Valid NS0-528 Test Pdf - Exam NS0-528 Practice

Network Appliance Implementation Engineer - Data Protection Exam evolves swiftly, and a practice test may become obsolete within weeks of its publication. We provide free updates for Network Appliance NS0-528 exam questions for three months after the purchase to ensure you are studying the most recent solutions. Furthermore, PassTestking is a very responsible and trustworthy platform dedicated to certifying you as a specialist. We provide a free sample before purchasing Network Appliance NS0-528 valid questions so that you may try and be happy with its varied quality features. Learn for your Network Appliance with confidence by utilizing the PassTestking NS0-528 study guide, which is always forward-thinking, convenient, current, and dependable.

Network Appliance NS0-528 Exam Syllabus Topics:

Topic	Details
Topic 1	• Data Protection Solutions: This section of the exam measures the skills of Storage Architects and covers the foundational principles of designing data protection solutions. It focuses on creating comprehensive design documentation, understanding the various components involved, and identifying all critical solution dependencies to ensure a robust and reliable data protection strategy.
Topic 2	• NetApp Data Protection Software: This section of the exam measures the skills of DevOps Engineers and focuses on the deployment and administration of NetApp's proprietary data protection software. A key part of this domain involves applying these solutions to protect modern containerized applications running in Kubernetes environments.
Topic 3	• NetApp ONTAP Business Continuity Solutions: This section of the exam measures the skills of Disaster Recovery Specialists and covers advanced business continuity technologies. This includes the configuration and operation of SnapMirror active sync for continuous data replication and the execution of SVM-DR (Storage Virtual Machine Disaster Recovery) operations to ensure high availability.

Topic 4	• NetApp ONTAP Core Data Protection Features: This section of the exam measures the skills of Systems Administrators and validates core knowledge of data protection and redundancy within the ONTAP environment. It encompasses understanding how data efficiencies impact protection strategies and the practical knowledge required to deploy these data protection solutions effectively in a hybrid cloud infrastructure.
Topic 5	• Troubleshooting and Testing: This section of the exam measures the skills of Support Engineers and focuses on the practical skills needed to maintain data integrity. It involves troubleshooting common data protection configuration issues, executing well-defined Disaster Recovery (DR) procedures, and performing data restore operations to recover from data loss.

Network Appliance NS0-528 Questions: Defeat Exam Preparation Stress [2026]

The curtain of life stage may be opened at any time, the key is that you are willing to show, or choose to avoid. Most of People who can seize the opportunity in front of them are successful. So you have to seize this opportunity of PassTestking. Only with it can you show your skills. PassTestking Network Appliance NS0-528 Exam Training materials is the most effective way to pass the certification exam. With this certification, you will achieve your dreams, and become successful.

Network Appliance Implementation Engineer - Data Protection Exam Sample Questions (Q243-Q248):

NEW QUESTION # 243
Which two statements are correct about MetroCluster IP requirements for intercluster LIFs? (Choose two.)

- A. A dedicated network port is required.
- B. At least one interface per node is required.
- C. Either an IPv6 address or IPv4 address is required.
- D. Jumbo frames are required.

Answer: A,C

NEW QUESTION # 244
You have multiple NetApp ONTAP clusters running on premises and in the cloud. You are asked to use NetApp BlueXP to manage the data protection relationship between these clusters.
Which two features make managing the data protection relationship easier and effective with BlueXP in the hybrid multicloud environment? (Choose two.)

- A. drag-and-drop replication between clusters
- B. creation of resource pools for backup management
- C. failover, failback, and resync with a click of a button
- D. creation of SVM associations for SnapMirror SVM replication

Answer: A,C

Explanation:
NetApp BlueXP simplifies data protection across hybrid multicloud environments by enabling:
* One-click failover, failback, and resync operations, which streamline disaster recovery workflows.
* Drag-and-drop replication, which provides an intuitive interface to easily create SnapMirror relationships between on-prem and cloud-based ONTAP clusters.

NEW QUESTION # 245

What does the metrocluster configuration-settings interface create command do?

- A. It creates a MetroCluster local cluster interconnect.
- B. It creates a MetroCluster MCCIP interface.
- C. It creates a MetroCluster local cluster IS
- D. It creates a MetroCluster intercluster LI

Answer: B

NEW QUESTION # 246
Which technology uses synchronous replication?

- A. SVM DR
- B. SnapMirror XDP
- C. MetroCluster mirrored aggregate
- D. FabricPool

Answer: B

NEW QUESTION # 247
You have a requirement to keep multiple yearly Snapshot copies on your SnapMirror destination volume. However, you do not want to have the Snapshot copies locked on your source volume because you do not have the required capacity.
Where do you set the schedule option to create the required Snapshot copies?

- A. secondary SnapMirror policy
- B. primary SnapMirror policy
- C. secondary Snapshot policy
- D. primary Snapshot policy

Answer: C

Explanation:
To retain multiple yearly Snapshot copies only on the SnapMirror destination, you must apply a Snapshot policy on the secondary volume. This avoids consuming space on the source volume, as these Snapshots are created and retained independently on the destination.

NEW QUESTION # 248
......

Time is flying and the exam date is coming along, which is sort of intimidating considering your status of review process. The more efficient the materials you get, the higher standard you will be among competitors. So, our high quality and high accuracy rate NS0-528 Training Materials are your ideal choice this time. With the high pass rate as 98% to 100%, i can say that you won't find the better NS0-528 exam questions than ours. And our NS0-528 study guide is offered by a charming price.
