

100% Pass 2026 400-007: Cisco Certified Design Expert (CCDE) Written Exam Newest Pass4sure Study Materials

P.S. Free & New 400-007 dumps are available on Google Drive shared by ActualTestsIT: <https://drive.google.com/open?id=1u4ve5zBcknMBauXZAzU0wfl6oRmwxn-C>

Our 400-007 study materials have enough confidence to provide the best 400-007 exam torrent for your study to pass it. With many years work experience, we have fast reaction speed to market change and need. In this way, we have the latest 400-007 guide torrent. You don't worry about that how to keep up with the market trend, just follow us. We can say that our 400-007 Test Questions are the most suitable for examinee to pass the 400-007 exam, you will never regret to buy it.

Additionally, all operating systems also support this format. The third format is the desktop 400-007 Practice Exam software. It is ideal for users who prefer offline 400-007 exam practice. This format is supported by Windows computers and laptops. You can easily install this software in your system to use it anytime to prepare for the examination.

Valid 400-007 Exam Prep | Interactive 400-007 Practice Exam

According to the survey from our company, the experts and professors from our company have designed and compiled the best 400-007 cram guide in the global market. We can assure to all people that our 400-007 study materials will have a higher quality and it can help all people to remain an optimistic mind when they are preparing for the 400-007 Exam. On the contrary, people who want to pass the exam will persist in studying all the time. We deeply believe that the latest 400-007 study questions from our company will be most suitable and helpful for all people.

Cisco Certified Design Expert (CCDE) Written Exam Sample Questions (Q77-Q82):

NEW QUESTION # 77

A customer migrates from a traditional Layer 2 data center network into a new SDN-based spine-and-leaf VXLAN EVPN data center within the same location. The networks are joined to enable host migration at Layer 2. Which activity should be completed each time a legacy network is migrated?

- A. The migrated network should be added to the EVPN BGP routing.
- B. The migrated VLAN should be pruned from the Layer 2 interconnects.
- C. The migrated network should have a VXLAN VNID configured within the new network.
- D. The migrated network should be advertised to the EVPN network as a Type 2 network.

Answer: C

Explanation:

* B (Configure VXLAN VNID): Each VLAN being migrated must be mapped to a VXLAN VNID for integration into the EVPN fabric. This allows the legacy VLAN to participate in the VXLAN-based Layer 2 overlay and support host mobility.

Other options explained:

* A: Pruning is not directly related to migration activation.

* C/D: Type 2 routes (MAC/IP routes) and BGP advertisements happen automatically after proper VNID configuration.

NEW QUESTION # 78

A legacy enterprise is using a Service Provider MPLS network to connect its head office and branches.

Recently, they added a new branch to their network. Due to physical security concerns, they want to extend their existing IP CCTV network of the head office to the new branch, without any routing changes in the network. They are also under some time constraints. What is the best approach to extend the existing IP CCTV network to the new branch, without incurring any IP address changes?

- A. VXLAN
- B. GRE
- C. EoMPLS
- D. L2TPv3

Answer: D

NEW QUESTION # 79

A network security team uses a purpose-built tool to actively monitor the campus network, applications, and user activity. The team also analyzes enterprise telemetry data from IPFIX data records that are received from devices in the campus network. Which action can be taken based on the augmented data?

- A. integration with an incident response plan
- B. adoption and improvement of threat-detection response
- C. reduction in time to detect and respond to threats
- D. asset identification and grouping decisions

Answer: C

NEW QUESTION # 80

Refer to the exhibit.

This network is running legacy STP 802.1d. Assuming "hello_timer" is fixed to 2 seconds, which parameters can be modified to speed up convergence times after single link/node failure?

- A. Only the maximum_transmission_halt_delay and diameter parameters are configurable parameters in 802. to speed up STP convergence process
- B. Only the transit_delay and bpdu_delay timers are configurable parameters in 802.1d to speed up STP convergence process.

- C. The transit_delay=5 and dpdu_delay=20 are recommended values, considering helto_timer=2 and specified
- D. The max_age and forward delay parameters can be adjusted to speed up STP convergence process.

Answer: D

NEW QUESTION # 81

You are tasked with the design of a high available network. Which two features provide fail closed environments? (Choose two.)

- A. EIGRP
- B. RPVST+
- C. MST
- D. L2MP

Answer: B,C

Explanation:

* B (RPVST+ - Rapid Per VLAN Spanning Tree Plus): Provides fast convergence while blocking redundant paths to prevent loops - fail closed behavior under failure scenarios.

* C (MST - Multiple Spanning Tree): Provides loop prevention and isolates failures to specific instances (VLANs), maintaining fail closed protection.

Why other options are incorrect:

* A: EIGRP is a routing protocol; does not operate at Layer 2 to provide fail-closed loop protection.

* D: L2MP (Layer 2 Multipathing) allows multiple active links but requires additional loop prevention mechanisms.

-

NEW QUESTION # 82

.....

The privacy protection of users is an eternal issue in the internet age. Many illegal websites will sell users' privacy to third parties, resulting in many buyers are reluctant to believe strange websites. But you don't need to worry about it at all when buying our 400-007 learning engine: 400-007. We assure you that we will never sell users' information because it is damaging our own reputation. In addition, when you buy our 400-007 simulating exam, our website will use professional technology to encrypt the privacy of every user to prevent hackers from stealing. We believe that business can last only if we fully consider it for our customers, so we will never do anything that will damage our reputation. Hope you can give our 400-007 exam questions full trust, we will not disappoint you.

Valid 400-007 Exam Prep: <https://www.actualtestsit.com/Cisco/400-007-exam-prep-dumps.html>

You will pass 400-007 exams easily, Instantly download of 400-007 exam preparation is available after purchase, Of course on the base of completely high quality, Valid 400-007 Exam Prep - Cisco Certified Design Expert (CCDE) Written Exam trusted exam dump gives you more convenient and attract style to study and preparation, How to purchase our 400-007 exam dumps: Open our product site page of 400-007 pdf torrent choose the right dump version (we provide three versions of each dump on our site: the PDF, online version and software version) of Cisco 400-007 practice pdf that you want to buy and add it to your shopping cart, If you have a 400-007 certification you can nearly survive in any country.

Ascherman Professor of Computer Science at Stanford University, It may even eventually split into two new components, and hence two new teams, You will pass 400-007 Exams easily!

Instantly download of 400-007 exam preparation is available after purchase, Of course on the base of completely high quality, Cisco Certified Design Expert (CCDE) Written Exam trusted exam dump gives you more convenient and attract style to study and preparation.
