2026 Pass-Sure Test 1Z0-1195-25 Dumps Free | 100% Free Exam Dumps Oracle Data Platform 2025 Foundations Associate Pdf

The Exams4Collection 1Z0-1195-25 PDF file is a collection of real, valid, and updated Oracle Data Platform 2025 Foundations Associate (1Z0-1195-25) exam questions. It is very easy to download and install on laptops, and tablets. You can even use 1Z0-1195-25 Pdf Format on your smartphones. Just download the Exams4Collection 1Z0-1195-25 PDF questions and start Oracle Data Platform 2025 Foundations Associate (1Z0-1195-25) exam preparation anywhere and anytime.

Oracle Data Platform 2025 Foundations Associate Sample Questions (Q11-Q16):

NEW QUESTION # 11

What are two typical reasons why customers CANNOT move their database into the public cloud?

- A. Putting data in the cloud would break data residency rules
- B. Public cloud does not provide storage for more than 10TB
- C. Total Cost of Ownership in public cloud is higher than on-premises
- D. Regulations that prevent moving data into the public cloud

Answer: A,D

Explanation:

Customers may not move databases to the public cloud due to "Putting data in the cloud would break data residency rules" (A), where laws mandate data remain in specific regions, and "Regulations that prevent moving data into the public cloud" (B), such as industry-specific compliance requirements (e.g., GDPR, HIPAA). "Total Cost of Ownership in public cloud is higher" (C) is a consideration but not a universal barrier, and "Public cloud does not provide storage for more than 10TB" (D) is false, as OCI offers

vast storage options. Oracle's cloud adoption guides cite residency and regulatory constraints as common blockers.

NEW QUESTION # 12

What set of NoSQL-style APIs can be used in Autonomous JSON Database?

- A. OSDA (Oracle Simple Document Access)
- B. OASD (Oracle Application Storage Definition)
- C. DOSA (Document Open Solution Access)
- **D. SODA (Simple Oracle Document Access)**

Answer: D

Explanation:

The "Autonomous JSON Database" supports NoSQL-style document access through "SODA" (Simple Oracle Document Access) APIs (B). SODA provides a simple, intuitive interface for developers to interact with JSON documents stored in the database using operations like insert, query, and update, without requiring SQL knowledge. Options A ("OSDA"), C ("DOSA"), and D ("OSDA") are not recognized API sets in Oracle's documentation. SODA is explicitly documented as the standard NoSQL API for Autonomous JSON Database, aligning with Oracle's converged database strategy to support multiple data models.

NEW QUESTION # 13

Which statements are included in default configuration for automatic database backups?

- A. Retention period is set at 14 days
- B. Backups are executed on primary site
- **C. Backups occur weekly**
- D. Archive redo log files are backed up every 30 minutes

Answer: C

Explanation:

The default configuration for automatic database backups in OCI (e.g., Autonomous Database) includes "Backups occur weekly" (A), with daily incremental and weekly full backups. "Archive redo log files are backed up every 30 minutes" (B) is not default (it's real-time logging), "Retention period is set at 14 days" (C) is incorrect (default is 60 days), and "Backups are executed on primary site" (D) is vague but not a standard config statement. Oracle's backup documentation specifies weekly full backups as default.

NEW QUESTION # 14

Which feature allows you to logically group and isolate your Oracle Cloud Infrastructure resources?

- A. Tenancy
- B. Availability Domain
- **C. Compartments**
- D. Identity and Access Management Groups

Answer: C

Explanation:

"Compartments" (B) in Oracle Cloud Infrastructure (OCI) allow you to logically group and isolate resources for organization, access control, and billing. "Identity and Access Management Groups" (A) organize users, not resources. "Tenancy" (C) is the root container for all resources, not a grouping mechanism, and "Availability Domain" (D) is a physical data center division, not a logical grouping tool. Oracle's OCI documentation identifies Compartments as the primary feature for resource isolation and management.

NEW QUESTION # 15

Oracle Cloud and Microsoft Azure have an interconnect for workloads across cloud. Which two are also benefits this partnership and interconnect provide?

- **A. Low Latency**

- B. Upgrade compliance
- **C. Unified identity and access management**
- D. Connection to other multicloud environments

Answer: A,C

Explanation:

The Oracle Cloud and Microsoft Azure interconnect offers "Low Latency" (B), achieved through a high-speed, private connection between OCI and Azure data centers, reducing delays for cross-cloud workloads. It also provides "Unified identity and access management" (C), integrating Oracle IAM with Azure Active Directory for seamless user authentication. "Upgrade compliance" (A) is vague and not a documented benefit, while "Connection to other multicloud environments" (D) is not specific to this partnership. Oracle's multicloud documentation highlights latency and identity integration as key advantages.

NEW QUESTION # 16

.....

Users of Exams4Collection software can attempt multiple Oracle Data Platform 2025 Foundations Associate (1Z0-1195-25) practice exams to assess and improve preparation for the examination. Customers can view their previous attempts' scores and see their mistakes. It helps test takers take the final Oracle Data Platform 2025 Foundations Associate (1Z0-1195-25) exam without making mistakes. The web-based version of the 1Z0-1195-25 practice exam can be taken online. It means you can take this mock test via any browser like MS Edge, Firefox, Chrome, Internet Explorer, and Safari.

Exam Dumps 1Z0-1195-25 Pdf: <https://www.exams4collection.com/1Z0-1195-25-latest-braindumps.html>

Pass 1Z0-1195-25 exam without any hassle with our 1Z0-1195-25 exam dumps that comes with 100% passing guarantee, The high quality of 1Z0-1195-25 certification exam preparation products increases your success probability and reduces the chances of failure, It is clear that you can find out your drawback of the knowledge through taking part in the mock 1Z0-1195-25 : Oracle Data Platform 2025 Foundations Associate exam, thus you can have a comprehensive grasp of the subject, Oracle 1Z0-1195-25 practice test is also customizable so that you can easily set the timings and change the number of questions according to your ease.

Undo also reverses any of the AutoCorrect conversions as well if you catch them 1Z0-1195-25 immediately after they occur, For example, when a router detects a link or router failure, it updates its own routing table and sends the updated routes.

Oracle 1Z0-1195-25 Exam Dumps are updated on a Regular Basis

Pass 1Z0-1195-25 Exam without any hassle with our 1Z0-1195-25 exam dumps that comes with 100% passing guarantee, The high quality of 1Z0-1195-25 certification exam preparation products increases your success probability and reduces the chances of failure.

It is clear that you can find out your drawback of the knowledge through taking part in the mock 1Z0-1195-25 : Oracle Data Platform 2025 Foundations Associate exam, thus you can have a comprehensive grasp of the subject.

Oracle 1Z0-1195-25 practice test is also customizable so that you can easily set the timings and change the number of questions according to your ease, With the best quality and high pass rate, our 1Z0-1195-25 exam preparation will be your ladder on the way to success.
