What are some important characteristics of "key users"? Note: There are 3 correct answers to this question.

- A. Technical system knowledge
- B. Programming skills
- C. Training skills
- D. Business expertise
- E. Collaborative attitude

Answer: C,D,E

Explanation:

Key users play a critical role in SAP S/4HANA Cloud Public Edition implementations, acting as subject matter experts and change agents within the organization. Their characteristics are essential for driving adoption and ensuring project success.

* Option A: Programming skills Incorrect. Key users focus on business processes and user adoption, not technical development. The SAP S/4HANA Cloud OCM Guide states, "Key users do not require programming skills, as their role centers on business expertise and process knowledge, not technical development."

* Option B: Collaborative attitude Correct. Key users must work effectively with project teams, consultants, and end users. The SAP Activate Methodology Guide explains, "A collaborative attitude is a key characteristic of key users, enabling them to bridge communication between business units and the implementation team."

* Option C: Training skills Correct. Key users often train end users and support adoption, requiring training capabilities. The SAP S/4HANA Cloud OCM Guide notes, "Key users possess training skills to educate end users on system processes, ensuring effective knowledge transfer and adoption."

* Option D: Technical system knowledge Incorrect. While some technical understanding is helpful, it is not a primary characteristic. The SAP S/4HANA Cloud Study Guide clarifies, "Key users focus on business processes, with technical system knowledge being secondary to their role as business experts."

* Option E: Business expertise Correct. Key users are subject matter experts in their business areas, ensuring processes align with organizational needs. The SAP Activate Methodology Guide confirms, "Business expertise is a core characteristic of key users, enabling them to validate processes and drive business alignment during implementation." Extract from Official Documentation:

* SAP S/4HANA Cloud OCM Guide (SAP Help Portal, <https://help.sap.com>): "Key users are characterized by their business expertise, collaborative attitude, and training skills, which enable them to support process validation, user training, and adoption throughout the project."
