Salesforce Certified Experience Cloud Consultant Sample Questions (Q131-Q136):

NEW QUESTION # 131

No More Homelessness (NMH) recently launched a public site. The Support team has received feedback that some of the articles aren't showing up in the search results for unauthenticated or guest users.

How can NMH ensure that articles are shared with all guest users?

- A. Select "Visible in Public Knowledge Base" at the article level.
- B. Create a custom permission set for Public access.
- C. Select "Public" organization-wide default for the article type at the org level.
- D. Create a custom profile for Public access.

Answer: A

Explanation:

To dynamically populate the site with blog posts as new ones are added, CK should use a Grid component with CMS Collections. A Grid component is a component that displays content in a grid layout with rows and columns. A CMS Collection is a collection of content items that are created and managed in Salesforce CMS.

CK can use a Grid component and select a CMS Collection as the content source. This will allow CK to showcase blog posts written by AW Computing thought leaders on its site and automatically update them as new ones are added.

NEW QUESTION # 132

How can records owned by Customer Community users be shared with internal users?

- A. Create a Share Group for a Customer Community profile that is not associated with a Sharing Set.
- B. Create an owner-based sharing rule to share records owned by a Customer Community role with all internal users.
- C. Use the standard is Owned By External User checkbox on records to create a criteria-based sharing rule to share records owned by Customer Community users with all internal users.
- D. Create a Sharing Set that includes a Customer Community profile and create a Share Group for the Sharing Set.

Answer: B

Explanation:

The administrator should create a digital experience for agents and share the URL with employees. A digital experience is a branded online destination that allows you to connect with your customers, partners, or employees. By creating a digital experience for agents, the administrator can provide them with a portal where they can view Knowledge articles and chat live with a support agent. By sharing the URL with employees, the administrator can allow them to access the digital experience as well.

NEW QUESTION # 133

DreamHouse Realty (DR) is switching to a franchise-based business model in order to grow its market share.

Franchises as well as properly appraised at DR, will immediate access to a real estate opportunity in their area as soon, as it crosses a threshold.

What should the Experience Cloud consultant recommend for record sharing?

- A. Sharing Set
- B. Account Hierarchy
- C. Apex sharing
- D. Sharing Rule

Answer: D

Explanation:

To share records with partners who will work on low-severity B2C customer issues, DR should use sharing rules. Sharing rules allow you to extend sharing access to users in public groups, roles, or territories. You can use sharing rules to share records owned

by internal users with partners based on criteria such as record type, field value, or ownership.
