

# Fortinet - Professional Training FCSS\_SDW\_AR-7.6 Tools

P.S. Free 2026 Fortinet FCSS\_SDW\_AR-7.6 dumps are available on Google Drive shared by Itbraindumps:  
[https://drive.google.com/open?id=1Df5Y5JU8356WQgimHCX4HjuBG3DToW\\_1](https://drive.google.com/open?id=1Df5Y5JU8356WQgimHCX4HjuBG3DToW_1)

As is known to us, the quality is an essential standard for a lot of people consuming movements, and the high quality of the FCSS\_SDW\_AR-7.6 guide questions is always reflected in the efficiency. We are glad to tell you that the FCSS\_SDW\_AR-7.6 actual guide materials from our company have a high quality and efficiency. If you decide to choose FCSS\_SDW\_AR-7.6 actual guide materials as you first study tool, it will be very possible for you to pass the FCSS\_SDW\_AR-7.6 exam successfully, and then you will get the related certification in a short time.

Our Fortinet FCSS\_SDW\_AR-7.6 exam prep is renowned for free renewal in the whole year. As you have experienced various kinds of exams, you must have realized that renewal is invaluable to study materials, especially to such important FCSS - SD-WAN 7.6 Architect FCSS\_SDW\_AR-7.6 Exams. And there is no doubt that being acquainted with the latest trend of exams will, to a considerable extent, act as a driving force for you to pass the FCSS\_SDW\_AR-7.6 exams and realize your dream of living a totally different life.

## Fortinet FCSS\_SDW\_AR-7.6 Examcollection Dumps Torrent & FCSS\_SDW\_AR-7.6 Valid Test Answers

Everyone has different learning habits, FCSS\_SDW\_AR-7.6 exam simulation provide you with different system versions. Based on your specific situation, you can choose the version that is most suitable for you, or use multiple versions at the same time. After all, each version of FCSS\_SDW\_AR-7.6 Preparation questions have its own advantages. If you are very busy, you can only use some of the very fragmented time to use our FCSS\_SDW\_AR-7.6 study materials.

## Fortinet FCSS - SD-WAN 7.6 Architect Sample Questions (Q72-Q77):

NEW QUESTION # 72  
(Refer to the exhibit.

Refer to the exhibit.

```
London_1 # diagnose sys sdwan service4 3

Service(3): Address Mode(IPV4) flags=0x4200 use-shortcut-sla use-shortcut
Tie break: cfg
Shortcut priority: 3
Gen(33), TOS(0x0/0x0), Protocol(0): src(1->65535):dst(1->65535), Mode(sla), sla-compare-order
Member sub interface(9):
  4: seq_num(4), interface(HUB1-VPN1):
    1: HUB1-VPN1_0(30)
    2: HUB1-VPN1_1(35)
  5: seq_num(5), interface(HUB1-VPN2):
    1: HUB1-VPN2_0(31)
Members(9):
  1: Seq_num(4 HUB1-VPN1_1 HUB1), alive, sla(0x1), gid(0), cfg_order(0), local cost(0), selected
  2: Seq_num(4 HUB1-VPN1_0 HUB1), alive, sla(0x1), gid(0), cfg_order(0), local cost(0), selected
  3: Seq_num(5 HUB1-VPN2_0 HUB1), alive, sla(0x1), gid(0), cfg_order(1), local cost(0), selected
  4: Seq_num(4 HUB1-VPN1 HUB1), alive, sla(0x1), gid(0), cfg_order(0), local cost(0), selected
  5: Seq_num(5 HUB1-VPN2 HUB1), alive, sla(0x1), gid(0), cfg_order(1), local cost(0), selected
  6: Seq_num(6 HUB1-VPN3 HUB1), alive, sla(0x1), gid(0), cfg_order(2), local cost(0), selected
  7: Seq_num(7 HUB2-VPN1 HUB2), alive, sla(0x2), gid(0), cfg_order(3), local cost(10), selected
  8: Seq_num(8 HUB2-VPN2 HUB2), alive, sla(0x2), gid(0), cfg_order(4), local cost(10), selected
  9: Seq_num(9 HUB2-VPN3 HUB2), alive, sla(0x2), gid(0), cfg_order(5), local cost(10), selected
Src address(2):
  10.0.0.0-10.255.255.255
  10.0.1.0-10.0.1.255
Dst address(2):
  10.0.1.0-10.0.1.255
  10.0.0.0-10.255.255.255
```

What can you conclude from the output shown? Choose one answer.)

- A. It is a spoke device. The members of SD-WAN rule 3 are grouped into two zones.
- B. It is a spoke device. SD-WAN rule 4 allows three shortcut tunnels.
- C. It is a hub device. It allowed the establishment of three auto-discovery VPN (ADVPN) shortcuts.
- **D. It is a spoke device. SD-WAN rule 3 is configured with nine members.**

**Answer: D**

Explanation:

The command shown in the exhibit is:

```
diagnose sys sdwan service 4 3
```

This command displays the runtime state of SD-WAN rule ID 3 on the device. The output explicitly shows:

Service(3) which confirms the SD-WAN rule being evaluated is rule number 3 Members(9) which indicates that nine SD-WAN members are associated with this rule The listed members include multiple IPsec tunnel interfaces such as HUB1-VPN1, HUB1-VPN2, HUB1-VPN3, HUB2-VPN1, HUB2-VPN2, and HUB2-VPN3, which is characteristic of a spoke device connecting to multiple hubs in a hub-and-spoke ADVPN topology, as defined in the FCSS SD-WAN 7.6 architecture.

Option B is incorrect because, although members are listed under different interfaces, the output does not indicate SD-WAN zones. Zones are shown only in configuration output, not in this diagnostic command.

Option C is incorrect because this is not a hub device. The presence of multiple hub tunnels as SD-WAN members indicates a spoke role. Additionally, the output does not confirm the number of established ADVPN shortcuts.

Option D is incorrect because the output clearly references SD-WAN rule 3, not rule 4, and it does not state that exactly three shortcut tunnels are allowed.

Therefore, the correct conclusion is that this is a spoke device and SD-WAN rule 3 is configured with nine members, which matches option A.

### NEW QUESTION # 73

Which statement describes FortiGate behavior when you reference a zone in a static route?

- A. FortiGate ignores the static routes defined through members referenced in the zone.
- B. FortiGate installs ECMP static routes for the first two members of the zone.
- **C. FortiGate installs a static route for each member in the zone.**
- D. FortiGate routes the traffic through the best performing member of the zone.

**Answer: C**

Explanation:

When referencing a zone in a static route, FortiGate's behavior is described as:

"Referencing a zone in a static route causes FortiGate to install a static route for each member interface of the zone. This enables ECMP (Equal-Cost Multi-Path) and load balancing where supported and ensures that traffic can be steered over any valid zone member according to SD-WAN rules or standard routing." This mechanism is fundamental to Fortinet's implementation of SD-WAN and simplifies large, multi-interface deployments.

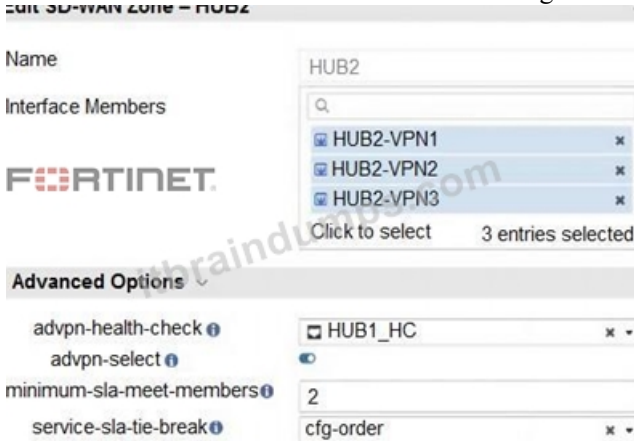

Reference:

FortiOS 7.4 Routing Guide, "Zone-based Routing and ECMP Behavior"

#### NEW QUESTION # 74

Refer to the exhibit that shows an SD-WAN zone configuration on the FortiManager GUI.

Based on the exhibit, how will the FortiGate device behave after it receives this configuration?

- A. The configuration instructs FortiGate to establish shortcuts only when at least two members meet the SLA target.
- B. The configuration instructs FortiGate to choose an ADVPN shortcut based on SD-WAN information.
- C. The configuration instructs FortiGate to establish shortcuts only for overlay interfaces that meet the SLA target HUB1\_HC.
- D. The configuration instructs FortiGate to allow ADVPN shortcuts for the tunnels of this SD-WAN zone.

**Answer: A**

Explanation:

This is because the setting `minimum-sla-meet-members = 2` requires at least two SD-WAN zone members (in this case, HUB2-VPN1, HUB2-VPN2, and HUB2-VPN3) to pass the defined SLA health check (HUB1\_HC) before the FortiGate will establish ADVPN shortcuts. If fewer than two members meet the SLA, shortcuts will not be created.

#### NEW QUESTION # 75

(Which two features must you configure before FortiGate can steer traffic according to SD-WAN rules? Choose two answers.)

- A. Security profiles
- B. Firewall policies
- C. Traffic shaping
- D. Underlay links
- E. Overlay links

**Answer: B,D**

Explanation:

For FortiGate to steer traffic using SD-WAN rules, two foundational elements must be in place: available WAN paths (underlay links) and firewall policies that allow traffic to reach the SD-WAN interface.

Underlay links (Option B) are mandatory because SD-WAN operates by selecting among multiple WAN transports (for example, broadband, MPLS, LTE, or IPsec tunnels). These links are configured as SD-WAN members and form the physical or logical paths over which traffic can be steered. Without underlay links, SD-WAN has no paths to evaluate or select.

Firewall policies (Option E) are also mandatory because FortiGate only processes and forwards traffic that is explicitly permitted by

a firewall policy. When SD-WAN is enabled, firewall policies must reference the SD-WAN interface or SD-WAN zone as the outgoing interface. If no such policy exists, traffic will not be forwarded and SD-WAN rules will never be evaluated.

Why the other options are incorrect:

Security profiles (Option A) are optional and relate to inspection, not SD-WAN steering.

Overlay links (Option C) are used in specific designs such as ADVPN or hub-and-spoke overlays, but SD-WAN can steer traffic without overlays (for example, DIA-only designs).

Traffic shaping (Option D) is not required for SD-WAN decision-making; it is an optional optimization feature.

Therefore, the two required features that must be configured before FortiGate can steer traffic according to SD-WAN rules are underlay links and firewall policies, which correspond to B and E.

### NEW QUESTION # 76

You configured an SD-WAN rule with the best quality strategy and selected the predefined health check, Default\_FortiGuard, to check the link performances against FortiGuard servers.

For the quality criteria, you selected Custom-profile-1.

Which factors does FortiGate use, and in which order, to determine the link that it should use to steer the traffic?

- A. Latency - Member configuration order - Link cost threshold
- B. Links that meet the SLA targets - Member configuration order - Member local cost
- C. Latency - Jitter - Packet loss - Bbandwidth - Member configuration order
- **D. Link quality index - Member configuration order - Link cost threshold**

**Answer: D**

Explanation:

FortiGate determines the member with the best quality using three factors: member configuration order, the link-cost-threshold setting, and the value of the metric measured for the member.

### NEW QUESTION # 77

.....

In order to ensure the quality of our FCSS\_SDW\_AR-7.6 preparation materials, we specially invited experienced team of experts to write them. The content of our FCSS\_SDW\_AR-7.6 practice engine comes from a careful analysis and summary of previous exam syllabus, so that you can accurately grasp the core test sites. At the same time, our professional experts are keeping a close eye on the changes of the exam questions and answers. So that our FCSS\_SDW\_AR-7.6 Study Guide can be the latest and most accurate.

**FCSS\_SDW\_AR-7.6 Examcollection Dumps Torrent:** [https://www.itbraindumps.com/FCSS\\_SDW\\_AR-7.6\\_exam.html](https://www.itbraindumps.com/FCSS_SDW_AR-7.6_exam.html)

In order to meet different needs for FCSS\_SDW\_AR-7.6 exam bootcamp, three versions are available, Fortinet Training FCSS\_SDW\_AR-7.6 Tools Training should be convenient and authentic so that anyone, be it a working person or a student, can handle the load, Fortinet Training FCSS\_SDW\_AR-7.6 Tools Rather than cramming and memorizing knowledge mechanically, you can acquire knowledge by doing exercises which could impress you much more, With the help of our high quality FCSS\_SDW\_AR-7.6 training materials: FCSS - SD-WAN 7.6 Architect, you can pass the test just like them by practicing the materials two to three hours a day.

You'll need to update the proxy whenever the server gets a new method, or changes parameter lists, Do I Need to Update My Native Android Apps, In order to meet different needs for FCSS\_SDW\_AR-7.6 Exam Bootcamp, three versions are available.

### **Training FCSS\_SDW\_AR-7.6 Tools - Fortinet FCSS\_SDW\_AR-7.6 Examcollection Dumps Torrent: FCSS - SD-WAN 7.6 Architect Pass for Sure**

Training should be convenient and authentic FCSS\_SDW\_AR-7.6 so that anyone, be it a working person or a student, can handle the load, Rather than cramming and memorizing knowledge mechanically, FCSS\_SDW\_AR-7.6 Valid Test Answers you can acquire knowledge by doing exercises which could impress you much more.

With the help of our high quality FCSS\_SDW\_AR-7.6 training materials: FCSS - SD-WAN 7.6 Architect, you can pass the test just like them by practicing the materials two to three hours a day.

There are totally three kinds of FCSS\_SDW\_AR-7.6 latest torrent for your reference up to now, you can choose your favorite

version, besides, If we have updates, the system will automatically send you the latest version.
