PRINCE2 Practitioner Exam Sample Questions (Q39-Q44):

NEW QUESTION # 39
Project Scenario - Health and Safety Training Project:
ABC Company is a well-established training company that uses a standard model to develop training materials and deliver courses to customers.
ABC Company has commissioned a project in response to recent changes in government legislation relating to health and safety on construction sites. The project will deliver "capability to provide health and safety training", including the materials needed for classroom-based training and e-learning. The expected benefits for construction companies include a reduction in lost days and legal

costs due to accidents.

The e-learning course will be developed by a specialist external consultancy. The materials for classroom- based training will be delivered by ABC Company's development team. All course materials will be piloted before they are used. ABC Company will deliver training to its customers and also hopes to sell the course materials to other training companies as part of their operational business. ABC Company will use their own sales and marketing departments to promote the courses.

The legislation requires construction companies to comply with the new legislation within two years. The course materials and trainers have to be accredited by a government agency before courses can be delivered.

ABC Company is planning to deliver pilot courses within five months of starting the project.

The ABC Company standard development model for new courses recommends the following stages:

□
End of the Project scenario.

Additional Information:

The Chief Executive Officer (CEO) founded the company five years ago. Under her leadership, ABC Company has grown quickly into a successful training company. It delivers a range of accredited professional training.

The Finance Director is also a founder member of ABC Company and is responsible for authorizing budgets for the Operations and Development Teams. She authorizes all large contracts personally.

The Purchasing Manager reports to the Finance Director and is responsible for managing and monitoring supplier contracts.

The Operations Director is responsible for the delivery off all training and for the training development budget. His department organizes courses, venues and trainers. They work with the Product and the Sales teams to provide a comprehensive training schedule. ABC Company's IT manager reports to the Operations Director.

The Business Development Director has recently been appointed to identify new training needs and propose new products. She will work with the Operations. Director to ensure a cost-conscious approach and that appropriate development technologies are used for the health and safety course.

The Training Development Manager reports to the Business Development Director and is responsible for developing training materials and gaining accreditation, in accordance with the standard course development model. Course developers in his team have skills in a range of development technologies and are allocated to projects as needed.

The Training Delivery Manager, who reports to the Operations Director, is responsible for ensuring that internal and external trainers deliver ABC Company training courses to the required standard. He also checks course materials to ensure they are fit for purpose and of the required quality.

The Central Services Director has responsibility for corporate communications, facilities management and configuration management. He recently led a project to consolidate all company quality systems into one quality management system and set up a corporate quality department, now managed by the Corporate Quality Manager.

The Corporate Document Manager reports to the Central Services Director. She helped establish the company's document management system and now operates it across the business. She manages a team of administrators and contracts staff when workload is high.

The Sales Director joined ABC Company two months ago and is keen to establish himself by suggesting new markets for the courses and material. All account managers and the marketing team report to him. They promote existing training courses to other training companies and existing customers.

End of the additional information.

During stage 3, the operational staff that handle course bookings asked for the project scope to be increased for an online booking function. The additional product has been as it will enable them to process bookings more quickly and accurately.

Is this an appropriate application of the 'focus on products' principle, and why?

- A. No, because existing product descriptions provide a means to estimate effort to planning.
- B. Yes, because the goal is to seek opportunities to implement improvements after the life of the project.
- C. Yes, because the project needs to fulfill stakeholder expectations by delivering the products required.
- D. No, because there needs to be an understanding of the products from the start of the project.

Answer: C

- B. Yes, because the highlight report is used to provide the project board with stage and project progress.
- C. Yes, because the highlight report is a summary of the information in the checkpoint reports.
- D. No, because the issues raised by project support are a cause for concern and should be reflected in the highlight report.

Answer: D

NEW QUESTION # 42

Product Summary

A list of customers will be collated. This will use existing information from the Accounts department about current customers, and existing information from the Marketing department about prospective customers.

Using the tariff of mailing costs available from the Post Office, a production cost forecast will be produced to allow the CEO and the Marketing Director to decide whether to continue with the project. If they decide to continue, they will give the approval to launch the internal label design competition. Competition rules will be required to communicate details of the competition to the staff. The chosen label design will then be selected from the competition entries.

The photos for the calendar must be based on existing photo design ideas available from the Marketing department. The selected photos will be chosen from these. Monthly calendar displays will be created to show the required layout of each page.

Product Breakdown Structure (contains errors) Extract from Stage Plan for stage 3.

(All entries are true statements but may not be shown under the correct heading or in the correct document).

Using the Project Scenario and the Extract from Stage Plan for stage 3 provided as additional intonation for this question in the Scenario Booklet, answer the following 5 questions.

The Stage Plan for stage 3 has been produced.

The Engineering Manager insists that there are to be no interruptions to operations whilst photographs are being taken of the engineering staff performing their everyday duties and operating machinery. Two weeks ago the professional photographer produced the photo session schedule based on the operational staff schedule. The operational staff schedule is produced weekly and maintained by the Engineering Manager.

None of the (GBP)500 change budget has been used to date and this is available for the stage.

Which 2 statements apply to the Planning assumptions section?

- A. Move entry 9 to External dependencies because the photo session schedule is created by the professional photographer.
- B. No change to entry 8 because this cannot be confirmed until all of the label designs entries have been received and an assessment made.
- C. Move entry 8 to External dependencies because the label designs are created outside of the scope of the project.
- D. Delete entry 9 because the photo session schedule should have been approved as part of stage 2.
- E. Delete entry 10 because the inclusion of different members from the Engineering team in each photo should be shown in the Product Description for the photos.
