Details of Cisco 300-410 Exam

Cisco 300-410 is a 90-minute exam, and the applicants are required to answer about 65 questions during this allocated time. These items can be presented in different formats, including multiple choice, testlets, drag and drop, or fill-in-the-blank. To earn the certification, the candidates have to gain the passing score of a minimum of 750 points on a scale of 1000. Please keep in mind that this test can be only taken in the Japanese and English languages. Also, the learners must pay the fee of $300. This payment allows them to register and schedule the exam through the Pearson VUE platform. After that, the students can choose the proper way of the delivery of this test. If you want to sit for this exam at the testing center, you can choose an in-person variant. On the other hand, you can opt for the online testing that will give you an opportunity to take the exam from any place at any time. Those individuals who do not achieve the pass mark will be asked to retake the 300-410 ENARSI test.

Cisco 300-410 is a concentration exam that the applicants have to pass in order to obtain two certifications: Cisco Certified Specialist – Enterprise Advanced Infrastructure Implementation and CCNP Enterprise. This test measures their knowledge and skills in implementing and troubleshooting advanced routing services & technologies. These include Layer 3, VPN services, infrastructure security, infrastructure automation, and infrastructure services. Moreover, the potential candidates for the CCNP Enterprise certificate must take the core exam, which is Cisco 350-401, to fulfill the requirements for getting this sought-after certification.
