You will feel your choice to buy

PRINCE2Practitioner Exam Dump is too right.

PRINCE2 Practitioner Exam Sample Questions (Q144-Q149):

NEW QUESTION # 144

Which 2 alternative actions apply to the proposed business assurance for this project?

- A. Retain because he is familiar with the Ministry of Food Hygiene business strategy, the business level risk assessment and the Business Case standards.
- B. Add Outcome Consultants' because they carried out the feasibility study.
- C. Remove because he will be impacted by the project and therefore represents a user.
- D. Add 'Director of Finance Division' because she is responsible for checking that any supplier and contractor payments are authorized.
- E. Replace with 'Project Manager' because this is a simple project that does not require additional business assurance.

Answer: A,D

NEW QUESTION # 145

Scenario

A central government department, the Ministry of Food Hygiene (MFH), faces increasing pressure to cut costs, better manage suppliers' performance and reduce the confusion caused by inadequate internal controls, outdated standards and outdated technology. External consultants were employed to conduct a feasibility study to identify options to address the problems, and the likely costs and benefits. The following options were considered:

Do nothing.

Re-engineer selected business functions.

Outsource selected business functions.

The feasibility study concluded that there was a case for outsourcing the MFH Information Technology Division and the Facilities Division (maintenance of buildings and grounds). The recommendations were:

One service provider should be contracted to provide the services currently provided by the Information Technology Division and the Facilities Division.

A 10-year service contract should be agreed with the selected service provider.

The feasibility study developed high-level designs of the current organization, processes, systems and operating models, plus an outline Business Case for the required project. The external consultants also made the following recommendations for the management of the project:

Use PRINCE2.

Set up the project with 4 management stages:

Stage 1. Standard PRINCE2 initiation activities.

Stage 2. Create detailed designs (future organization, processes, systems and operating models) and the service level agreement between MFH and the future service provider.

Stage 3. Request and evaluate proposals, select service provider and agree contract.

Stage 4. Transfer equipment and staff, transfer responsibility for service provision and run trial period.

Initial estimates indicated that the project would cost £2.5m and take two years to complete.

MFH senior management agreed that there was a case for outsourcing, and accepted the recommendations as a basis for the project. There is an expected saving of £20m over 10 years.

The Outsourcing project has completed the Starting up a Project process and is now in the initiation stage.

Because of the strategic importance of the project, the MFH Chief Executive Officer has taken the role of Executive. A PRINCE2-experienced Project Manager has been appointed from within MFH. Staff within the business functions being outsourced will work with the external consultants who conducted the feasibility study to define the detailed designs.

Which 2 statements should be recorded under the Major risks heading?

- A. Due to market conditions a suitable service provider may not be found, possibly leading to premature closure of the project.
- B. The initial estimates, taken from the feasibility study report, indicate that the project will take two years to complete, which means that the business problems would remain for this period.
- C. Owing to employment contract changes staff may resist outsourcing, which would make it difficult to transfer staff to the selected service provider.
- D. The management stages recommended by the consultants may not be appropriate, resulting in confusion in planning.
- E. MFH's operations may be reduced and the 1a-year contract may not achieve its estimated value of £80m, which would reduce the service provider's profit.

Answer: B,C

NEW QUESTION # 146

HOTSPOT

Additional Information

Chief Executive Officer (CEO): He started the company 25 years ago and knows his job very well. He injured his leg two years ago which has restricted his visits to the engineering area. As CEO he has an overall perspective of the business strategic requirements and the authority to commit resources as required.

Marketing Director: She has been with the company for three years, following a successful career with a publicity company. She has the ability to represent the needs of the business, particularly as this is a marketing project. She has the authority to commit the annual business marketing budget, from which the project will be funded, as she sees appropriate. She will be responsible for monitoring the expected benefits of the calendar, in particular the improvement of the company's image.

Engineering Manager: He has been responsible for many engineering innovations in the company and is still as keen and energetic as the day he started. Whilst he will not be part of the project team, his staff will feature in the photos for the promotional calendar.

Central Records: This group of five staff looks after all company records and document control. They now maintain all project files.

Bright Lights: This is the local office supplies company. It supplies all the stationery and office equipment needs of the company and will supply the stationery for this project.

Portraits Ltd: This is a professional photographic company with a number of excellent photographers and a history of successful work. This company has been selected to take the photos for the company calendar. It has yet to be decided which of the photographers to use.

Using the additional information provided for this question in the Scenario Booklet, answer the following question.

Lines 1 to 5 in the table below consist of an assertion statement and a reason statement. For each line identify the appropriate option, from options A to E, that applies. Each option can be used once, more than once or not at all.

NEW QUESTION # 147

PRINCE2 proposes 3 levels of Plan, which are they?

- A. Project, Stage and Team Plans
- B. Initiation, Project and Stage Plans
- C. Initiation, Project and Benefit Review Plans
- D. Project, Stage and Exception Plans

Answer: A

NEW QUESTION # 148

Which 2 statements apply to the Acceptance criteria section?

- A. Move entry 21 to Composition because the photos are part of the final product.
- B. Amend entry 21 to 'Appearance - 12 photos each showing different members of staff.'
- C. Delete entry 22 because the development of the new company logo is not within the scope of the Calendar project.
- D. Delete entry 24 because this is NOT a suitable acceptance criteria for this project.
- E. Move entry 23 to Derivation because the Data Protection Act already exists.

Answer: B,C

Testlet 2

Scenario

Additional Information

Product Description

Quality notes from the Daily Log

The Director of Information Technology Division (DIT) has been asked to ensure that any changes to the outsourced staff employment contracts adhere to employment law. The DIT will review future job descriptions of the transferred staff before the final contract is signed with the selected service provider.

The service level agreement between MFH and the selected service provider will specify the type and quality of service required. The selected service provider must follow the industry standards for providing outsourced services.

MFH has a quality management system which contains a document control procedure for all its documentation, however this does not include change management.

All project documents will be subject to a quality review. Nominated products will require a formal approval record signed-off by the quality review chair.

Extract from the draft Quality Management Strategy (may contain errors) Introduction

1. This document defines the approach to be taken to achieve the required quality levels during the project.
2. The Project Board will have overall responsibility for the Quality Management Strategy.
3. Project Assurance will provide assurance on the implementation of the Quality Management Strategy.

Quality management procedure - Quality standards

4. The selected service provider will operate to industry standards for providing outsourced services.
5. MFH document standards will be used.

Records

6. A Quality Register will be maintained to record the planned quality events and the actual results from the quality activities.
7. Configuration Item Records will be maintained for each product to describe its status, version and variant.
8. Approval records for products that require them will be stored in the quality database.

Roles and responsibilities

9. The DIT will check that the employment contracts for outsourced staff adhere to employment law.
10. Team Managers will provide details of quality checks that have been carried out.
11. Team Managers will ensure that the Quality Register is updated with the names of team members who are involved in the review process.
12. The Senior User will review the Product Descriptions of the products to be produced by the selected service provider to ensure that they can be achieved.
