The GCIH Exam is offered by GIAC (Global Information Assurance Certification), a leading provider of information security certifications. GIAC is well-respected in the industry for its rigorous testing standards and its focus on practical, hands-on skills. The GCIH certification is recognized by employers around the world as a mark of excellence in incident handling and response.

GIAC GCIH certification is a valuable credential for security professionals who want to demonstrate their expertise in incident handling and response. It is a globally recognized certification that is vendor-neutral and assesses a candidate's knowledge of incident handling techniques, tools, and procedures. To be eligible for the certification exam, candidates must have at least two years of experience in incident handling or a related field and complete a rigorous training program offered by GIAC or its authorized training partners.
