## Exam Huawei H35-211\_V2.5 Outline | H35-211\_V2.5 Exam Demo

In recent years, some changes are taking place in this line about the new points are being constantly tested in the HCIP-Access V2.5 real exam. So our experts highlight the new type of H35-211\_V2.5 questions and add updates into the practice materials, and look for shifts closely when they take place. As to the rapid changes happened in this H35-211\_V2.5 Exam, experts will fix them and we assure your H35-211\_V2.5 exam simulation you are looking at now are the newest version. And we only sell the latest H35-211\_V2.5 exam questions and answers.

## Huawei HCIP-Access V2.5 Sample Questions (Q86-Q91):

### NEW QUESTION # 86

Which of the following statements about congestion avoidance is correct?

- A. Early drop indicates that packets are dropped before the number of packets reaches the preset threshold of packet numbers. This prevents queue congestion.
- B. When the number of packets exceeds the early drop threshold, packets are randomly dropped to avoid queue congestion without affecting services.
- C. Early drop and tail drop cannot coexist.
- D. The random drop probability in weighted early drop is related to the upper and lower thresholds.

**Answer: A**

#### NEW QUESTION # 87

If the number of user ports configured in a service profile is different from that supported by an ONT, all user services on the ONT are unavailable.

- A. FALSE
- B. TRUE

**Answer: B**

#### NEW QUESTION # 88

Compared with Type C dual-homing protection, which of the following statements about Type C single-homing protection are correct?

- A. When the OLT or uplink of the OLT is faulty, services can be switched to the other OLT.
- B. If the OLT is faulty, services are interrupted.
- C. Protects important services such as enterprise and base station private line access services.
- D. The networking is simple, and the OLT and ONU management is simple.

**Answer: B,D**

Explanation:

Type C dual-homing provides device-level protection with two OLTs; when one OLT/uplink fails, services switch to the peer OLT. In single-homing, ONUs are associated with only one OLT; therefore an OLT failure interrupts services (C). Single-homing has simpler networking and management than dual-homing (D). It does not offer switchover to another OLT (so B is incorrect), and the "important-service" positioning in A is typically applied to dual-homing scenarios that require the highest availability.

References: HCIP-Access V2.5 - GPON Protection Types A/B/C and Application Scenarios; OLT Protection Configuration Guide - Single-homing vs. Dual-homing Characteristics.

#### NEW QUESTION # 89

If the ONT zero-touch provisioning function is enabled on eSight, you can configure multiple service profiles. Which parameters can be set on the Multi-Service Profile Management tab page?

- A. ONU type
- B. Default VLAN
- C. VLAN
- D. Voice VLAN
- E. Number of Ethernet ports

**Answer: C,D**

Explanation:

In eSight's ONT Zero-Touch workflow, multi-service profiles define service parameters delivered to ONTs- primarily service VLANs such as Internet/Data VLAN, Voice VLAN, and IPTV/Multicast VLAN with related QoS. Hardware attributes like ONU type or Ethernet port count are part of the device/ONT profile, not the multi-service profile. A generic "Default VLAN" parameter is not used here; instead, explicit service VLANs are specified (for example, data VLAN and voice VLAN).

References: HCIP-Access V2.5 Study Guide - Network Management & Maintenance: eSight ONT Zero-Touch (multi-service profile content: data/voice/multicast VLAN parameters, QoS templates).

### NEW QUESTION # 90

(Multi-select) Use OTDR to locate the abnormally attenuated location in the optical path, and after the OTDR is connected to the detected line, which of the following parameters can be set.

- A. Sets the pulse width
- B. Set the measurement range
- C. Set the mode
- D. Set the wavelength

Answer: A,B,C,D

### NEW QUESTION # 91

.....

If you have budget constraints, don't worry. Just check with 2Pass4sure to charge you less for all the HCIP-Access V2.5 (H35-211\_V2.5) exam dumps they provide you. Hence, if you are looking for a job change and want to get a good salary package, make sure that you start preparing for the Huawei H35-211\_V2.5 Certification Exam now. It is a good way to grab some of the brilliant opportunities by getting the HCIP-Access V2.5 (H35-211\_V2.5) certification.
