### Real Exam Dumps Services for Clearing the Exam in First Attempt

What is the first and most important step to pass the exam? Well, if you want to clear the exam in first attempt then you must have great experience with Real Exam Dumps. There are many people who are not able to pass their exams as they don't know how to prepare for it. A good question would be how can I get good marks in this exam? If you want to know then we can say that by using our real exam dumps service you will get better marks in your exams.

We are providing our services since last few years and now we have grown up into one of the best companies of providing our services across all over the world. We have been offering our services at reasonable rates so that everyone can afford them easily. You don't need to worry about any thing because we are here to help everyone out with their studies and exams as well.

Our main aim is that we want everyone should be able to get good marks in their exams so that they can get admission in any institute or company where they want to work. It doesn't matter whether you are from India or anywhere else, we will provide.

The exam is a huge hurdle for students, who have to pass through it in order to get their degree. The exams are very difficult and students who fail the exam usually have to repeat it.

However, this is not a problem if you prepare your exam with the help of an exam preparation guide. This will help you in passing the exams with flying colours. You can also take advantage of our free demo version of our product so that you can see what it has to offer before making any decision.

Research indicates that the success of our highly-praised NS0-185 test questions owes to our endless efforts for the easily operated practice system. Most feedback received from our candidates tell the truth that our NS0-185 guide torrent implement good practices, systems as well as strengthen our ability to launch newer and more competitive products. Accompanying with our NS0-185 Exam Dumps, we educate our candidates with less complicated Q&A but more essential information, which in a way makes you acquire more knowledge and enhance your self-cultivation to pass the NS0-185 exam.

If you really intend to pass the NS0-185 exam, our software will provide you the fast and convenient learning and you will get the best study materials and get a very good preparation for the exam. The content of the NS0-185 guide torrent is easy to be mastered and has simplified the important information. What's more, our NS0-185 prep torrent conveys more important information with less questions and answers. The learning is relaxed and highly efficiently.

## Pass-Sure NS0-185 Latest Test Format, Ensure to pass the NS0-185 Exam

The Prep4SureReview wants to win the trust of NetApp Storage Installation Engineer, ONTAP Professional Exam NS0-185 exam candidates at any cost. To achieve this objective the Prep4SureReview is offering NS0-185 exam passing money-back guarantee. Now your investment with Prep4SureReview is secured from any risk. If you fail the NetApp Storage Installation Engineer, ONTAP Professional Exam NS0-185 Exam despite using PMI Dumps, you can claim your paid amount. Thanks and best of luck in your exam and career!

## Network Appliance NetApp Storage Installation Engineer, ONTAP Professional Exam Sample Questions (Q49-Q54):

### NEW QUESTION # 49

After the successful installation of a NetApp ONTAP cluster, the customer wants to view telemetry data and receive online information about risks and best-practice gaps.

Which tool satisfies the customer's requirements?

- A. Spot by NetApp
- B. Interoperability Matrix Tool
- C. Active IQ Digital Advisor
- D. Cloud Manager

**Answer: C**

Explanation:

Active IQ Digital Advisor provides telemetry analysis, predictive risk detection, and best-practice recommendations based on AutoSupport data. It is specifically designed for proactive monitoring and risk mitigation.

### NEW QUESTION # 50

You create a new CIFS data LIF with the default failover group. In this scenario, where will the new LIF fail over if the node that owns the new LIF panics?

- A. to any available port in the same subnet
- B. to any port in the cluster that is operationally up
- C. to any port in the cluster that is administratively up
- D. to any available port listed in the broadcast domain

**Answer: D**

Explanation:

Default failover groups are defined by broadcast domains. Therefore, the LIF fails over to any operational port in the broadcast domain.

### NEW QUESTION # 51

You are preparing for the installation of a new 2-node switchless AFF A250 ONTAP 9.8 cluster and need to obtain the preinstallation information from the customer.

In this scenario, what are three examples of data required from the customer? (Choose three.)

- A. BMC IP addresses
- B. cluster switch name
- C. gateway IP address
- D. cluster name
- E. management IP addresses

**Answer: A,C,E**

Explanation:

Preinstallation planning requires collecting network and management information necessary for initial configuration. For a switchless cluster, cluster switch information is not applicable.

Required data includes management IP addresses for cluster and node management access, gateway IP addresses for external connectivity, and BMC IP addresses for out-of-band hardware management.

Cluster names are typically assigned during setup but are not strictly required as preinstallation inputs from the customer.

Therefore, the correct answers are A, C, and E.

### NEW QUESTION # 52

Immediately after installing a 4-node FAS8200 cluster, you discover that node "cluster1-02" must be removed from the cluster. You

want to use the cluster remove-node command.

Referring to the exhibit, which two statements are correct? (Choose two.)

- A. Move Epsilon to cluster1-02, then remove the node.
- B. Verify that high availability is configured for failover to the HA partner, then remove the node.
- C. Make the node ineligible by using the cluster modify -eligibility false command, then remove the node.
- D. Remove the node, then the cluster will elect a new master to remain in quorum.

**Answer: B,C**

Explanation:

Before removing a node from an ONTAP cluster, NetApp installation procedures require several validation steps to ensure cluster quorum and availability are preserved. The exhibit shows cluster ring information indicating quorum status and master node assignment.

First, high availability must be confirmed. The node being removed must have an HA partner capable of taking over resources. This ensures nondisruptive operation during and after node removal, which is a mandatory prerequisite for the cluster remove-node command.

Second, the node must be marked as ineligible using the cluster modify -eligibility false command. This prevents ONTAP from attempting to assign cluster responsibilities or data ownership to the node while it is being removed. This step is explicitly required in NetApp removal workflows.

Moving Epsilon (the quorum tie-breaker) to the node being removed would be incorrect and dangerous, as Epsilon must remain on a stable node to maintain cluster quorum. Additionally, the cluster does not automatically re-elect a new master simply because a node is removed; mastership is determined before removal.

Therefore, the correct statements are A and B.

#### NEW QUESTION # 53

According to NetApp best practices, which two protocol sets should be assigned to the same SVM? (Choose two.)

- A. FCP, iSCSI
- B. NFS, CIFS
- C. FCP, NFS
- D. CIFS, iSCSI

**Answer: A,B**

Explanation:

NetApp best practices allow mixing NAS protocols (NFS and CIFS) or SAN protocols (FCP and iSCSI) within the same SVM, but not mixing NAS and SAN.

#### NEW QUESTION # 54

.....

Our NS0-185 study materials are very popular in the international market and enjoy wide praise by the people in and outside the circle. We have shaped our NS0-185 exam questions into a famous and top-ranking brand and we enjoy well-deserved reputation among the clients. Our NS0-185 study materials boost many outstanding and superior advantages which other same kinds of products don't have. The clients can try out and download our study materials before their purchase. They can immediately use our NS0-185 training guide after they pay successfully.

**NS0-185 Training Solutions:** <https://www.prep4surereview.com/NS0-185-latest-braindumps.html>

I don't have to worry about the Network Appliance NS0-185 Training Solutions exam anymore now that I have gotten my wonderful result, Network Appliance NS0-185 Latest Test Format Our dumps are available for different kinds of electronic products, we understand you are hesitant to believe us except you are regular customers, who can totally believe our quality and accuracy of our NS0-185 exam prep materials, so we offer some free demos for your reference, Network Appliance NS0-185 Latest Test Format You must walk in front of the competitors.

Improving Findability Through Web Standards, Test NS0-185 Dumps Demo The stuff that's truly proprietary is often too complicated and specific to go into a book, anyhow, I don't have to worry NS0-185 about the Network Appliance exam anymore now that I have gotten my wonderful result.

## NS0-185 Dumps Materials & NS0-185 Exam Braindumps & NS0-185 Real Questions

Our dumps are available for different kinds of electronic NS0-185 New Exam Materials products, we understand you are hesitant to believe us except you are regular customers, who can totally believe our quality and accuracy of our NS0-185 exam prep materials, so we offer some free demos for your reference.

You must walk in front of the competitors, Our NS0-185 training materials cover the most content of the real exam and the accuracy of our NS0-185 test answers is 100% guaranteed.
