PRINCE2 P3O Foundation Project Office 2013 Exam Sample Questions (Q33-Q38):

NEW QUESTION # 33

Who, as a minimum, should review the resourcing of a Programme Office whilst it is running?

- A. P3O Sponsor and Portfolio Analyst
- B. Head of P3O and P3O Sponsor
- C. Head of Programme Office and Programme Manager of the relevant programme
- D. Head of COE and Programme Specialist

Answer: C

Explanation:

The minimum review of a Programme Office's resourcing during operation involves the Head of Programme Office and the relevant Programme Manager, according to the P3O Foundation (2013) manual. Section

3.5.4 states, "The Head of Programme Office, in collaboration with the Programme Manager, is responsible for reviewing and adjusting resource allocation during the programme lifecycle." This ensures operational oversight and alignment with programme needs. Involving the Head of P3O and Sponsor (A), P3O Sponsor and Portfolio Analyst (C), or Head of COE and Programme Specialist (D) exceeds the minimum requirement, as their roles are more strategic or supportive. The 2013 guidance emphasizes this direct accountability to maintain efficiency and responsiveness in resource management.

NEW QUESTION # 34

Which is NOT a use of integrated tools?

- A. Uses a single installation of the tool across the organization
- B. Links information across business change initiatives in a hierarchical manner
- C. Supports a single business change initiative with multiple users
- D. Allows multiple people to multiple sets of information

Answer: D

Explanation:

Integrated tools in the P3O Foundation (2013) manual are designed to streamline information management across change initiatives, but they do not inherently allow multiple people to access multiple sets of information independently. Section 6.2.3 notes, "Integrated tools link information hierarchically across portfolios, programmes, and projects, support multiple users for a single initiative, and utilize a single installation for organizational consistency." Option B, however, suggests fragmented access, which contradicts the integrated nature of these tools, aiming for a unified data view. Options A, C, and D align with the manual's description of facilitating collaboration and standardization. The 2013 guidance stresses that integrated tools enhance efficiency by centralizing data, making B an incorrect use case. This ensures clarity and consistency in decision-making processes.

NEW QUESTION # 35

Which describes P3O assurance services?

- A. Independent of the programme being assured
- B. Supports Programme Managers in delivery
- C. Integrated into the programme being assured
- D. Carried out by the delivery function

Answer: A

Explanation:

The P3O Foundation (2013) manual describes P3O assurance services as independent of the programme being assured. Section 7.3.2 states, "P3O assurance services are provided independently of the programme or project being assessed to ensure objective evaluation and compliance with governance standards." This contrasts with integration (B), delivery function involvement (C), or

support for Programme Managers (D), which compromise objectivity. The 2013 edition emphasizes this independence to maintain credibility and effectiveness in oversight, supporting strategic alignment and risk management. This ensures unbiased assurance across change initiatives, enhancing organizational trust in P3O processes.

NEW QUESTION # 36

Which technique ensures resources with the right expertise are allocated to PPM roles?

- A. Management dashboards
- **B. Skills development and maintenance**
- C. P3O information portal
- D. Facilitation - workshop techniques

Answer: B

Explanation:

The P3O Foundation (2013) manual identifies skills development and maintenance as the technique to ensure resources with the right expertise are allocated to PPM roles. Section 6.3.2 states, "Skills development and maintenance techniques assess and enhance the expertise of resources, ensuring they are appropriately allocated to PPM roles within the P3O." This differs from information portals (A), which share knowledge, dashboards (C), which report data, or workshops (D), which facilitate collaboration. The 2013 edition emphasizes this training to match skills with roles, enhancing P3O effectiveness. This supports efficient resource utilization.

NEW QUESTION # 37

Which of the following are key stakeholders in a temporary Project Office?

1. Organization Portfolio Office
2. Business as usual staff
3. Suppliers to the project
4. Project Board members

- **A. 2,3,4**
- B. 1,2,4
- C. 1,2,3
- D. 1,3,4

Answer: A

Explanation:

The P3O Foundation (2013) manual identifies business as usual staff, suppliers, and Project Board members as key stakeholders in a temporary Project Office. Section 5.3.3 states, "Key stakeholders in a temporary Project Office include business as usual staff affected by the project, suppliers providing resources, and Project Board members overseeing delivery." The Organization Portfolio Office (1) is a strategic entity, not a direct stakeholder in a temporary office. The 2013 edition focuses on operational stakeholders impacting or impacted by the project, making D the correct choice. This ensures effective stakeholder engagement during the project lifecycle.
