100% Pass Quiz 2025 Fortinet FCP_FGT_AD-7.4: Efficient Latest FCP - FortiGate 7.4 Administrator Test Notes

2025 Latest PracticeTorrent FCP_FGT_AD-7.4 PDF Dumps and FCP_FGT_AD-7.4 Exam Engine Free Share:
https://drive.google.com/open?id=1zB63YigWFjqLJgmHEM_zxWIyu0hx-C9s

Today we use computers & internet every day, high-technology products bring our life convenient and benefits. Many positions have great demand. PracticeTorrent releases valid FCP_FGT_AD-7.4 dumps torrent files to help workers go through exams and get certifications so that many dreaming young people can enter into this field and even get a good position. Fortinet FCP_FGT_AD-7.4 Dumps Torrent files is the leading position in this field and can be your NO.1 choice.

Fortinet FCP_FGT_AD-7.4 Exam Syllabus Topics:

Topic	Details
Topic 1	• Routing: This section covers how to set up packet routing with static routes and configure SD-WAN for efficient traffic load balancing.
Topic 2	• Content Inspection: This section covers how to inspect encrypted traffic, configure inspection modes, apply web filtering, manage applications, set antivirus modes, and implement IPS for security.
Topic 3	• VPN: In this section, the focus is on how to configure SSL VPNs for secure network access and implement meshed or redundant IPsec VPNs.
Topic 4	• Deployment and System Configuration: This section covers how to set up initial configurations, implement Fortinet Security Fabric, and configure an FGCP HA cluster; diagnose resources and connectivity.
Topic 5	• Firewall Policies and Authentication: This topic covers how to set firewall policies, configure SNAT • DNAT, implement authentication methods, and deploy FSSO.

PracticeTorrent is also offering one year free FCP_FGT_AD-7.4 updates. You can update your FCP_FGT_AD-7.4 study material

for 90 days from the date of purchase. The FCP - FortiGate 7.4 Administrator updated package will include all the past questions from the past papers. You can pass the FCP_FGT_AD-7.4 exam easily with the help of the PDF dumps included in the package. It will have all the questions that you should cover for the Fortinet FCP_FGT_AD-7.4 Exam. If you are facing any issues with the products you have, then you can always contact our 24/7 support to get assistance.

Fortinet FCP - FortiGate 7.4 Administrator Sample Questions (Q75-Q80):

NEW QUESTION # 75
Examine the output from a debug flow:

```
id=20085 trace_id=1 func=print_pkt_detail line=5363 msg="vd-root received a packet(proto=1,
10.0.1.10:1->10.200.1.254:2048)
from port3. type=8, code=0, id=1, seq=33."
id=20085 trace_id=1 func=init_ip_session_common line=5519 msg="allocate a new session=00000340"
id=20085 trace_id=1 func=vf_ip_route_input_common line=2583 msg="find a route: flag=04000000 gw-10.200.1.254 via
port1"
id=20085 trace_id=1 func=fw_forward_handler line=586 msg="Denied by forward policy check (policy 0)"
```

Why did the FortiGate drop the packet?

- A. The next-hop IP address is unreachable.
- B. It matched the default implicit firewall policy.
- C. It failed the RPF check.
- D. It matched an explicitly configured firewall policy with the action DENY.

Answer: B

Explanation:
It matched the default implicit firewall policy.
implicit firewall rule == (policy id 0)
traffic is denied by implicit firewall rule.

NEW QUESTION # 76
What are three key routing principles in SD-WAN? (Choose three.)

- A. By default. SD-WAN members are skipped if they do not have a valid route to the destination
- B. Regular policy routes have precedence over SD-WAN rules
- C. By default. SD-WAN rules are skipped if only one route to the destination is available
- D. SD-WAN rules have precedence over any other type of routes
- E. By default. SD-WAN rules are skipped if the best route to the destination is not an SD-WAN member

Answer: A,B,E

Explanation:
SD-WAN rules are matched only if the best route to the destination points to SD-WAN SD-WAN member is selected only if it has a route to the destination
https://docs.fortinet.com/document/fortigate/7.0.0/sd-wan-sd-branch-architecture-for-mssps/768108/sd-wan-routing-logic
SDWAN rules are 'policy routes', but regular policy routes have precedence over SD-WAN rules.
https://community.fortinet.com/t5/FortiGate/Technical-Tip-Explaining-the-SD-WAN-rule-matching-process/ta-p/284325

NEW QUESTION # 77
Which three CLI commands can you use to troubleshoot Layer 3 issues if the issue is in neither the physical layer nor the link layer? (Choose three.)

- A. execute traceroute
- B. get system arp
- C. diagnose sys top
- D. execute ping
- E. diagnose sniffer packet any

Answer: A,D,E

Explanation:

"dia sys top" is not for troubleshooting layer 3 issues rather for troubleshooting CPU and Memory issues diagnose sys top - list of processes with most CPU get system arp - show interface, IP, MAC (physical layer)

"If you suspect that there is an IP address conflict. ... you may need to look at the ARP table" - get system arp (ans. E), and two other answers, B and C - execute ping, execute traceroute.

B: execute ping: The ping command is a fundamental tool for checking the connectivity between two devices. It sends ICMP Echo Request packets to the destination and waits for ICMP Echo Reply packets. This can help you verify if there is connectivity at the IP layer.

C: execute traceroute: The traceroute command allows you to trace the route that packets take from the source to the destination. It shows the IP addresses of routers in the path and can help identify where a packet might be dropping or encountering issues.

D: diagnose sniffer packet any: The diagnose sniffer packet any command is used to capture and analyze packets on the FortiGate device. This can be helpful in inspecting the actual packets flowing through the device, allowing you to identify any anomalies or potential issues at the packet level. These commands are valuable for troubleshooting Layer 3 issues and gaining insights into the network behavior at the IP layer.

NEW QUESTION # 78

The HTTP inspection process in web filtering follows a specific order when multiple features are enabled in the web filter profile. What order must FortiGate use when the web filter profile has features enabled, such as safe search?

- A. DNS-based web filter and proxy-based web filter
- B. FortiGuard category filter and rating filter
- C. Static domain filter, SSL inspection filter, and external connectors filters
- D. Static URL filter, FortiGuard category filter, and advanced filters

Answer: D

Explanation:
The correct order for the HTTP inspection process in web filtering, specifically when features like safe search are enabled in the web filter profile, is:
B. Static URL filter, FortiGuard category filter, and advanced filters
This means that the FortiGate device will first check against the Static URL filter, followed by the FortiGuard category filter, and then any additional advanced filters configured in the web filter profile.
This sequence allows for a systematic evaluation of the URL against different criteria, ensuring comprehensive web filtering.
The HTTP Inspection Order (Static URL Filter -> FortiGuard Category Filter -> Advanced Filters)

NEW QUESTION # 79

Which two statements about advanced AD access mode for the FSSO collector, agent are true?
(Choose two.)

- A. It uses the Windows convention for naming; that is, Domain\Username.
- B. It is only supported if DC agents are deployed.
- C. It supports monitoring of nested groups.
- D. FortiGate can act as an LDAP client to configure the group filters.

Answer: C,D

Explanation:
The correct statements about the advanced AD access mode for the FSSO collector agent are:
A. FortiGate can act as an LDAP client to configure the group filters.
In advanced AD access mode, FortiGate can use LDAP (Lightweight Directory Access Protocol) to query and retrieve user and group information from Active Directory for configuring group filters.
C. It supports monitoring of nested groups.
Advanced AD access mode does support monitoring of nested groups, allowing for a more comprehensive view of user group memberships.

NEW QUESTION # 80

......

We put ourselves in your shoes and look at things from your point of view. About your problems with our FCP_FGT_AD-7.4 exam simulation, our considerate staff usually make prompt reply to your mails especially for those who dislike waiting for days. The sooner we can reply, the better for you to solve your doubts about FCP_FGT_AD-7.4 Training Materials. And we will give you the most professional suggestions on the FCP_FGT_AD-7.4 study guide.
