2026 Authoritative JN0-336 – 100% Free Latest Study Guide | JN0-336 Test King

For the purposes of covering all the current events into our JN0-336 study guide, our company will continuously update our training materials. And after payment, you will automatically become the VIP of our company, therefore you will get the privilege to enjoy free renewal of our JN0-336 practice test during the whole year. No matter when we have compiled a new version of our training materials our operation system will automatically send the latest version of the JN0-336 Preparation materials for the exam to your email, all you need to do is just check your email then download it.

Juniper Security, Specialist (JNCIS-SEC) Sample Questions (Q10-Q15):

NEW QUESTION # 10

You are deploying a new SRX Series device and you need to log denied traffic.

In this scenario, which two policy parameters are required to accomplish this task? (Choose two.)

- A. deny
- B. session-close
- C. session-init
- D. count

Answer: A,B

NEW QUESTION # 11

Which statement defines the function of an Application Layer Gateway (ALG)?

- A. The ALG contains protocols that use one application session for each TCP session.
- B. The ALG uses software processes for permitting or disallowing specific IP address ranges.
- **C. The ALG uses software processes for managing specific protocols.**
- D. The ALG uses software that is used by a single TCP session using the same port numbers as the application.

Answer: C

Explanation:

The statement that defines the function of an Application Layer Gateway (ALG) is: The ALG uses software processes for managing specific protocols. An ALG is a security component that operates at the application layer (layer 7) of the OSI model and handles data associated with certain application protocols, such as SIP, FTP, RTSP, etc. An ALG acts as a proxy or intermediary between the client and the server applications and performs various functions, such as address and port translation, resource allocation, application response control, and synchronization of data and control traffic. An ALG can also inspect and modify the application payload to enable firewall or NAT traversal, prevent spoofing or DoS attacks, or enforce granular security policies based on application-specific commands. Reference: = Application-level gateway - Wikipedia, What Is an Application Layer Gateway (ALG)? | F5, What is ALG

** Application Layer Gateway | 3CX

NEW QUESTION # 12

You are asked to block malicious applications regardless of the port number being used. In this scenario, which two application security features should be used? (Choose two.)

- A. AppQoS
- **B. APPID**
- **C. AppFW**
- D. AppTrack

Answer: B,C

NEW QUESTION # 13

Which two statements are correct about Juniper ATP Cloud? (Choose two.)

- A. Once the target threshold is met, Juniper ATP Cloud continues looking for threats levels range from 0 to 10 minutes.
- **B. The threat levels range from 0-10.**
- C. Once the target threshold is met, Juniper ATP Cloud continues looking for threats from 0 to 5 minutes.
- **D. The threat levels range from 0-100.**

Answer: B,D

Explanation:

In many threat intelligence and evaluation systems, including Juniper ATP Cloud, the threat levels are often scored on a scale to provide a quick reference of the potential risk associated with a threat. A common range for these threat levels is from 0 to 10, with 0 representing minimal or no threat and 10 representing a severe threat.

Alternatively, some systems may use a more granular scoring system ranging from 0 to 100, providing a more nuanced assessment of threat levels. This range allows for finer differentiation between the levels of threat severity.

NEW QUESTION # 14

You need to deploy an SRX Series device in your virtual environment. In this scenario, what are two benefits of using a CSRX? (Choose two.)

- **A. The cSRX supports firewall, NAT, IPS, and UTM services.**
- B. The cSRX default configuration contains three default zones: trust, untrust, and management.
- **C. The cSRX has low memory requirements.**

- D. The cSRX supports Layer 2 and Layer 3 deployments.

Answer: A,C

Explanation:

Two benefits of using a cSRX in your virtual environment are:

The cSRX supports firewall, NAT, IPS, and UTM services: The cSRX is a containerized version of the SRX Series firewall that runs as a Docker container on Linux hosts. It provides the same features and functionality as the SRX Series physical firewalls, such as firewall, NAT, IPS, and UTM services. The cSRX can protect your virtual workloads and applications from various threats and attacks.

The cSRX has low memory requirements: The cSRX is designed to be lightweight and efficient, with low memory and CPU requirements. The cSRX can run on as little as 1 GB of RAM and 1 vCPU, making it suitable for resource-constrained environments. Reference: = cSRX Overview, cSRX Container Firewall Datasheet

NEW QUESTION # 15

.....

Once the clients order our JN0-336 cram training materials we will send the JN0-336 exam questions quickly by mails. The clients abroad only need to fill in correct mails and then they get our JN0-336 training guide conveniently. Our JN0-336 cram training materials provide the version with the language domestically and the version with the foreign countries' language so that the clients at home and abroad can use our JN0-336 Study Tool conveniently. And after study for 20 to 30 hours, you can pass the JN0-336 exam with ease.

JN0-336 Test King: https://www.practicedump.com/JN0-336_actualtests.html

For the PDF version, all materials of the JN0-336 test questions are able to print out, So our services around the JN0-336 sure-pass study materials are perfect considering the needs of exam candidates all-out, We will not only spare no efforts to design JN0-336 exam materials, but also try our best to be better in all after-sale service, They check and verified the answers of all JN0-336 exam questions thoroughly and ensure the top standard of JN0-336 exam questions.

To know exactly when your customers want to hear everything about your car, Recognizing Revenue at Completion of Production, For the PDF version, all materials of the JN0-336 Test Questions are able to print out.

100% Pass Juniper JN0-336 Realistic Latest Study Guide

So our services around the JN0-336 sure-pass study materials are perfect considering the needs of exam candidates all-out, We will not only spare no efforts to design JN0-336 exam materials, but also try our best to be better in all after-sale service.

They check and verified the answers of all JN0-336 exam questions thoroughly and ensure the top standard of JN0-336 exam questions, It is very necessary to obtain an JN0-336 certification in the information technology society nowadays.
