You can change the difficulty of these questions, which will help you determine what areas appertain to more study before taking your Salesforce Salesforce-Data-Cloud Exam Dumps. Here we listed some of the most important benefits you can get from using our Salesforce Salesforce-Data-Cloud practice questions.

Salesforce Data Cloud Accredited Professional Exam Sample Questions (Q24-Q29):

NEW QUESTION # 24

What is Data Cloud's primary value to customers?

- A. A platform that can update all connected systems with a golden record in real-time
- **B. A platform that provides a unified view of a customer and their related data**
- C. A platform that can create personalized campaigns by listening, understanding, and acting on customer behavior
- D. A single source of truth for all anonymous data

Answer: B

Explanation:

Data Cloud's primary value to customers is that it provides a platform that enables customers to create a unified view of a customer and their related data across different channels and systems, using the Customer

360 data model as the foundation. References: [Data Cloud Overview], [Customer 360 Data Model]

NEW QUESTION # 25

Which permission setting should an administrator check if the custom CRM object is not available in New Data Stream configuration?

- A. View All object permission enabled in source CRM org
- B. Ingest Object permission is enabled in the CRM org
- C. Create object permission enabled in Data Cloud org
- D. Modify All object permission enabled in Data Cloud org

Answer: A

Explanation:

This permission setting should be checked if the custom CRM object is not available in New Data Stream configuration. The user who connects the Salesforce CRM connector must have View All permission for the custom object in the source CRM org.

NEW QUESTION # 26

A segment fails to refresh with the error "Segment references too many Data Lake Objects (DLOs)". What are two remedies for this issue?

- A. Split the segment into smaller segments
- B. Refine segmentation criteria to limit up to 5 custom DMOs
- C. Use Calculated Insights in order to reduce the complexity of the segmentation query
- D. Space out the segment schedules to reduce Data Lake Object load

Answer: A,D

Explanation:

Explanation

These two remedies can help resolve the error "Segment references too many Data Lake Objects (DLOs)".

Spacing out the segment schedules can reduce the concurrent load on the Data Lake Objects and improve performance. Splitting the segment into smaller segments can reduce the number of Data Lake Objects that are referenced by each segment.

NEW QUESTION # 27

Luxury Retailers created a segment targeting high value customers that it activates through Marketing Cloud for email communication. The company notices that the activated count is smaller than the segment count.

What is a reason for this?

- A. Marketing Cloud activations apply a frequency cap and limit the number of records that can be sent in an activation.
- B. Marketing Cloud activations automatically suppress individuals who are unengaged and have not opened or clicked on an email in the last six months.
- C. Marketing Cloud activations only activate those individuals that already exist in Marketing Cloud. They do not allow activation of new records.
- D. Data Cloud enforces the presence of Contact Point for Marketing Cloud activations. If the individual does not have a related Contact Point, it will not be activated.

Answer: D

Explanation:

Data Cloud requires a Contact Point for Marketing Cloud activations, which is a record that links an individual to an email address. This ensures that the individual has given consent to receive email communications and that the email address is valid. If the individual does not have a related Contact Point, they will not be activated in Marketing Cloud. This may result in a lower activated count than the segment count. References: Data Cloud Activation, Contact Point for Marketing Cloud

NEW QUESTION # 28

What is allowed when editing a Calculated Insight?

- A. Removing existing measures
- B. Removing existing dimensions
- C. Adding new measures
- D. Adding new dimensions

Answer: C

Explanation:

Explanation

You can add new measures or dimensions to a Calculated Insight by selecting them from the available attributes list

NEW QUESTION # 29
