Quiz 2026 Authoritative HPE7-A03: Latest Aruba Certified Campus Access Architect Exam Exam Vce

The price for HPE7-A03 training materials is quite reasonable, and no matter you are a student or you are an employee at school, you can afford it. HPE7-A03 exam dumps are edited by experienced experts, therefore the quality can be guaranteed. HPE7-A03 training materials contain both questions and answers, and it's convenient for you to check the answers after finish practicing. In addition, HPE7-A03 Exam Dumps cover most knowledge points of the exam, and you can also improve your ability in the process of learning.

HP Aruba Certified Campus Access Architect Exam Sample Questions (Q59-Q64):

NEW QUESTION # 59
A global furniture retail company called 'No-Stair Inc.' requests you design their new WLAN infrastructure for a global footprint. Each location of 'No-Stair Inc." has a similar layout: three small manager offices, a warehouse, and a 'retail' area. The 'retail' area and the warehouse together amount to 95% of the location. The IT department of the company is minimally engaged in their LAN refresh so the CTO of the company has shared the information below.
Current WLAN Infrastructure is based on the 802.11n "WIFI4Less" access-points series (both model 2013-INT (2.4 only internal antenna) and model 2019-EXT (dual-band external antenna only). These AP models are standalone without any centralized

management. Last year 'No-Stair Inc.' ran a project called 'secure-it' ensuring that all needed network security was implemented to be fully compliant with their security standards. During this project, they also upgraded the AAA.

Infrastructure to handle the increased AAA requests. No additional Wi-Fi or security requirements are listed for this WLAN refresh, which means that 'No-Stair Inc.' will continue to use bridged SSIDs, with local breakout into different VLANs.

The CTO of 'No-Stair Inc.' understands the need for you to ask additional questions to deliver the design. The questions may be sent in written form and will be answered within two weeks.

Which additional question is correct in order to collect needed information for the WLAN design?

- A. What WAN redundancy is required should a remote WAN or ISP connection fail?
- B. Is there an SD-WAN solution such as EdgeConnect?
- C. Is there a current RF survey report that you can share?
- D. Give a brief list of the current critical wired issues that the existing switches do not support.

Answer: C

Explanation:
A current RF survey report provides essential information about the existing RF environment, coverage, interference, and propagation characteristics. This is critical input for creating an accurate and effective WLAN design for the refreshed infrastructure.

NEW QUESTION # 60

A large multinational financial institution has contracted you to design a new full-stack wired and wireless network for their new 6-story regional office building. The bottom two floors of this facility will be retail space for a large banking branch. The upper floors will be carpeted office space for corporate users, each floor being approximately 100.000 sq ft (9290 sqm). Data centers are all off site and will be out of scope for this project. The customer is underserved by its existing L2-based network infrastructure and would like to take advantage of modern best practices in the new design. The network should be fully resilient and fault-tolerant, with dynamic segmentation at the edge.

The retail space will include public guest Wi-Fi access. Retail associates will have corporate tablets for customer service, and there will be a mix of wired and wireless devices throughout the retail floors. The corporate users will primarily use wireless for connectivity, but several wired clients, printers, and hard VoIP phones will be in use.

The customer is also planning on renovating the corporate office space in order to take advantage of "smart office' technology. These improvements will drive blue-dot wayfinding. presence analytics, and other location- based services The client would like 10 include Blue Dot location tracking in their four floors of corporate space. The APs are not Ideally placed to allow for smooth map transitions.

What could you add lo provide better tracking? (Select two.)

- A. tags
- B. beacons
- C. more APs
- D. UXI sensors

Answer: B,C

Explanation:
For improving Blue Dot location tracking in corporate spaces where access points (APs) are not ideally placed for smooth map transitions, adding more APs and deploying beacons are effective strategies. More APs can enhance the density and coverage of the Wi-Fi network, providing more data points for more accurate location tracking. Beacons, specifically designed for precise indoor positioning, can supplement Wi-Fi-based location services by broadcasting signals that mobile devices can use to determine their location with greater accuracy. This combination ensures better tracking and smoother map transitions within the corporate space, enhancing the overall effectiveness of the Blue Dot location tracking solution.

NEW QUESTION # 61

What type of cable is needed for a direct connection between two CX 8325 equipped with Aruba
100G QSFP28 SR4 transceivers?

- A. one 12-strand MMF type-B cable with a maximum length of 100 m
- B. one 8-strand MMF type-A cable with a maximum length of 100 m
- C. one duplex MMF LC cable with a maximum length of 95 m
- D. one duplex SMF LC cable with a maximum length of 300 m

Answer: A

Explanation:
A 100G QSFP28 SR4 module uses 4 optical lanes in each direction, requiring a 12-fiber MPO/MTP Type-B multimode cable.
SR4 supports up to 100 meters over OM4 MMF, matching the requirement for a direct 100G link between two CX 8325 switches.

NEW QUESTION # 62

ACME retail has 38 locations spread out across Ave US states and two provinces in Canada. They are looking to grow 20% over the next two years. They have an HO with a staff of 200 employees. The organization has eight Regional Managers and two VPs who work from home and the road. Stores typically have 17 employees on average per location.
The two warehouses have a remote loading system and 20 employees each to load the trucks and fulfill the online orders. The warehouse has 40-foot ceilings and large metal racks to store inventory. The main location is 240K sq ft (22300 st) m) and the Canadian warehouse Is 130K sq ft (12100 sq ml. The forkllfts on the loading docks are equipped with a wireless tablet on board. A typical store Is reportedly about 60.000 sq ft (5575 sqm) and smaller stores are planned at 25.000 sq ft
'2320 sq mi. The locations need to expand the abilities to vendors that need to add setup displays or Interactive kiosks in the stores. The current Infrastructure was installed In 2015 and used wireless N technology in a coverage model. The wiring is CatS. and they are unsure of the fiber connections. The inventory is all placed on the floor when it is delivered to the local store.
Inventory control is handled through Zebra barcode scanners, and they have had a lot of issues in getting signals throughout the stores and this makes monthly inventory difficult. The organization has a small help desk to troubleshoot issues that happen at the retail locations and PC support for the office. The company is looking to upgrade away from the current pbx system later this year. With the need to grow and cut costs, they are interested in moving the data to the cloud but need to get almost real-time inventory control for the online service to function.
The network has all been wired over the last ten years, but with the new systems being all wireless, they have seen the trend to offer wireless to all the vendors for their needs but also would like to allow employees, guests, and contractors all to use it. With the new IT director starting next week, the project has been set by the CTO of the company. The marketing group has asked how they can interact with the customers and get more info, while the IT support desk needs to cut staff in halt.
The. office has an MDF and two IDFs located on floors one and two. The HOF is in the basement, and you have multiple WAN circuits for the HO links. Each store has a local handoff from the cable company (ethernet) In the middle of the store in the office, so distance for the wiring is not an issue.
The customer has budget concerns but does want something that could last 7+ years.
What are two primary concerns of the Stakeholder' (Select two.)

- A. ease of access
- B. cost of solution
- C. expansion
- D. future proof

Answer: B,D

Explanation:
For the stakeholders at ACME Retail, the primary concerns include the cost of the solution and ensuring that the solution is future-proof. Given the company's budget concerns, it is crucial that the chosen network infrastructure offers a good return on investment and aligns with their financial constraints. At the same time, considering the company's growth plans and the rapid evolution of technology, the solution must be scalable and adaptable to future needs. This involves selecting networking equipment and technologies that can support emerging trends, such as increased wireless device usage, cloud computing, and advanced security requirements, without necessitating frequent, costly upgrades. Balancing these concerns will help ACME Retail achieve its operational goals while positioning itself for sustainable growth and innovation.

NEW QUESTION # 63

XYZ Regional Hospital is an integrated healthcare system of Hospitals, neighborhood health centers, and small doctor offices. XYZ Regional Hospital has recently merged with 1x neighborhood health centers and
1Z5 doctor branch offices. The wireless, wired access, and AAA solutions are outdated and need to be replaced.
XYZ Regional Hospital is looking to future-proof and improve efficiency across all sites by enhancing wired and wireless access and migrating to a centralized and unified wired/wireless and policy management that can provide uninterrupted availability of all systems.
Locations:
- XYZ Regional Hospital Is located In New York City
- Dila Health Center Is located in City A
- Mount Health Center is located In City B

- Rock Health Center is located in City C
- Branch clinics are located at different locations across the United States Requirements:
- Provide, via management software, one single pane of glass to manage wired and wireless LANs, and VPNs across campus, branch, and remote via web/cloud architecture providing near real-time insight, troubleshooting tools, and service Level performance reporting.
- Seamless integration across wired, wireless. WAN, S0-8ranch. IoT
* Provide secure wireless access to all the employees of (he Regional Hospital and partners, as well as provide wireless Internet access to medical citizens when they visit our facilities.
- All-access points must support the following features and specifications: 802.1 lax (WI-FI 6E Certified)
- Security options Including WPZ/WPA3. 80Z.1 X with Radius secure authentication
- Identify and authenticate every wireless and wired device
- End-to-end role-based security
- Seamless mobility across the hospital tor medical teams, patients, and visitors
- Cuts Wi-Fi deployment times from days to hours and enables Zero-Touch deployments across the site
- Establishes a resilient, future-ready network infrastructure with the intelligence, scalability, and intuitive toolsets to meet emerging needs
- Fully redundant branch solution with dynamic path selection to the hospital XYZ Regional Hospital is looking tor an NAC solution to address its security challenges-Requirements:
- fully redundant NAC solution for management and authentication
- wireless and wired authentication for the main hospital will be handled locally The IT director of XYZ Regional Hospital is interested in a solution tor nurse workstation tracking. What solution would meet the customer's requirements? (Select three.)

- A. Map Subscription
- B. Aruba Tags Configuration App
- C. Aruba User Experience Insight
- D. Airwave
- E. Client insight
- F. Asset Tracking Subscription

Answer: A,C,F

Explanation:
For nurse workstation tracking, Aruba User Experience Insight can provide insights into how applications and network services are performing, which can help in understanding user experiences across the hospital network. The Asset Tracking Subscription is a crucial component for keeping track of physical assets such as nurse workstations. The Map Subscription would complement the asset tracking by providing detailed maps of the hospital's interior, enabling precise location tracking of the workstations. These solutions together would allow the hospital to effectively track and manage their resources, ensuring that nurses can find workstations quickly and efficiently, which is essential in a fast-paced medical environment.

NEW QUESTION # 64

......

If you are a new comer for our HPE7-A03 practice engine, you may doubt a lot on the quality, the pass rate, the accuracy and so on. You can go for the free demos of the HPE7-A03 learning braindumps and make sure that the quality of our HPE7-A03 Exam Questions And Answers which can serve you the best. You are not required to pay any amount or getting registered with us for downloading free demos of our HPE7-A03 training guide. They are all free for you to download.

HPE7-A03 Visual Cert Exam: https://www.dumpexams.com/HPE7-A03-real-answers.html

HP Latest HPE7-A03 Exam Vce It is commonly used for quick preparation, HP Latest HPE7-A03 Exam Vce All these considerations are being added to our services with the Customer first principle as our culture aims, So you will get the latest HPE7-A03 guide torrent materials whenever you decide to take it, Different from traditional learning methods, our HPE7-A03 exam products adopt the latest technology to improve your learning experience.

Chapter Four: Create Visual Depth with Color, Aruba Certified Campus Access Architect Exam (HPE7-A03) dumps PDF version is printable and embedded with valid HP HPE7-A03 questions to help you get ready for the Aruba Certified Campus Access Architect Exam (HPE7-A03) exam quickly.

Trusting Reliable Latest HPE7-A03 Exam Vce Is The Quickest Way to Pass Aruba Certified Campus Access Architect Exam

It is commonly used for quick preparation, HPE7-A03 All these considerations are being added to our services with the Customer firstprinciple as our culture aims, So you will get the latest HPE7-A03 guide torrent materials whenever you decide to take it.

Different from traditional learning methods, our HPE7-A03 exam products adopt the latest technology to improve your learning experience, When you feel it is hard to HPE7-A03 Valid Exam Book pass the exam, you will find some valid and actual resource for your preparation.
