NEW QUESTION # 186
Tracey Collum is a procurement professional and married to Nick Collum. Tracey has been leading a tender for a new radar system, where four suppliers have submitted their bids. After the bids were received, Nick joined one of the suppliers (Supplier X) as the project director for radar systems. Nick has asked Tracey to award the contract to Supplier X. What should Tracey do?

- A. Award the contract to Supplier X because Tracey can ask for a better price because they are married
- B. Award the contract to Supplier X because Nick will be promoted if Supplier X wins the contract
- C. Ask to be removed from the tender due to a conflict of interest and complete a conflict of interest form

* D. Remove Supplier X from the tender due to a conflict of interest and continue with the tender

Answer: C

To maintain integrity and avoid conflicts of interest, Tracey should declare the conflict and remove herself from the tender process. Ethical sourcing practices emphasize transparency and fairness, which prevent potential biases and maintain trust within procurement processes.

NEW QUESTION # 187
What are the risks of outsourcing?
* Loss of control of a project
* Loss of assets
* Loss of future business opportunities
* Loss of private information

* A. 1 and 2 only
* B. 1 and 4 only
* C. 2 and 3 only
* D. 3 and 4 only

Answer: B

Explanation:
Outsourcing can lead to a loss of control over certain aspects of a project, as the organization relies on external parties to deliver services or products. Additionally, sharing sensitive information with third-party vendors increases the risk of data breaches or loss of private information. While there may be concerns about assets or future business opportunities, the primary risks in outsourcing relate to control and information security.

- A. Yes, they are popular because all risks are avoided
- B. No, they can reduce risks but will not eliminate them
- C. Yes, they eliminate all the risks of buying from an overseas supplier
- D. No, they will only provide assurance about the quality of goods
