1 / 13

If you choose to buy our FCSS\_SDW\_AR-7.4 study pdf torrent, it is no need to purchase anything else or attend extra training. We promise you can pass your FCSS\_SDW\_AR-7.4 actual test at first time with our Fortinet free download pdf. FCSS\_SDW\_AR-7.4 questions and answers are created by our certified senior experts, which can ensure the high quality and high pass rate. In addition, you will have access to the updates of FCSS\_SDW\_AR-7.4 Study Material for one year after the purchase date.

## Fortinet FCSS\_SDW\_AR-7.4 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>SD-WAN Configuration: This section of the exam measures the skills of network engineers and covers configuring a basic SD-WAN setup. Candidates are expected to demonstrate their ability to define SD-WAN members and zones effectively, ensuring foundational network segmentation and management.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>Advanced IPsec: Intended for security engineers, this section covers the deployment of advanced IPsec topologies for SD-WAN, including hub-and-spoke models, ADVPN configurations, and complex multi-hub or multi-region deployments. Candidates need to demonstrate expertise in securing wide-area networks using IPsec technologies.</li></ul>

Topic 3	<ul style="list-style-type: none"><li>• <b>Centralized Management:</b> This domain evaluates network administrators' competence in deploying and managing SD-WAN configurations centrally using FortiManager. It includes tasks such as implementing branch configurations and utilizing overlay templates to streamline network management.</li></ul>

## FCSS\_SDW\_AR-7.4 Valid Study Plan, Pass Leader FCSS\_SDW\_AR-7.4 Dumps

We all know that FCSS - SD-WAN 7.4 Architect (FCSS\_SDW\_AR-7.4) exam dumps are an important section of the FCSS - SD-WAN 7.4 Architect (FCSS\_SDW\_AR-7.4) exam that is purely based on your skills, expertise, and knowledge. So, we must find quality FCSS\_SDW\_AR-7.4 Questions that are drafted by industry experts who have complete knowledge regarding the FCSS - SD-WAN 7.4 Architect (FCSS\_SDW\_AR-7.4) certification exam and can share the same with those who want to clear the FCSS\_SDW\_AR-7.4 exam. The best approach to finding FCSS - SD-WAN 7.4 Architect (FCSS\_SDW\_AR-7.4) exam dumps is to check the 2Pass4sure that is offering the FCSS - SD-WAN 7.4 Architect (FCSS\_SDW\_AR-7.4) practice questions.

### Fortinet FCSS - SD-WAN 7.4 Architect Sample Questions (Q58-Q63):

#### NEW QUESTION # 58

You have configured the performance SLA with the probe mode as Prefer Passive.

What are two observable impacts of this configuration? (Choose two.)

- A. FortiGate passively monitors the member if ICMP traffic is passing through the member.
- B. After FortiGate switches to active mode, the SLA performance rule falls back to passive monitoring after 3 minutes.
- C. During passive monitoring, the SLA performance rule cannot detect dead members.
- D. FortiGate passively monitors the member if TCP traffic is passing through the member.
- E. FortiGate can offload the traffic that is subject to passive monitoring to hardware.

**Answer: A,D**

Explanation:

FortiGate passively monitors the member if TCP traffic is passing through the member → With Prefer Passive mode, FortiGate inspects existing traffic (like TCP flows) to measure performance metrics without generating its own probes.

FortiGate passively monitors the member if ICMP traffic is passing through the member → Similarly, when ICMP flows exist, FortiGate uses them for SLA checks.

#### NEW QUESTION # 59

## SD-WAN Network Topology

Refer to the exhibit.

You want to configure SD-WAN on a network as shown in the exhibit.

The network contains many FortiGate devices. Some are used as NGFW, and some are installed with extensions such as FortiSwitch, FortiAP, or Forti Extender.

What should you consider when planning your deployment?

- A. You must use FortiManager to manage your SD-WAN topology.
- B. You must build multiple SD-WAN topologies. Each topology must contain only one type of extension.
- C. You can build an SD-WAN topology that includes all devices. The hubs must be devices without extensions.
- D. You can build an SD-WAN topology that includes all devices. The hubs can be FortiGate devices with Forti Extender.

**Answer: C**

Explanation:

In Fortinet SD-WAN, hubs should not have extensions like FortiSwitch, FortiAP, or FortiExtender installed, as these can affect hub functionality and scalability. While all device types can be included in the topology, the hubs must be "clean" FortiGate devices without such extensions to ensure proper ADVPN and overlay management.

### NEW QUESTION # 60

Which statement about SD-WAN zones is true?

- A. You cannot use an SD-WAN zone in static route definitions.
- B. An SD-WAN zone can contain only one type of interface.
- C. An SD-WAN zone can contain between 0 and 512 members.
- D. You can configure up to 32 SD-WAN zones per VDOM.

**Answer: C**

### NEW QUESTION # 61

Exhibit.

Serial Number	name	branch_id	admin_gw	sdwan_port1_gw	sdwan_port2_gw	lan_interface_ip	latitude	longitude
FGVM01TM22000077	branch1_fgt	1	172.16.0.2	192.2.0.2	192.2.0.10	10.0.1.254	37.37610911	-122.0260914
FGVM01TM22000078	branch2_fgt	2	172.16.0.10	203.0.113.2	203.0.113.10	10.0.2.254	25.77404351	-80.20508525
FGT40FTK20000624	shop1_fgt	11		198.0.1.1		10.10.1.254		
FGT40FTK20003026	shop2_fgt	12				10.10.2.254	48.88941	2.25125
FGVM02TM24010735		3	172.16.0.10	100.64.33.2	100.64.33.10	10.0.3.254	45.32482	-75.8359

For your ZTP deployment, you review the CSV file shown in exhibit and note that it is missing important information. Which two elements must you change before you can import it into FortiManager? (Choose two.)

- A. You must define a value for each device and each metadata variable that defines an IP address.
- B. You must define a value for each device and each user-defined metadata variable.
- C. You must associate a device blueprint with each device
- D. You must define a name for each device

Answer: C,D

### NEW QUESTION # 62

Refer to the exhibits.

**IPsec template for Branch\_IPsec\_1**

Name	Type	Outgoing Interface
HUB1-VPN1	Static	\$(ISP1)

**IPsec template for Branch\_IPsec\_2**

Name	Type	Outgoing Interface
HUB1-VPN2	Static	\$(ISP2)

**Error message in FortiManager**

Invalid template assignment - conflicting template assignment scope: device branch1\_fgt, vdom root, \_ipsec template [Branch\_IPsec\_1] and [Branch\_IPsec\_2]

The exhibits show two IPsec templates to define Branch IPsec 1 and Branch\_IPsec\_2. Each template defines a VPN tunnel. The error message that FortiManager displayed when the administrator tried to assign the second template to the FortiGate device is also shown.

Which statement best describes the cause of the issue?

- A. You should review the branch1\_fgt configuration for configured tunnels in the rootVDOM.
- B. You can assign only one IPsec template to each FortiGate device.
- C. You should use the same outgoing interface of both templates.
- D. You can assign only one template with a tunnel type of static to each FortiGate device.

**Answer: B**

**Explanation:**

The FortiManager SD-WAN overlay system allows only one IPsec template to be assigned to each device per overlay operation. The guide clarifies:

"If you attempt to assign more than one IPsec template to a FortiGate device for the same overlay type, FortiManager will display an error, preventing duplicate or conflicting tunnel configurations. This limitation ensures a one-to-one mapping between device and overlay template per operation, maintaining configuration integrity and preventing routing issues." This prevents complex troubleshooting scenarios and enforces best practices for overlay design.

**NEW QUESTION # 63**

.....

Another great way to assess readiness is the FCSS\_SDW\_AR-7.4 web-based practice test. This is one of the trusted online Fortinet FCSS\_SDW\_AR-7.4 prep materials to strengthen your concepts. All specs of the desktop software are present in the web-based Fortinet FCSS\_SDW\_AR-7.4 Practice Exam. MS Edge, Opera, Firefox, Chrome, and Safari support this FCSS\_SDW\_AR-7.4 online practice test.
