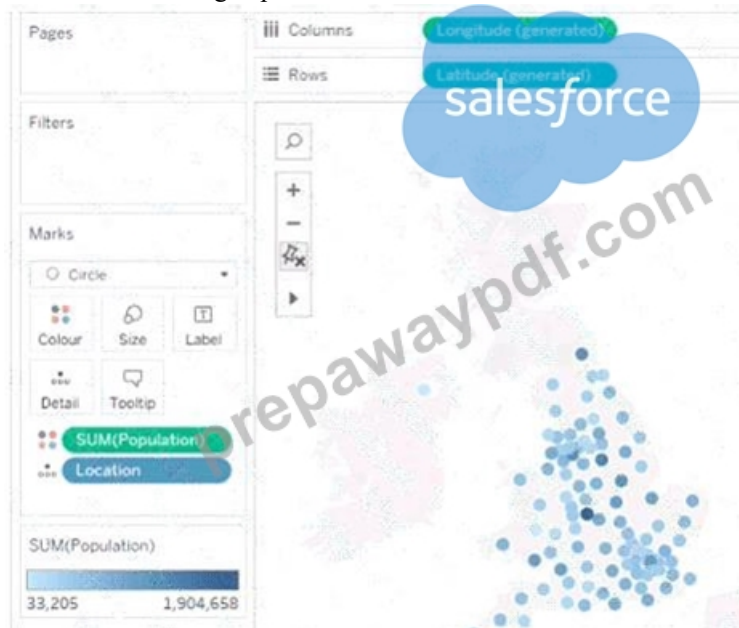

What should the analyst do to ensure the five states are also excluded from the LOD expression?

- A. Change the LOD expression to { FIXED [Region], [State] : SUM([Sales]) }.
- **B. Right-click the State dimension filter, and then click Add to Context.**
- C. Drag the LOD expression to the Filters shelf.
- D. Right-click the State dimension filter, and then click Attribute.

Answer: B

NEW QUESTION # 81

You have the following map.

You need the map to appear as shown in the following visualization.

What should you do?

- A. Change the mark type to Density
- B. Change the mark type to Map
- C. Drag Population to Size on the Marks card
- D. Change the opacity to 75%
- E. Drag Location to Size on the Marks card

Answer: A

Explanation:

The question presents a scenario where a geographic map visualization in Tableau needs to be transformed from a series of discrete circles representing data points to a density map visualization. The density map shows concentrations of data points with a gradient of color, where denser areas are indicated by a darker color.

Here's the explanation for each option:

A). Change the mark type to Density: This is the correct answer because changing the mark type to 'Density' in Tableau creates a density map, which displays the concentration of data points with a color gradient. This is exactly what is needed to achieve the visual effect shown in the second image, where regions with a higher concentration of data points are represented by darker shades.

B). Drag Location to Size on the Marks card: This option would adjust the size of the marks based on the number of locations, which is not relevant to creating a density map. It would result in varying sizes of circles, not a continuous gradient.

C). Change the mark type to Map: The visualization is already using a map. This option would not change the visualization to the desired density map.

D). Drag Population to Size on the Marks card: This would change the size of the circles based on the population values, making some circles larger and others smaller. This is not how a density map is created, which uses color intensity rather than size to show concentration.

E). Change the opacity to 75%: Changing the opacity would affect the transparency of the marks on the map but would not transform the visualization into a density map.

To achieve the visualization shown in the second image, the mark type must be changed to 'Density,' which will produce a heat map-like effect where the color intensity represents the concentration of data points.

Therefore, the correct answer is A. Change the mark type to Density.

To create a density map from a scatter plot of data points, you would change the mark type to Density. This mark type allows you to visualize the concentration of data points in an area, which can be useful for identifying clusters or patterns in geospatial data.

NEW QUESTION # 82

A Data Analyst has the following dataset in Microsoft Excel.

Product ID	QA_Score	Date	Price	
1324	Household	99	2021-05-01	\$ 11.00
4070	Garden	74	2020-04-01	\$ 12.99
788	Garden	66	2019-03-01	\$ 32.99
741	Household	71	2019-03-01	\$ 42.50
5433	Garden	78	2021-05-01	\$ 78.99
67	Garden	54	2019-03-01	\$ 109.99
5656	Garden	56	2019-03-01	\$ 123.78
1324	Garden	97	2021-05-01	\$ 29.99
4070	Garden	71	2019-03-01	\$ 78.99
788	Garden	74	2021-05-01	\$ 59.99
741	Household	74	2019-03-01	\$ 23.88
5433	Garden	65	2019-03-01	\$ 22.99
627	Garden	43	2019-03-01	\$ 103.00
5656	Garden	40	2019-01-31	\$ 34.00
5656	Garden	40	2019-01-31	\$ 23.00

The analyst is using Data Interpreter to cleanse the dataset. Data Interpreter provides the following results.

Product ID	QA_Score	Date	Price	Header
1324	Household	99	2021-05-01	\$11.00 Data
4070	Garden	74	2020-04-01	\$12.99 Data
788	Garden	66	2019-03-01	\$32.99 Data
741	Household	71	2019-03-01	\$42.50 Data
5433	Garden	78	2021-05-01	\$78.99 Data
67	Garden	54	2019-03-01	\$109.99 Data
5656	Garden	56	2019-03-01	\$123.78 Data
1324	Garden	97	2021-05-01	\$29.99 Data
4070	Garden	71	2019-03-01	\$78.99 Data
788	Garden	74	2021-05-01	\$59.99 Data
741	Household	74	2019-03-01	\$22.99 Data
5433	Garden	69	2019-03-01	\$109.00 Data
A67	Garden	43	2019-01-01	\$34.00 Data
5656	Garden	40	2019-01-31	\$23.00 Data

How many rows of data will be ingested into Tableau as values?

- A. 0
- B. 1
- C. 2
- D. 3

Answer: B

NEW QUESTION # 83

.....

Services like quick downloading within five minutes, convenient and safe payment channels made for your convenience. Even newbies will be tricky about this process. Unlike product from stores, quick browse of our Analytics-DA-201 practice materials can give you the professional impression wholly. So, they are both efficient in practicing and downloading process. By the way, we also have free demo of Analytics-DA-201 practice materials as freebies for your reference to make your purchase more effective.
