SAP Certified Associate - Design Thinking Sample Questions (Q41-Q46):

NEW QUESTION # 41

What is the goal of the Concept Map technique? Note: There is 1 correct answer to this question.

- A. To understand and capture the interconnection between different lines of business.
- B. To understand and illustrate daily activities in different departments
- C. To understand direct and indirect interdependencies between people and concepts
- D. To understand overlapping areas between viability, feasibility and desirability

Answer: C

Explanation:
The Concept Map technique is a visual tool used to explore and illustrate relationships between different elements, such as people, ideas, or concepts. Here's why the correct answer is A:
* Why this is correct:The primary goal of a Concept Map is to visualize how various elements are interconnected. It helps participants identify both direct relationships (e.g., "Person A directly influences Concept B") and indirect relationships (e.g., "Concept C indirectly impacts Person D through Concept E"). This understanding is critical for uncovering hidden patterns and dependencies that may influence the problem space.
