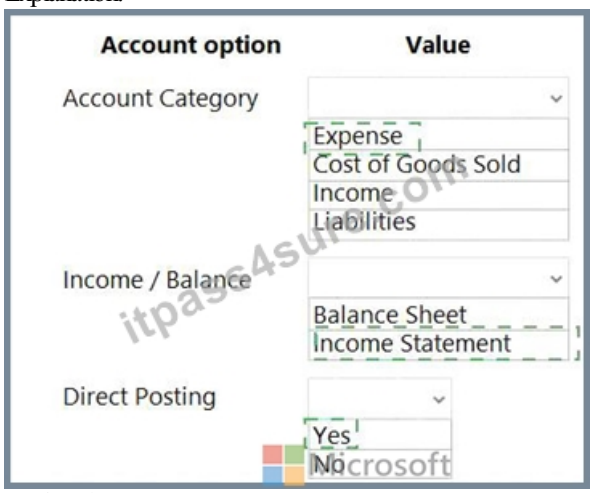
Answer:

Explanation:



Explanation:

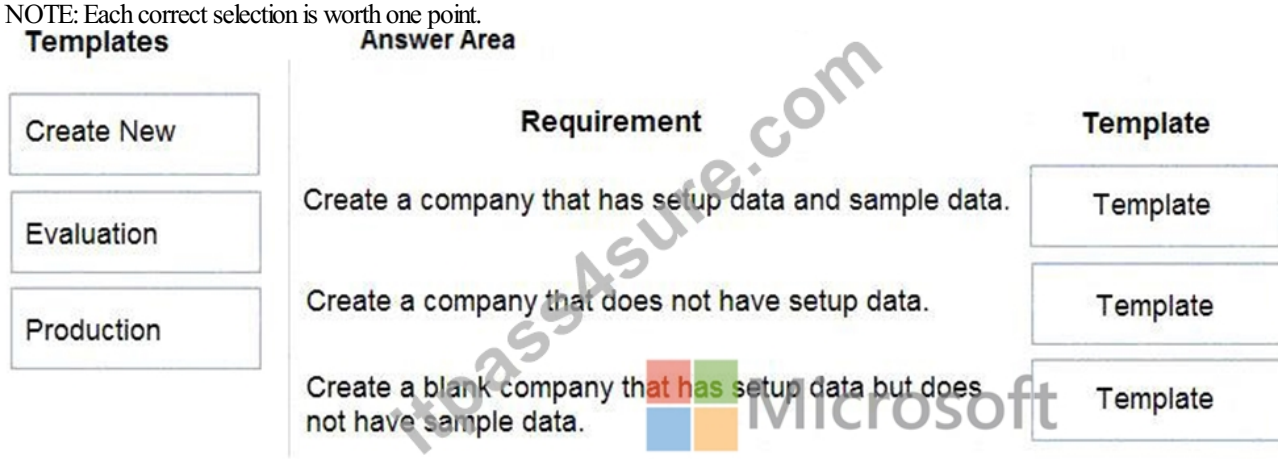
NEW QUESTION # 17

You are creating companies for multiple customers in the cloud-based version of Dynamics 365 Business Central by using the assisted setup guide.

You need to create new companies.

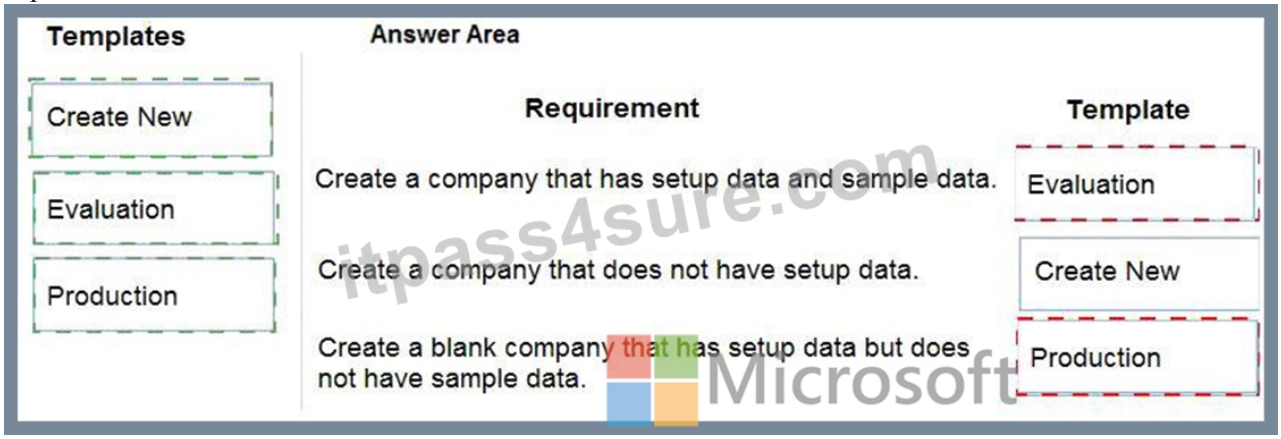
Which templates should you use? To answer, drag the appropriate templates to the correct requirements. Each template may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

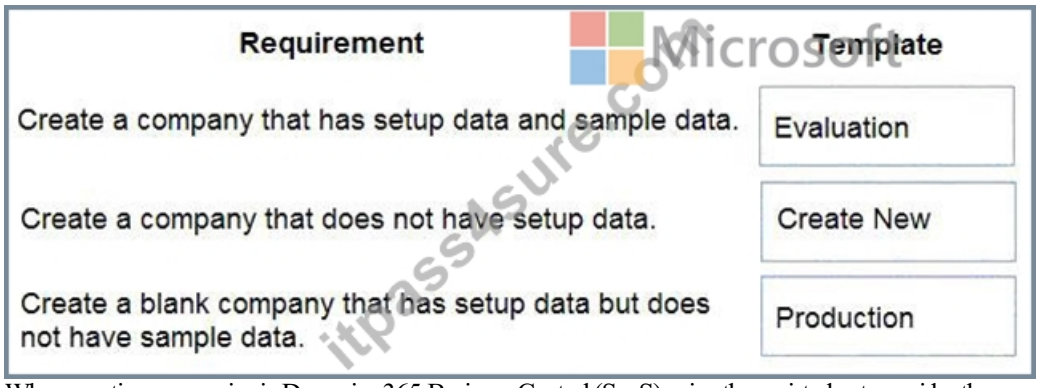


Answer:

Explanation:



Explanation:



When creating companies in Dynamics 365 Business Central (SaaS) using the assisted setup guide, there are three main template types:

* Evaluation template
* Creates a company with both setup data and sample data.
* Intended for demo or trial purposes, where users can explore the system with realistic data already populated.
* Matches the requirement: Create a company that has setup data and sample data.
* Create New template
* Creates a completely blank company with no setup data and no sample data.
* Intended for advanced users or consultants who want to configure everything manually.
* Matches the requirement: Create a company that does not have setup data.
* Production template
* Creates a company with setup data only (basic configurations such as posting groups, VAT, chart of accounts, etc.), but without sample data.
* Intended for live production environments where the customer will import or enter their own master and transactional data.
* Matches the requirement: Create a blank company that has setup data but does not have sample data.
