SureTorrent is an excellent platform where you get relevant, credible, and unique RedHat EX432 exam dumps designed according to the specified pattern, material, and format as suggested by the RedHat EX432 exam. To make the RedHat EX432 Exam Questions content up-to-date for free of cost up to 1 year after buying them, our certified trainers work strenuously to formulate the exam questions in compliance with the Red Hat Certified Specialist in OpenShift Advanced Cluster Management (EX432) dumps.

RedHat Red Hat Certified Specialist in OpenShift Advanced Cluster Management Sample Questions (Q15-Q20):

NEW QUESTION # 15

Create a namespace-scoped application deployment model using ClusterSetBinding + Placement

Answer:

Explanation:

See the solution below in Explanation.

- * Bind the ClusterSet into the application namespace using ManagedClusterSetBinding.
- * Create Placement in that namespace selecting the desired clusters.
- * Deploy application resources tied to that placement (Subscription or GitOps pattern). Why this matters: This is the standard multi-tenant ACM pattern for teams.

NEW QUESTION # 16

Set TimeWindow for App (Web Console)

Task information: Add timeWindow to Subscription spec (active window Friday 09:00-17:00)

Answer:

Explanation:

See the solution below in Explanation.

Explanation:

- * In ACM console go to Applications .
 - * Select the application you deployed.
 - * Open the Editor view (YAML editor) for the Subscription object.
 - * Under spec, add a timeWindow section similar to what the lab requests:
 - * windowtype: active
 - * day: Friday
 - * hours: 09:00-17:00
 - * Save/apply the changes.
 - * Verify the Subscription YAML now contains the time window and observe that deployment actions respect the scheduling window.
- Why this matters:
- * Time windows let you control when changes roll out (useful for change-management, business hours, and maintenance windows).

NEW QUESTION # 17

Troubleshoot a managed cluster stuck "NotReady" by checking klusterlet/agent components

Answer:

Explanation:

See the solution below in Explanation.

Explanation:

- * Check cluster conditions:
oc describe managedcluster cluster-dev
- * Check agent namespaces and pods on the managed cluster (common namespace names depend on deployment, but you're looking for ACM/klusterlet agents).
- * On hub, check managedclusteraddons and addon health:
oc get managedclusteraddon -n cluster-dev
oc describe managedclusteraddon -n cluster-dev < addon-name >
- * Typical fixes: missing pull secret, network/DNS issues, CSR approval issues, etc. (Exam expects you to identify from events/conditions).

NEW QUESTION # 18

Create a Placement that selects clusters in a ManagedClusterSet only

Answer:

Explanation:

See the solution below in Explanation.

Explanation:

- * Ensure namespace has the correct ManagedClusterSetBinding.
 - * Create placement in that namespace; only clusters visible via bound ClusterSet can be selected.
 - * Verify placementdecision includes only clusters from that set.
- This ties together ClusterSets (grouping) and Placement (selection).

NEW QUESTION # 19

Deploy GitOps Application (Subscription YAML)

Answer:

Explanation:

See the solution below in Explanation.

Explanation:

- * Apply the subscription/application manifest:
- * `oc apply -f application-subscription.yaml`
- * Confirm resources were created:
- * `oc get applications.app.k8s.io -A`
- * `oc get subscriptions.apps.open-cluster-management.io -A`
- * `oc describe application.app.k8s.io my-app -n < namespace >`
- * Watch placement/propagation (varies by model used in the lab):
- * `oc get placement -A`
- * `oc get placementrule -A`

Why this matters:

- * ACM "application" deployment commonly uses Subscription/Placement (legacy model) or newer Placement resources, enabling multi-cluster rollout from Git sources.

NEW QUESTION # 20

.....

We provide you with free demo to have a try before buying EX432 training materials, so that you can have a better understanding of what you are going to buy. If you are content with the EX432 exam dumps after trying, you just need to add them to your cart, and pay for them. You will get the downloading link within ten minutes. If you don't receive, just contact with us, we have professional stuff solve the problem for you. What's more, EX432 Training Materials contain both questions and answers, and it's convenient for you to check the answers after practicing.
