Salesforce Certified Sharing and Visibility Architect Sample Questions (Q51-Q56):

NEW QUESTION # 51
Which community function is impacted by having the Site User Visibility turned off in Sharing Settings?

- A. Searching for other external users.
- B. Updating their user profile.
- C. Searching for internal users.

Answer: A

Explanation:
* Site User Visibility Setting:
* When "Site User Visibility" is turned off, external users cannot search for or view other external users within the community.
* This setting helps maintain privacy and control user visibility.
* Why Option B is Correct:
* Disabling Site User Visibility directly impacts the ability to search for other external users.
* Why Others Are Incorrect:
* Option A: Updating their user profile is unrelated to this setting.
* Option C: Internal user visibility is not affected by this setting.
For further guidance, see Salesforce Community Sharing Settings documentation: https://help.salesforce.com/

NEW QUESTION # 52
Universal Containers would like to control access to records and objects according to the following business requirements: Sales users can view all account records but only edit their own records. Sales managers can view all account records but only edit records of their team. Service users can view all account records that are not marked with a RecordType of Prospect. Which organization-wide default configuration should an architect recommend to fulfill these requirements?

- A. Private
- B. Public Read Write
- C. Public Read/Transfer

Answer: A

Explanation:
* Private Organization-Wide Defaults (OWD):
* Setting OWD to Private ensures that users only have access to records they own unless additional sharing mechanisms are implemented (e.g., Role Hierarchy, Sharing Rules).
* Why Option C is Correct:
* Sales Users: Can view all accounts via a sharing rule but only edit their own records (ownership- based access).
* Sales Managers: Use the Role Hierarchy to view and edit records owned by their team.

* Service Users: Add criteria-based sharing rules to exclude access to "Prospect" record types.
* Why Others Are Incorrect:
* Option A (Public Read/Write): Grants all users full edit access, which violates the "edit only their own records" requirement for Sales Users.
* Option B (Public Read/Transfer): This is typically used for cases, not for granular access control as described.
For more information, see Salesforce OWD and Sharing Rules documentation: https://help.salesforce.com/

NEW QUESTION # 53
Which two settings are available in profiles, but not permission sets?
Choose 2 answers.

- A. Tab Settings
- B. Page Layout Assignments
- C. Record Types
- D. Login Hours

Answer: B,D

Explanation:
Explanation
The two settings that are available in profiles, but not permission sets are C and D. Page layout assignments and login hours are profile-specific settings that control the user interface and the time range that users can log in to Salesforce. The other options are either available in both profiles and permission sets, or not related to either.

NEW QUESTION # 54
Universal Containers (UC) has a team that analyzes customer orders looking for fraud. This team needs access to Invoice records (Custom object, Private OWD). UC \as complex rules to control users' access. The Salesforce Architect recommended using Apex managed sharing to meet these requirements.
Which two recommendations should a Salesforce Developer consider when implementing the changes7 Choose 2 answers

- A. Use "With Sharing" keyword to make sure record visibility will always be considered.
- B. Use "Without Sharing" keyword to make sure record visibility will be considered.
- C. Use runAs system method to test different users accessing these records.
- D. Use "With Sharing" keyword to enforce field-level security.

Answer: A,C

NEW QUESTION # 55
Mary is Joe's manager in the role hierarchy. The OWD for a custom Invoice object is Public ReadOnly and Mary's profile is not granted the Read permission for the Invoice object.
What action can Mary take on Joe's Invoice records?

- A. Edit Only
- B. View Only
- C. None
- D. Read/Write

Answer: C

NEW QUESTION # 56
......
