

# C1000-185 Test Labs & Reliable C1000-185 Exam Registration

BONUS!!! Download part of Actual4test C1000-185 dumps for free: [https://drive.google.com/open?id=1IQwM3T\\_CiZw5oTIDwtsTuJ68mEjbXbHz](https://drive.google.com/open?id=1IQwM3T_CiZw5oTIDwtsTuJ68mEjbXbHz)

Our IBM training materials are famous at home and abroad, the main reason is because we have other companies that do not have core competitiveness, there are many complicated similar products on the market, if you want to stand out is the selling point of needs its own. Our C1000-185 test question with other product of different thing is we have the most core expert team to update our C1000-185 study materials, learning platform to changes with the change of the exam outline. If not timely updating C1000-185 Training Materials will let users reduce the learning efficiency of even lags behind that of other competitors, the consequence is that users and we don't want to see the phenomenon of the worst, so in order to prevent the occurrence of this kind of risk, the C1000-185 practice test dump give supervision and update the progress every day, it emphasized the key selling point of the product.

With the development of artificial intelligence, we have encountered more challenges on development of the C1000-185 exam materials. Only by improving our own soft power can we ensure we are not eliminated by the market. Select our C1000-185 study questions to improve your work efficiency. As long as you study with our C1000-185 training guide, then you will get the most related and specialized information on the subject to help you solve the questions on your daily work.

>> C1000-185 Test Labs <<

## Reliable C1000-185 Exam Registration & Simulated C1000-185 Test

If you buy our C1000-185 practice prep, you will get more than just a question bank. You will also get our meticulous after-sales service. The purpose of the C1000-185 study materials' team is not to sell the materials, but to allow all customers who have purchased C1000-185 Exam Materials to pass the exam smoothly. And if you have any question about our C1000-185 training guide, our services will help you solve it in the first time.

## IBM Watsonx Generative AI Engineer - Associate Sample Questions (Q229-Q234):

### NEW QUESTION # 229

Consider an organization implementing a RAG system to enhance the accuracy of their internal documentation search tool. The retriever is responsible for fetching relevant documents based on user queries.

What is the core capability of the retriever in this context?

- A. To generate new responses based on training data, without relying on external data sources.
- B. To return relevant documents or passages from a knowledge base by calculating semantic similarity between the query and

documents.

- C. To perform entity recognition and classify documents based on specific keywords, ignoring the overall document meaning.
- D. To perform pre-defined template matching on queries to retrieve documents that exactly match pre-configured templates.

**Answer: B**

#### **NEW QUESTION # 230**

Which of the following best describes the difference between a hard prompt and a soft prompt in the context of generative AI optimization?

- A. A hard prompt is used for deterministic output, while a soft prompt allows for random sampling.
- B. A hard prompt consists of static, predefined instructions, while a soft prompt is optimized using continuous input embeddings that adapt based on the training context.
- C. A hard prompt directly modifies the model architecture, while a soft prompt changes the model's training data.
- D. A hard prompt encodes the model's hyperparameters, while a soft prompt adjusts the learning rate dynamically.

**Answer: B**

#### **NEW QUESTION # 231**

You are building a chatbot using a generative AI model for a medical advice platform. During testing, you notice that the model occasionally generates medical information that contradicts established guidelines. This is an example of a model hallucination. Which prompt engineering technique would best mitigate the risk of hallucination in this scenario?

- A. Implementing zero-shot learning techniques
- B. Providing a list of credible sources in the prompt
- C. Using more open-ended prompts
- D. Increasing the model's temperature parameter

**Answer: B**

#### **NEW QUESTION # 232**

Which of the following techniques can be most effectively used to mitigate the generation of hate speech, abuse, and profanity in generative AI models when applying prompt engineering?

- A. Fine-tuning the model with specific datasets curated to exclude offensive content
- B. Applying Token Regularization to limit the diversity of generated responses
- C. Using Greedy Decoding to ensure that the model outputs the most likely sequence of tokens
- D. Restricting the model's ability to generate certain words or phrases using stop-word lists

**Answer: A**

#### **NEW QUESTION # 233**

You are working on a generative AI model that helps customers generate personalized responses to legal queries. The model is trained on a large corpus of publicly available legal documents. However, users often input personal information when interacting with the AI.

What is the most effective strategy to mitigate the risk of exposing personal information in the model's responses?

- A. Apply a rule-based content filter to the model's outputs to remove any phrases that appear to contain personal information.
- B. Train the model on anonymized data to ensure that personal information is never present in the training set.
- C. Limit the model's ability to retain memory of previous user inputs by resetting its state after every query.
- D. Use a privacy-preserving tokenization method to mask personal data in the input before feeding it into the model.

**Answer: D**

#### **NEW QUESTION # 234**

.....

To get the C1000-185 certification takes a certain amount of time and energy. Even for some exam like C1000-185, the difficulty coefficient is high, the passing rate is extremely low, even for us to grasp the limited time to efficient learning. So how can you improve your learning efficiency? Here, I would like to introduce you to a very useful product, our C1000-185 practice materials, through the information and data provided by it, you will be able to pass the C1000-185 qualifying examination quickly and efficiently as the pass rate is high as 99% to 100%.

**Reliable C1000-185 Exam Registration:** [https://www.actual4test.com/C1000-185\\_examcollection.html](https://www.actual4test.com/C1000-185_examcollection.html)

**IBM C1000-185 Test Labs** When you visit other sites or buy exam dumps from other vendors, you will find the free update have some restricted condition, Absolutely Actual4test IBM C1000-185 online tests will instantly increase your IBM Certified watsonx Generative AI Engineer - Associate C1000-185 online test score, With the passage of time, more and more people have come to realize the importance of IBM C1000-185 exam, You can buy Reliable C1000-185 Exam Registration - IBM watsonx Generative AI Engineer - Associate training study material for specific study and well preparation.

Twisted-pair cabling is the most common networking C1000-185 cabling in use today, This is particularly useful for games that support external game pads, When you visit other sites or buy exam Simulated C1000-185 Test dumps from other vendors, you will find the free update have some restricted condition.

## Professional C1000-185 Test Labs, Ensure to pass the C1000-185 Exam

Absolutely Actual4test IBM C1000-185 Online Tests will instantly increase your IBM Certified watsonx Generative AI Engineer - Associate C1000-185 online test score, With the passage of time, more and more people have come to realize the importance of IBM C1000-185 exam

You can buy IBM watsonx Generative AI Engineer - Associate training study material for specific study and well preparation, Our C1000-185 exam study torrent contains part of exam questions and answers of real test so that you will be familiar with C1000-185 real test materials.
