Cert H35-211_V2.5 Exam & H35-211_V2.5 Study Group

If your problems on studying the H35-211_V2.5 learning quiz are divulging during the review you can pick out the difficult one and focus on those parts. You can re-practice or iterate the content of our H35-211_V2.5 exam questions if you have not mastered the points of knowledge once. Especially for exam candidates who are scanty of resourceful products, our H35-211_V2.5 study prep can whittle down distention of disagreement and reach whole acceptance.

Huawei HCIP-Access V2.5 Sample Questions (Q85-Q90):

NEW QUESTION # 85

Max-Forwards fields can be used in SIP messages to solve loop problems and avoid endless packet forwarding.

- A. Right
- B. wrong

Answer: A

Explanation:

Right. The SIP Max-Forwards header limits how many SIP elements a request can traverse. Each proxy decrements the value by one; when it reaches zero, the message must not be forwarded, preventing infinite loops and yielding responses like 483 (Too Many Hops). RFC 3261 (Sections 8.1.1.6, 16.6, 20.22) defines this behavior; later work further discusses loop mitigation

NEW QUESTION # 86

The priority of the packets at the egress port can be mapped or set directly. Which of the following statements about priority processing is correct?

- A. The priority mapping can be set separately for the inner and outer priorities.
- B. The priority policy must be tag-in-package regardless of the priority setting mode.
- C. Priorities of outbound and inbound packets are strictly mapped. An outer VLAN ID cannot be mapped to the priority of an inner VLAN ID.
- D. The priority mapping needs to match the corresponding mapping profile. The mapping in a profile is fixed.

Answer: A

Explanation:

Huawei devices support independent mapping/remarking for inner and outer VLAN priorities (802.1p CoS) when QinQ is used. Operators can define distinct mapping tables or remark rules per tag. Option A is incorrect (priorities can be derived or remarked, not "must be" tag-in-packet), option C is incorrect because mapping profiles are configurable, and option D confuses VLAN IDs with priorities; inner/outer CoS can be mapped independently for inbound/outbound directions.

References: HCIP-Access V2.5 Study Guide (QoS Priority Mapping and Remarking); Huawei VLAN/QoS Configuration Guide (Inner/Outer 802.1p handling).

NEW QUESTION # 87

When the Type C dual-home protection linkage uplink detection is enabled, if the OLT or the OLT uplink fails, the Type C dual-home protection can switch over to another OLT.

- A. False
- B. True

Answer: B

Explanation:

Type C GPON protection uses two different OLTs (dual-home). With uplink status linkage configured, a failure of the active OLT itself or its uplink interface triggers a protection switchover to the standby OLT to maintain service continuity for ONUs homed through the protected ODN.

References: HCIP-Access V2.5 Study Guide (Type C Dual-Home Protection and Uplink Linkage); Huawei OLT Protection Feature Description (Type C Protection Behavior and Switchover Conditions).

NEW QUESTION # 88

(Radio) Which of the following options can improve the service experience of multicast users when switching channels (switching time is shorter)

- A. Enables the Quick Leave feature when adding a multicast user
- B. When adding a multicast program, the prejoin feature is disabled
- C. Use group addresses with small values

- D. When you add a multicast user, enable the preview feature

Answer: D

NEW QUESTION # 89

(Multi-select) esight is a network management software positioned in the enterprise network scenario, which can view the details of onu devices, including the following information?

- A. Optical module temperature
- B. speed
- C. The optical module transmits power
- D. UNT port information

Answer: A,B,C,D

NEW QUESTION # 90

.....

The clients can download our products and use our H35-211_V2.5 study materials immediately after they pay successfully with their credit cards. Our system will send our H35-211_V2.5 learning prep in the form of mails to the client in 5-10 minutes after their successful payment. The mails provide the links and if only the clients click on the links they can log in our software immediately to learn our H35-211_V2.5 Guide materials. If there are something they can't understand, they can contact with our service and we will solve them right away.

Cert H35-211_V2.5 Exam: https://www.easy4engine.com/H35-211_V2.5-test-engine.html

According to our customer's feedback, our H35-211_V2.5 exam pdf have 85% similarity to the real questions of H35-211_V2.5 valid exam, Huawei PDF H35-211_V2.5 VCE Do you want to enjoy the best service for the products you have bought, Huawei PDF H35-211_V2.5 VCE Then they try once again, but the state of mind is worse, We attract customers by our fabulous H35-211_V2.5 certification material and high pass rate, which are the most powerful evidence to show our strength.

In addition, as the profession has advanced, many specific H35-211_V2.5 Pass4sure Exam Prep techniques have developed, From the moment I learned it I have not only played that way, I have led that way.

According to our customer's feedback, our H35-211_V2.5 Exam PDF have 85% similarity to the real questions of H35-211_V2.5 valid exam, Do you want to enjoy the best service for the products you have bought?

Free PDF 2026 Huawei H35-211_V2.5 –High Pass-Rate PDF VCE

Then they try once again, but the state of mind is worse, We attract customers by our fabulous H35-211_V2.5 certification material and high pass rate, which are the most powerful evidence to show our strength.

These reports will help you know H35-211_V2.5 where you stand in your preparation and boost your confidence.
