PRINCE2 7 Foundation written Exam Sample Questions (Q101-Q106):

NEW QUESTION # 101

Which is a minimum requirement when applying the business case theme?

- A. To define the management actions required to ensure the project's outcomes are achieved
- B. To specify the solution to be used to deliver the business option selected
- C. To integrate the benefits management approach with the project and stage plans
- D. To ensure the corporate business plan is updated with the project costs and benefits

Answer: C

Explanation:

One of the minimum requirements when applying the Business Case theme in PRINCE2 is to integrate the Benefits Management Approach with the project's plans. This requirement ensures that there is a clear line of sight between the project's outputs,

outcomes, and the expected benefits. It focuses on planning for the realization of benefits from the outset, which is essential for justifying the project throughout its life cycle.

NEW QUESTION # 104

What is documented in the project plan to support the 'manage by exception' principle?

- A. The expected project benefits
- B. Activities to mitigate project risks
- C. A project product's quality criteria
- **D. The project's tolerances for cost and time**

Answer: D

Explanation:

In support of the 'manage by exception' principle, the Project Plan in PRINCE2 documents the project's tolerances for key variables such as cost, time, quality, scope, risk, and benefit. These tolerances define the limits within which the Project Manager can operate without needing to escalate decisions to the Project Board, facilitating efficient decision-making and control at each level of project management.
