Our 712-50 Exam Questions will help you make it to pass the 712-50 exam and get the certification for sure.

EC-COUNCIL EC-Council Certified CISO (CCISO) Sample Questions (Q444-Q449):

NEW QUESTION # 444
The Annualized Loss Expectancy (Before) minus Annualized Loss Expectancy (After) minus Annual Safeguard Cost is the formula for determining:

- A. Cost Benefit Analysis
- B. Single Loss Expectancy
- C. Safeguard Value
- D. Life Cycle Loss Expectancy

Answer: A

NEW QUESTION # 445
As the Chief Information Security Officer, you are performing an assessment of security posture to understand what your Defense-in-Depth capabilities are. Which network security technology examines network traffic flows to detect and actively stop vulnerability exploits and attacks?

- A. Gigamon
- B. Intrusion Prevention System
- C. Port Security
- D. Anti-virus

Answer: B

Explanation:
* Intrusion Prevention System (IPS):
* An IPS is a network security technology that examines traffic flows for suspicious activities and proactively blocks potential threats.
* Operates inline with network traffic, ensuring real-time protection against exploits.
* Key Features of IPS:
* Detects and blocks vulnerability exploits, DoS attacks, and malicious payloads.
* Provides logs and alerts for security incidents.
* Why Not Other Options:
* Gigamon: Focuses on network visibility and traffic monitoring, not active threat prevention.
* Port Security: Restricts device connections to specific ports but doesn't inspect traffic.
* Anti-virus: Protects against malware at the host level, not network-based exploits.

NEW QUESTION # 446
An organization has a stated requirement to block certain traffic on networks. The implementation of controls will disrupt a manufacturing process and cause unacceptable delays, resulting in sever revenue disruptions.
Which of the following is MOST likely to be responsible for accepting the risk until mitigating controls can be implemented?

- A. Audit and Compliance
- B. The business owner
- C. The CISO
- D. The CFO

Answer: B

NEW QUESTION # 447
An international organization is planning a project to implement encryption technologies to protect company confidential information. This organization has data centers on three continents.
Which of the following would be considered a MAJOR constraint for the project?

- A. Encryption import/export regulations
- B. Compliance to local hiring laws
- C. Local customer privacy laws
- D. Time zone differences

Answer: A

NEW QUESTION # 448

Your company has limited resources to spend on security initiatives. The Chief Financial Officer asks you to prioritize the protection of information resources based on their value to the company. It is essential that you be able to communicate in language that your fellow executives will understand. You should:

- A. Create timelines for mitigation
- B. Develop a cost-benefit analysis
- C. Create a detailed technical executive summary
- D. Calculate annual loss expectancy

Answer: B

Explanation:
When communicating security priorities in business terms, a cost-benefit analysis helps explain the value of information resources and justifies security expenditures effectively to executives.
* Understanding Executive Priorities:
* Executives focus on return on investment (ROI), cost efficiency, and alignment with business goals.
* Cost-Benefit Analysis:
* Quantifies the benefits of protecting an asset versus the cost of implementing controls.
* Provides actionable insights for decision-makers.
* Relevance of Other Options:
* Timelines and Executive Summaries do not provide the needed financial justification.
* Annual Loss Expectancy (ALE) is a metric but less comprehensive than a full cost-benefit analysis.
* Strategic Alignment: Emphasizes cost-benefit analysis for aligning security initiatives with business value.
* Risk Assessment and Prioritization: Stresses the need to communicate security impact in financial terms to executives.

NEW QUESTION # 449

......

EC-COUNCIL 712-50 pdf dumps format contains actual 712-50 exam questions. With EC-COUNCIL 712-50 pdf questions you don't have to spend a lot of time on EC-Council Certified CISO (CCISO) Networking Solutions 712-50 exam preparation. You just go through and memorize these real 712-50 exam questions. BootcampPDF has designed this set of valid EC-COUNCIL Exam Questions with the assistance of highly qualified professionals. Preparing with these 712-50 Exam Questions is enough to get success on the first try. However, this format of BootcampPDF 712-50 exam preparation material is best for those who are too much busy in their life and don't have enough time to prepare for EC-COUNCIL 712-50 exam.
