NEW QUESTION # 14

You are creating a new public version. Which categories can you use? Note: There are 2 correct answers to this question.

- A. Predictive
- **B. Forecast**
- **C. Actual**
- D. Budget

Answer: B,C

NEW QUESTION # 15

What type of predictive scenario can write back to a planning model?

- A. Regression
- B. Classification
- **C. Time series forecast**
- D. Value driver tree

Answer: C

Explanation:

In SAP Analytics Cloud, a Time Series Forecast predictive scenario can write back to a planning model. Time Series Forecasting leverages historical data to predict future values over a specified time horizon, using statistical or machine learning methods. This feature is particularly useful in planning and forecasting processes, where future values are predicted based on past trends and seasonality. The ability to write these forecasts back into a planning model allows for the integration of predictive insights into the planning process, enhancing decision-making and strategic planning.
