C-TS414-2023 Download Demo - C-TS414-2023 Latest Test Sample

You will feel convenient if you buy our product not only because our C-TS414-2023 exam prep is of high pass rate but also our service is also perfect. What's more, our update can provide the latest and most useful C-TS414-2023 exam guide to you, in order to help you learn more and master more. We provide great customer service before and after the sale and different versions for you to choose, you can download our free demo to check the quality of our C-TS414-2023 Guide Torrent. You will never be disappointed.

SAP Certified Associate - SAP S/4HANA Cloud Private Edition, Quality Management Sample Questions (Q70-Q75):

NEW QUESTION # 70
Your customer requires the lab to use quantitate characteristics during a production result recording.
Which result confirmation control indicators are available for quantitative results

- A. Single value
- B. Summarized
- C. Mean value
- D. Class confirmation
- E. Tolerance keys

Answer: A,B,D

NEW QUESTION # 71

Your costumer wants to determine a critical defect class
Which of the following function are possible during results recoding?
Correct 2 ans

- A. Trigger a subsequent inspection lot
- B. Tighten the quality level
- C. Trigger a workflow
- D. Active a quality notification

Answer: C,D

NEW QUESTION # 72

Which of the following can you use to explore released APIs?

- A. SAP Integration Suite
- B. SAP Business Accelerator Hub
- C. SAP Application Interface Framework

Answer: B

Explanation:
To explore released APIs in SAP S/4HANA:
* SAP Business Accelerator Hub (B): Formerly SAP API Business Hub, this is the official platform (https://api.sap.com) to explore,
test, and access released APIs for SAP S/4HANA, including QM- related APIs (e.g., Inspection Lot API). It's the standard tool as
of 2025.
* SAP Application Interface Framework (A): AIF is for monitoring and managing interfaces, not exploring APIs.
* SAP Integration Suite (C): This is for building integrations, not a primary API exploration tool.
Thus, "SAP Business Accelerator Hub" is the correct answer (single-choice context assumed).References:
SAP Help Portal - "SAP Business Accelerator Hub"; SAP S/4HANA Developer Guide - "APIs".

NEW QUESTION # 73

You are using the SAP Fiori app "Record Inspection Results" in the quality inspection. Which types of results recording are
possible? Note: There are 2 correct answers to this question.

- A. Summarized inspection results recording
- B. Recording of single inspection results
- C. Results recording for inspection points
- D. Classed inspection results recording

Answer: A,B

Explanation:
The SAP Fiori app "Record Inspection Results" (App ID: F2170) in SAP S/4HANA QM supports specific result recording types
for inspection lots:
* Recording of Single Inspection Results (B): This allows entering individual values for quantitative or qualitative characteristics (e.g.,
one value per sample), a standard feature in the app for detailed recording.
* Summarized Inspection Results Recording (D): The app supports entering a single aggregated value (e.g., average) for a
characteristic, ideal for summarized quantitative data, as configured in the MIC control indicators.
* Classed Inspection Results Recording (A): Classed recording (grouping results into ranges) is supported in classic transactions
(e.g., QE51N) but not explicitly in the standard Fiori app's functionality.
* Results Recording for Inspection Points (C): While inspection points are supported in QM, the Fiori app focuses on lot-level
recording and doesn't emphasize point-specific recording in its standard scope.
Thus, "Recording of single inspection results" and "Summarized inspection results recording" are the correct answers.References:
SAP Help Portal - "Record Inspection Results Fiori App"; SAP S/4HANA QM User Guide - "Fiori Apps in QM".

NEW QUESTION # 74

you can assign combination of material number and plants to one inspection plan Which organization structure must the plants share for correct cost collection in the inspection handlings ?

- A. Company code
- B. Sales organization
- C. Purchase organization
- D. Controlling Area

Answer: D

NEW QUESTION # 75

......
